## **A Mighty Year of Action**

Lantos:

Greetings Dear Ones,

We welcome with Celebration the Entry into this New Year. The Unfoldment of Time is recognized and Celebrated as the Bringer of Light. Greater Light Emerges as Time Unfolds. Yes, it is a welcomed New Year.

We are Structuring in this year our Beloved Global Network of the Light of Genesis. This is the Structuring of the Greatest Light for All. This is the Structuring of the Platform for the Arrival of the New Form—the Mighty Great Star of Genesis—the Form for the Era of Eternal Light.

Dear Ambassadors of Action, this is a year of Illumined Action, a year of the Highest Path of Action, Action leading directly to the Structuring of this Blessed Global Network of Radiance—Beams of Star Light Uplifting every Individual on every continent. This is truly a Sublime Gift to the World.

It is a Gift of Life in a Full Form of Expression—Life Upheld by a Great New Form, a Great Universal Form. As this Form takes its Seat as the Radiant Form of Eternal Light, it is a Brilliant Light. This is the Celebration of the Brilliant Light.

On an Individual Level, we Awaken this Brilliant Light through the Generation of Genesis Fusion. Generating the Experience of Genesis Fusion is that Method of Igniting the Source of Universal Energy on the Level of the Individual. This is the Blessed Experience which comes through the performance of the Precious Technique of the Holy Season. It is the Awakening of the Source of Universal Energy on the Level of the Individual, on the basis of the Individual Structure Supported by the Physical Structure. The Individual receives the Influence of this Great Universal Source of Energy.

This Energy is located Within the Core—this is the Source, this is the Location of the Source. The Source is Located Within the Core, just as the Seed is Located Within the Fruit. This, Dear Masters of the Art of Creating, this is a Mighty Year of Action.

For this we welcome the Ability of the Signal Star. We welcome the Guidance and Direction offered in fine tuning the Course of Action. Our Direction is Clear. The Action is for the Purpose of Structuring the Global Network of the Light of Genesis for All—Chambers of Eternal Light placed in Accord with the requirements of the lands and waters, placed in Accord with the Structure of Memory of Earth.

Our present Phase of Action is for the removal of the pockets of the heaviest residue, the locations which generate disturbance and disruption in the Development of the Mighty Web-Work of Light.

For the Accomplishment of this Phase, we will Receive a Great Blessing. It is a Blessing of Knowledge. Knowledge comes when it is needed; Knowledge Arrives when the time arrives for its use. The time is now for the Accomplishment of this Precious Phase. It is through this Phase that the disturbances are removed, the interference is removed— Interference to the Beams of Connecting Light spreading across the Globe. Through the Elimination of these Disturbances Great Light will be immediately Experienced, Great Upliftment will be felt. We will offer this Knowledge in this first quarter.

Well begun, this is our Path, well begun. This New Year is well begun. Dear Ones, well begun.

Let us Experience our Technique of the Holy Season now. We ring the Bell. We Issue the Intent of the Signal Cell and select the Proper BioTrinity. Then, we will proceed with the three steps of this Technique, ending with our step of Creating the Vast Source of Universal Energy.

Very good, well begun, well done.

Many Blessings.

## **Signal Star Cells Offer Knowledge**

Lantos:

Greetings Dear Ones,

We continue in this New Year with our Focused Course of Action, our Path of Action leading to our Goal of the Accomplishment of the Global Network of the Light of Genesis—the Structure to Serve as the Platform for the Emergence of the Blessed New Form, the Mighty Great Star of Genesis. This is our Path, this is our Focus. We are fine-tuning our Actions. We are increasing our Aim in Targeting Illumined Action. Illumined Action is that Action which leads most directly, most rapidly, and most smoothly to the Goal.

We are in a phase of removal of the residues, the deepest deposits of memory of past action. These deposits generate interference in the Network of Light established by the Placement of Chambers of Eternal Light in the lands and waters of Earth.

For Maximum Effectiveness, Maximum Results these deposits must be removed. These residues must be directly Influenced by the Presence of the Reflection of the Great Star of Genesis—the Beloved Chamber of Eternal Light. Chambers of Eternal Light positioned in these locations of residue will remove the blockages, remove the disturbances from the Network of Radiant Beams of Star Light which are Forming across the Earth with the increasing numbers of Beloved Star Chambers. Yes, this is our Focus.

Dear Ambassadors of Action, Action is Guided by Knowledge. Our Blessed Signal Star Cells offer Knowledge, Knowledge for a Specific Direction. We have begun the practice of the use of this Precious Tool of the Light of Genesis in our Training Course. Continued practice will bring about Great Results.

We may continue our practice with these Precious Tools in our daily lives. We may apply the Knowledge to Fine Tune our Action in our day-to-day Existence and Actions. Greater Experience will bring Clear Results.

In the beginning days the Signals may be a little uncertain—sometimes clear, sometimes less clear. With some practice with this Blessed Tool, we will find the Results Increasing in Clarity. Each day, practice with this simple, yet Effective Tool.

We may continue in our performance of the Technique of the Holy Season. This Technique Vitalizes the Physical Structure with the Energy of the Source—Genesis Fusion—the Source of the Universal Energy.

Each day we will select the specific BioTrinity for the third segment of this Technique. The third segment offers Guidance and Blessings in Life, Strengthening the Core Energy—the Light of Sublime Energy. Knowledge Guides Action, Knowledge Arrives when it is Needed.

We are in a very Significant Stage of our program to Generate this Global Structure of Light. For this Stage of Action, New Knowledge is Required, New Knowledge will be Brought Forth. In the coming days, we will describe this Program of New Knowledge.

Now, we will, together, Sound the Bell of Victory, the Bell of Awakening, and we will begin our performance of the Technique of the Holy Season.

It is very good, very good.

Many Blessings.

## **Knowledge Structures the Platform for Action**

Lantos:

Greetings Dear Ones,

Knowledge Structures the Platform for Action. This is very interesting; this is very interesting. It is a very Interesting Point. Very good, very good.

Knowledge Creates a Platform; Knowledge Creates a Structure which Draws to it Action, the Certain Specific Action. It is not a random thing. It is a very Certain Sort of Action, which Travels in the Direction of a Specific Set of Knowledge.

Knowledge Draws around it the Means; Knowledge is a very Attractive Force. It is a Magnetic Force, Attracting to Itself certain types of objects. Yes.

Knowledge Sends out a Signal, it Signals the Environment to Issue Forth a Specific Influence. The Signal gathers to Itself the Means for Its Benefit, for Its Accomplishment. This is the reason that Knowledge comes when it is Needed.

The Arrival of Knowledge Signals the Arrival of Coming New Influences. Through Service in Structuring the Global Network of the Light of Genesis, we are Creating the Platform to Draw Forth the Mighty Presence of the Great Star of Genesis. One Environment Draws the certain Guest.

Knowledge Generates the Influence to Bring Action, Bring about Results. What is required at this time is very Specific Knowledge—that Knowledge Specific for the Individual, Knowledge Specific to each Ambassador of the Light of Genesis.

We will Bring Forth this Mighty Knowledge. Very good, very good.

Cindy:

And then Lantos paused for quite some time, and then he continued,

Lantos:

You are experiencing good Effects with the practice of the Signal Cells?

Cindy:

And, I answered to him that yes, I guess that, I believe that everybody is practicing with their Signal Cells and that there seems to be very good experiences. And he said,

Lantos:

This Tool will Signal the Best Path, the Highest Path of Action. The Signal Cell of Genesis will Signal the Path of Illumined Action. Very good.

Now, let us sit with our Technique for the Holy Season. A few minutes each day to Generate the Vast Core Energy, the Source of Universal Energy. Very good.

Let us ring the Bell.

Many Blessings.

## **The Year of the Great Tour of the Pearl of Star Light**

Lantos:

Greetings Dear Ones,

It is a Great Star, a Great and Mighty Star, a Beautiful Form. The Arrival of this Form is the Goal. The Emergence of this Form for the Whole of the Earth, this is the Goal. With this Beloved Mighty Great Star of Genesis comes Great Change. This is our Purpose, this is our Goal.

The Intent of our Focus, the Intent of our Action is the Accomplishment of this Goal. The Steps are Clear, the Path is Clear. We are Establishing the Blessed Points of Light across the lands of Earth—the Blessed Reflections of the Great Star of Genesis, the Blessed Star Chambers.

Now, at this time, we Act to Establish the Blessed Chambers in the locations of the deepest residues. Residues: remains of the influence of action of the past. It is necessary to position these Chambers of Star Light and release these residues from the structure of the lands and waters of the Earth.

We have identified these locations of deepest residue. We have identified these locations for each continent. At this time, we Act. We Act to Achieve this Significant Stage in the Formation of our Beloved Global Structure of Star Light.

Dear Ambassadors, Ambassadors of Star Light, we announce today the Movement to Place the Required Star Light Chambers in the locations of deep global residue. This is the Movement to Accomplish this most Significant Phase of Action in our Path to Establish the Global Network of the Light of Genesis.

This Movement is just that—Movement. It is a Global Tour, a Tour which will land on every continent to Bring Forth Knowledge, to Bring Forth Light—Light to every continent as well as the Removal of the Residues for the Earth.

We will meet individually with each of our Beloved Ambassadors of Light, each Individually, to Offer the Pearl of Knowledge, a Pearl of Star Light. We will instruct individually on each continent. We will meet with our Blessed Ambassadors one by one, Igniting a Ray of Star Light, a Pearl of Star Light within each Blessed Ambassador.

You are Ambassadors, Bringers of the Light. This is the Tour of the Pearl of Star Light. This Tour will commence in one month's time and will continue for three months, until every continent has received the Blessings of the Upliftment of each Ambassador and the Placement of the Chambers of Eternal Light in the locations of the residues. This is our Schedule for Action. This is our Schedule for this Movement of the Pearl of Star Light.

We will select Specific Cities on each continent. This Tour will Offer the Pearls of Knowledge to Ambassadors from the Seats of Light within each continent—those cities which presently house the greatest numbers of Chambers of Eternal Light.

Let us make a list, let us see a map of these Cities of Light. From these locations we will Deliver the Individual Instruction to each of our Blessed Ambassadors of the Light of Genesis. We will Deliver a Precious Pearl of Knowledge, a Pearl of Star Light, into the hands of our Dear Ambassadors, Igniting in each the Light of the Great Star.

As this Tour Moves, as we progress, continent by continent, the Light for the Earth Increases Dramatically. Not only are we Increasing the Light, we are removing the deepest residues.

In this Global Tour we will Accomplish our Present Phase of the Removal of Residues. We will Accomplish our Present Phase of Action for the Construction of the Global Network of the Light of Genesis. Yes. Very good.

Let us have the map for the Cities of Light to consider for our Global Tour of the Pearl of Star Light. This is very good, it is very good, it is Sublime.

Again, let us Perform our Blessed Technique of the Holy Season, the Technique to Ignite the Source of Energy of the Universe. This is the Year of Action, the Year of Movement, the Year of the Great Tour of the Pearl of Star Light. Beautiful.

Let us ring the Bell for our Blessed Day of the Global Tour.

Many Blessings.

## **A Pearl of Knowledge**

Lantos:

Greetings Dear Ones,

A Pearl of Knowledge, a Precious Pearl of Pure Light, Star Light—this is the Individual Unit of the Mighty New Form. To each Blessed Ambassador we will Deliver the Precious Unit of Star Light.

We are scheduling a Tour to commence in one month's time to bring to each Blessed Ambassador the Individual Pearl of Star Light. This requires Individual Instruction, Personal Instruction.

We will give to each Individual a Blessed New Tool. This Tool is a Master Tool; it is the Pearl of Star Light. Along with this Pearl of Substance, we will Impart the Pearl of Knowledge. This is a Personalized Instruction which will be Delivered to each Blessed Ambassador by our Radiant Voice of the Light of Genesis. You will Present the Instructions to each Ambassador as you Receive these few words of Sublime Light.

We are bringing to every continent the Radiant Light and, one by one, we are Bestowing the Precious Pearls of Star Light to Illumine the Heart and being of each of our Dear Ambassadors with the Radiance of the Mighty New Form, the Supreme Radiance of the Great Star of Genesis.

Let us hear the list of the cities of greatest numbers of Chambers of Eternal Light. To these cities we will travel, bringing to all the Precious individual Pearl of Knowledge, the Precious Pearl of Star Light.

Cindy:

And, at that time, I read to Lantos off of our list of the cities with the greatest numbers of Chambers of Eternal Light worldwide, continent by continent. And he listened to every detail on this list, every single detail he was interested in. And, even after I was done, he continued to pause for a long time, and then he said,

Lantos:

Very good, very good. We will begin on the western coast of the North America. We will visit these locations, we will travel to the mid-section of the continent, and then to the eastern zone—three or four cities in each zone, 10 or 12 cities in North America. The Tour of the Pearl of Star Light will then enter the continent of the east. We will visit three cities in Asia, three in Europe.

Cindy:

And, then he paused again and, he just paused for a very long time. And I asked him, “Will this Tour be going to the other continents—Africa, South American and Australia? And he said,

Lantos:

Yes, we will also Deliver the Pearl of Star Light to our South America, Africa and Australia. Now Blessed Continental Coordinators, we will ask your assistance and organization for the Placement of the Chambers of Eternal Light in the locations of deepest residue for your continent.

This Blessed Tour will Accomplish Great Light for the Whole of the World and we will see the Accomplishment of our Present Phase of the Global Network of the Light of Genesis.

Cindy:

And then he paused again, and he continued, saying,

Lantos:

There is a need for a handful of supporters, a few individuals who may serve to sponsor and support a range of these activities. Within a few short months we will see the Great Global Results. The lifting of the residues will release the lands of the heavy burden, allowing the Dynamic Web-Work of Star Light to Shine with Great Brilliance, anchored by each great city of many Chambers—the Great Cities of Light in all parts of the World, Pure Reflections of the Great Star of Genesis based on every continent. In this way, Blessed Masters, we will begin to witness the Global Effects of this Great Network of the Light of Genesis.

We will close our discussion for today. At this time we will formulate a Tour schedule. Dear Ambassadors, we will meet again tomorrow to provide additional, detailed information.

Many Blessings.

## **Our Focus is for Each Continent**

Lantos:

Greetings Dear Ones,

Continent by continent—our focus is for each continent—continent by continent. For our Blessed Ambassadors it is like the consideration of one limb of the body and another. Each limb has a Specific Purpose, a Specific Role to Play; all are Significant in the Total Experience of Life. Each Continent is Significant to the Experience to Life lived from any location. The Quality of the lands in any part of the Earth will Affect the Experience of Life in all parts.

As Ambassadors of the Light this means that Light must be Illumined in all Parts. We do not dispense of the Significance of the removal of residues on account of distance. These residues affect the Quality of Life for All, specifically for those nearer to the location of the residue, but also, in a more general manner, for those at a Greater distance.

Whether the Effect is Specific or General, the Effect is Present. When one Limb is weak, all Limbs Feel the Effect, all Limbs Center around the Heart. When a Limb Suffers, the Heart Suffers and all other Limbs Function in a Limited Capacity. The Strength of One is Shared by All. The Residues of Each are, likewise, Shared by All.

Our Beloved Chambers of Eternal Light are the Messengers of the Heart. The Quality of the Heart is Universal. The Heart Delivers Life to All—All Limbs, All Parts. Our Beloved Chambers of Eternal Light bring the Brilliant Light of the Mighty Great Star to Uplift all Parts—all lands, all waters of the Earth.

A single Chamber of Eternal Light Emits a Mighty Beam of Star Light and these Beams stretch across the Vast Globe. A Single Chamber of Eternal Light Spreads across oceans and continents, reaching Millions of Individuals, Purifying, Uplifting, Connecting with Other Beams to Form Our Beloved Web-Work—the Global Network of the Light of Genesis. Yes, yes.

Knowledge Arrives when it is Needed. The Blessed Pearl of Knowledge Rises Up, the Blessed Pearl Rises at this Specific Time for Fulfillment. We are designing the Global Tour of the Blessed Pearl of Star Light to Offer this Precious Knowledge to our Ambassadors on every continent, in the major Cities of Light.

This Pearl is Delivered to each Individual through Personal Instruction—the Personal Instruction, along with the Blessed Master Tool, Delivered by the Voice of the Light of Genesis. One by one the Precious Pearls of Star Light are Bestowed, Illumining the Hearts with this Supreme Light.

Let us hear now the details of the Blessed Tour. We will begin this activity within one month's time, arriving in all parts of the World, within the coming few months.

Dear Ones, it will be very good even if the location of instruction is some distance. It will be very good to take this opportunity to Receive this Precious Pearl as it makes its way across the continents and oceans of Earth. Yes.

Let us hear now the present details for this Blessed Tour of the Pearl of Star Light.

Many Blessings.

## **A Glow is Beginning to Form**

Lantos:

Greetings Dear Ones,

We are Constructing a Blessed Framework of Light, Strand by Strand. This is the Assembling of a Great Structure. We begin with the Proper Tools—the Blessed Chamber of Eternal Light. This Blessed Device is a Pure Reflection of the Great Universal Energy of a Blessed Great Star of Light. It is the Star of the Light of Genesis.

This is the name we give to identify this Mighty Star. Just as names are given to identify the great stars one by one, this name is given to this Great Star Whose Light has Arrived in the Form of the Blessed Chambers of Eternal Light. Through the Structuring of the Blessed Global Framework of Connecting Light Beams—Beams of Radiant Star Light—we are Establishing the Required Conditions for the Arrival of the Full Form of this Great Star.

When one thinks of an arrival of a great object, such as this Mighty Star, one may imagine the large ball of burning energy speeding through the Galaxies on its way to the destination—our Blessed Earth. This is not the case; this is not the means of arrival. It is not the means of travel.

When we say we are Assembling a Platform, a Blessed Framework, we may as easily say that we are Assembling a Mighty Magnet, for it is much more on the Scale of an Energy, an Energy which is solidly being Formed through the One by One Additions of these Radiant Devices of Light. One by One the Blessed Chambers of Eternal Light are adding to the Crisscrossing Beams which Span across the lands and waters. One by One the deep residues are removed and the Light Shines with Greater Clarity.

A Glow is beginning to Form, a Glow. We will discuss the Nature of this Glow further at a future time. The Glow Produces the Influence of Attraction. Attraction of the Great Force of Universal Energy we know by the name: Great Star of Genesis.

It is not a matter of traveling through the Universe in that sense. This is not the method of arrival. The Arrival of this Mighty Great Star comes out of the Field of Energy. It Emerges out of the Structure of Energy already Present. If this Energy would not be Present, there would be no chance to Draw it Forth.

The Earth has Experienced a Great Transformation. This is the Shifting of the Structure of Energy from the old to the New. Transformation is from old to New, from the previous to the Coming. This Shift has prepared the Earth, equipped the Earth with the Materials necessary for the coming Era. That which remains to be Accomplished is the Drawing Forth of the New Form, the Form which will take over the Role of the Basic Structure of Life and Existence on Earth. The old is replaced by the New. That which is

required is the Assembling of the Platform, the Radiant Structure into which this Mighty Form may Enter.

We Possess the Knowledge and the Tools. Now it is left for us to Act. Our Role is the Action required for the Assembly of this Great Global Network of the Light of Genesis. This is the Platform into which the Blessed Mighty Star may Enter, as the Form for the Era of Eternal Light. Yes, yes.

We are now embarking upon the Tour to Ignite the Points of Light and dispel the residues. With Bursting Radiance the Cities of Light will Support the Offering of the Blessed Pearl of Knowledge, the Pearl of Star Light for each Individual.

Dear Ambassadors, take this Great Opportunity to Receive the Blessings which are Surfacing at this Point in the Blessed Structure of Time. This is a Tour of Light, a Tour of the Pearl of Star Light.

It is very good, very good, very good.

Many Blessings.

## **The Path of the Pearl of Knowledge**

Lantos:

Greetings Dear Ones,

Knowledge moves mountains. Knowledge is a Power which knows only Victory. There is no Defeat to the Mighty Universal Knowledge. It is a Great Ally, a Support for all instances in Life. This Tool, this Great Master Tool of Knowledge, is the Force to bring about the Change. It is the Force of Knowledge, the Force of Light, which Penetrates Deep into the Structure.

We are preparing the Way for the Light of Knowledge. This Blessed Light of Knowledge will proceed along a Set Path. This, Dear Ones, this is the Path of the Pearl of Knowledge. We are making the preparations, the details for the Blessed Tour of the Pearl of Star Light.

In each City of Light the Pearl will be Offered Directly, Individually, to our Blessed Masters. In each City the Words will be Issued, Words of Knowledge—a Pearl of Star Light. In each City a Course will also be conducted—a Course to review the instructions in the use of the Blessed Tools and Techniques of the Light of Genesis. This Course will assist our Blessed Masters. Every continent, like this for every continent.

Let us practice the Blessed Technique of the Holy Season again now, together. We will begin with the Sounding of the Bell of Victory. The Sound Awakens the Environment, Inviting the Blessed Beings of Light.

This is the Great Year of Action, the Blessed Year of the Tour of the Pearl of Star Light.

Following this Technique, in a few minutes, let us hear from our Tour Coordinator. Let us hear the reports of the Cities and the dates. Let us hear the Path of Locations for each continent, such that we may gather together all of our Blessed Masters along this Path of the Pearl of Star Light—the Path of the Great Star of Genesis.

Very good, very good.

## **The Birth of a Luminous Pearl**

Lantos:

Greetings Dear Ones,

Out of the sea of turbulence Emerges a Perfect Form, a Perfect Structure. From Within the Waves and rough waters a Luminous Structure is Formed. This Structure is Formed for the promotion of Purity. It is Formed for the removal of a residue. This is the Birth of a Luminous Pearl.

Dear Ambassadors, in this way Progress is Maintained. Out of Need the answer Arises. Knowledge comes Forth to Fulfill the Call of the Time—Knowledge, the Luminous Pearl of Knowledge.

A few words Issued with the Light of Knowledge, a few words Presented at the Proper Time. These Words are Issued; these Words are Spoken and are Received by the student. This is the Process of the Delivery of Knowledge.

This Process Carries the Blessings of the Great Universal Beings of Light. The Great Universal Beings of Light are Drawn to this Process of the Emergence of Light and the Delivery of the Pearl. It is a Blessed Knowledge, the Great Light of Knowledge.

The Instruction Draws the Blessings and Presence of the Great Beings of Light. The individual, the student, is Open to Receive this Precious Gift. The Teacher Delivers the few Words, a few Words spoken. This is the manner of the Transference of this Blessed Luminous Pearl—Individual Instruction, Personal Instruction.

This Beloved Process carries Great Blessings. The Process of Issuing of a Pearl comes with the Blessings of the Presence of Great Light for the student and for the environment. It is a Great Surprise. Such a Light may come as a Great Surprise, just as amazement comes to the individual at the opening of the rough, dark shell, Revealing the Precious, Luminous Structure of the Pearl. The Experience comes with Amazement. It is a Great Awakening. It is Beautiful, Beautiful.

In these Cities of Light, the Pearl will be Offered to our Blessed Ambassadors. We are approaching the Commencement of the Tour. The Tour will carry the Pearl out to many cities across the lands, cities on every continent. It is a Tour to bring the Radiance of the Pearl of Star Light to our Blessed Ambassadors around the World. We have a World Vision, it is a Vision to Establish the Global Network of the Light of Genesis. This is the Platform, the Web-Work, the Framework Required to Bring Forth the Great Star of Genesis as the Form for the Era of Eternal Light. Yes. This is the Vision, this is our Mission.

It is a Mission to Establish the Great Light of this Mighty Star—the Star of Genesis for All. It will Serve as the Form for Earth. All Actions, all Life will be Conducted on the basis of the New Form. It marks the New Era, the Era of Eternal Light.

Beautiful. Very good.

Are there any questions?

Cindy:

And he paused at that time and I said, "I don't have any questions at this time: And he continued,

Lantos:

Very good, we will proceed.

Let us perform the Blessed Technique of the Holy Season, step-by-step, together now.

## **There is No Wall that can Prevent this Light from Entering**

Lantos:

Greetings Dear Ones,

The Arrival of the First Pearl of Star Light marks the Luminous beginning of the Tour of the Precious Pearl of Star Light. We will bring this Precious Pearl to the Ambassadors of Light in each City of Light on each continent, Weaving together the Threads of Star Light to Form the Web-Work of Light, spanning the Globe.

We will Generate a Great Influence in each of these Cities of Light. In each location, the Ambassadors will assemble—assemble to receive the Individual Instruction, assemble to receive the Group Instruction and Training offered—one or two days in each City of Light.

Our Beloved New Master Tool, the Precious Pearl of Star Light, this Precious Master Tool of Light Arises to Fulfill the Need of the Time. The Time is Now for the Accomplishment of the Phase of Action, the Phase of the Removal of Residues from the lands and waters of the Earth. The Blessed Light Generated by the Pearl Clears the Path for the rapid Fulfillment of the steps required to accomplish the Present Phase of Action.

Each Ambassador may participate in this Blessed Tour. Each Ambassador may receive a Sublime Pearl. We have organized the schedule for each town, each city. One by one we will meet with each Ambassador to deliver the Individual Pearl of Knowledge.

This Pearl, this Master Tool and the Pearl of Knowledge together are of Two Realms—the Realm of the Physical and also the Realm of the Divine. At once the Function is Simultaneously Felt on Both Levels—Material and Divine, Physical and Divine.

This is the Great Awakening, the Great Surprise, which comes with the blessed day of instruction. The Timing is Precise, the Tour is Precisely Timed and Precisely Located, moving from city to city, Spreading the Precious, Luminous Influence and removing the residues as the Tour makes its way across the continents.

The Blessed Force of Star Light will Shine Brighter and Brighter as each location of residue is addressed. One by one the Blessed Chambers of Eternal Light turn night into day, Emitting the Radiance and Beams of Star Light. One by one the Global Network of the Light of Genesis Forms the Platform for the Mighty Great Star of Genesis—the Form for the Era of Eternal Light.

The Role of the Blessed Ambassador is, at once, the Servant and the King. Our Blessed Ambassadors fill the Role of the Master and Director of Great Light, and at the same time, are the Humble Servants of the Mighty Course of Time during this Blessed Shift from the old to the New. Like one Great Universal Form, the many individual hands of Light Spread the Precious Tools of Light in a coordinated manner. In this way a Deep

Connection is Formed between the Ambassadors Globally, together functioning to Structure and Bring Forth this Blessed Great Star of Genesis.

The distances become insignificant—one hand moving in Asia is felt by all those Dear Ambassadors in America. The Web may Move in one corner, but this tiny movement will Influence the Entire Structure of the Web. As the Strands of Web-Work Expand, the Influence becomes more and more apparent on the Surface of Life.

More and more all Actions become Supported by the Luminous Rays of Star Light which Spread in the Beautiful Structure around the Planet and Extend even Beyond. There is no wall which can prevent this Light from Entering. This Light Shines with a Brilliant Radiance.

Dear Ambassadors, make the time and arrange to visit the Cities of the Tour of the Pearl of Star Light. The Effects will be felt Always. It is an Action; it is one Action in Life which will be felt throughout Life and Beyond. This is the Year of Action, Illumined Action. Yes, yes.

Very good.

Many Blessings.

## **The Pearl is That Which is Found Deep Within**

Lantos:

Greetings Dear Ones,

Silence—first there is Silence; then something, some small thing, is Introduced. This is the Beginning. In this way, the Process of Creation begins.

In the Beginning there is Silence. Then, a Droplet breaks the surface of the Silent Pool and quite Automatically the Action Unfolds—the ripples Extend Outwards in All Directions around the Intent. The Creation Forms.

The Intent is the seed, the soil is the Silence. The fruit forms around the seed. The seed is the center of the fruit. The Intent is located always in the Heart of the Expression. The Expression Forms around the Intent. The Intent is found located Within the Stillness of the Heart. Yes, this is the Process of Formation of Expression, Formation of Creation. Yes.

Now, we look into the Precious Pearl, our Blessed Pearl of Star Light. The Pearl is that which is found Deep Within, and at the same time, it is the Complete Expression of that which Emerges as Fullness. You see? Yes?

Let us examine the Seed. It is a single Seed out of which Emerges the Fullness of the Tree and even in this Fullness of Expression, the Location of the Seed may be found Within the Layers of the Fruit. Found Within the Center of the Highest Form of Expression.

This is the Life, the Cycle of the Life. Out of the Almighty Sublime Source Emerges the Forms. Then, again, the Almighty Source is found Glowing Within the Heart of the Blessed Expression—Within the Heart, Within the Center.

A Precious Pearl Forms from a tiny Stir, a tiny Tickle—an Impulse. An Impulse Enters the Stillness and around this Impulse the Layers Form—Layer upon Layer Surrounding the tiny Impetus, the Intent. The Pearl Forms as a Glorified Expression of the Impulse Entering the Stillness. The Pearl Forms Layer by Layer.

Ah, the beauty of the Pearl. The beauty of the Pearl is so Great, such a Beautiful Expression. Yet, at the same time, the Precious Pearl takes us gently, Layer by Layer, from its Outer Glory to its Inner Realm of Luminous Origin—the Almighty Sublime Source of Creation—Layer by Luminous Layer. This is the Role of the Pearl—Awakening Light Layer by Layer Within the Individual.

An Individual is Formed Layer upon Layer. The Precious Pearl, so Luminous, so captivating, takes the Individual on a Journey, Layer by Layer, Awakening and Illumining these Layers of Life, these Layers of Expression—the Pearl of Star Light.

Like the Heart, the Precious Pearl is Simultaneously an Expression of the Physical Realm as well as the Luminous Realm of the Divine. The Beloved Master Tool—the Precious Pearl of Star Light.

## **A Beautiful Dew Drop of Light**

Lantos:

Greetings Dear Ones,

The Precious Pearl of Star Light—it is a Beautiful Dew Drop of Light which Purifies, Protects. The Precious Pearl of Star Light Emits the Luster and Radiance of the Beloved Almighty Source of Creation. The Luminous Radiance of the Almighty is Expressed in this Dew Drop, this Pearl of Star Light. This Precious Pearl Absorbs and Transforms the Residue of Past Influence Within the Structure of the Individual.

We will Access All Layers of Life through this Precious Pearl of Knowledge—Access to the Physical Layer, Access to the Mental, Emotional and Spiritual Layers of Life. The Precious Pearl Purifies—Purifies, Protects, Radiates the Pure Essence of Star Light. It is a Droplet of Star Light, a Radiant Pearl of Star Light.

We are Commencing the Action, Action for the Achievement of the Global Network of the Light of Genesis, Action for the Phase to remove the residues which remain within the lands and waters of Earth, Eliminating the Disruptions in the Connecting Beams of Star Light which Span the Continents.

We are Strengthening the Structure while, at the same time, we are Removing the Interferences. We are Removing the Factors which Disrupt. We are ridding the lands of the Burden of the Influence of Past Action, Previous Influences laid down on the Structure of each Continent of Earth.

This is the Tour of the Pearl of Star Light. It is a Beautiful Accomplishment—the Commencement of this Momentous Tour of Light. We will meet with many Blessed Ambassadors of Light on each continent, Offering the Pearl of Knowledge, the Pearl of Star Light, in each City of Light.

The Commencement of a Journey Carries Great Significance for the Unfoldment and Development. The Conditions at the outset Propel the Action Forward. The Path is Set by the Initial Conditions, and these Conditions Direct the Unfoldment of the Achievement and the Arrival at the Goal. The Commencement is an occasion for Great Celebration just as the Completion is Accompanied by Great Celebration, Great Commemoration. At this time of Commencement we gain a View of the Totality, a View of Fullness of the Path ahead.

Let us hear from our Beloved Director of the Light of Genesis as to this Vision of Fullness. Yes, it is very good. In this way we begin--Fullness. We will then perform the Blessed Technique of the Holy Season, the Blessed Technique of the Holy Season following these Words of Fullness from our Blessed Director.

Very good, very good, very good.

Many Blessings.

## **The Earth's New Form in the Era of Eternal Light**

Lantos:

Greetings,

We are Blessed on this day to enjoy the Expanding Beams of Light—Star Light. The Beams which Stream across the lands and waters are Rays of the Mighty Great Star of Genesis, Rays of Brilliant Star Light.

A Great Star Casts a Light which may be seen from a vast distance. The Light Spreads Covering Great Lengths of Time, Great Lengths of Distance—millions of years, millions of miles. This is the Purity and Intensity of the Radiant Beams of Star Light. Through the Beloved Global Network of the Light of Genesis we are Forming a Web-Work of this Radiant Substance. The Substance is made of the Strands of Star Light, Streaming Rays of Star Light. We are Forming a Specific Pattern with these Strands of Precious Star Light. The Pattern is Set to Support with Greatest Efficiency the Arrival of the Blessed Mighty Great Star for the Earth's New Form in the Era of Eternal Light.

The Pattern Accomplishes the Requirements of the Removal of the Residues, as well as the Initiation of Great Centers of Concentrated Light in areas of dense population. The Web-Work Connects the Layers of Existence and Purifies the lands and oceans of the remains of action. Individual Chambers of Eternal Light issue forth a Brilliant Stream of Radiant Star Light, while Clusters, or groupings, of multiple Star Chambers give Rise to Spiraling Bands which Serve as the Framework for the Blessed Global Network.

We will be describing in further detail these Clusters of the Streams of Star Light and the Effects and Qualities of the Framework of the Web, the Global Web of Star Light. Through the efforts of each Ambassador we are Structuring the Beloved Global Network for the Emergence of the Blessed New Form for all. It is beautiful.

Many Blessings.

## **We Celebrate a Great Beginning**

Lantos:

Greetings Dear Ones,

We Celebrate a Great Beginning, a Beginning to our Global Tour of the Pearl of Star Light. In our Hub of Light, the Great City of Los Angeles, we congratulate our Blessed recipients of the Knowledge of the Pearl—the Pearl of Star Light.

It is with Great Success that our Blessed Ambassadors Received the First Luminous Pearls, the First Precious Pearls of Star Light. Yes.

With this Tour we are bringing the Precious Pearls to each Hub of Light in our Global Network for the Light of Genesis. We are bringing the Precious Pearl of Knowledge to our Initial Centers of Light, our Blessed Cities of Light which house the greatest numbers of Chambers of Eternal Light. These cities represent our Initial Centers of Light, our Hubs of Light. These Hubs will Serve as Connecting Centers for the Streaming Bands of Star Light, Centers within our Beloved Global Web-Work of Light. These Hubs of Light will Receive through this Tour the Great Fortune of the Arrival of the Pearl of Knowledge.

One by one the Pearl is Issued to each Blessed Ambassador of Star Light. The Effects of a single Chamber of Eternal Light are multiplied when there is a Collection or an Assembly of the Precious Chambers. In this way, there is a Clustering Effect. The Precious Clustering Effect Generates a Broader Influence, Greater than the Effects of each Individual Chamber. It is an Influence which Spreads, Casting the Glow of Radiance into the Atmosphere. In this environment, in the Environment Generated in our Hubs of Light, we offer this Exceptional Experience of Knowledge—Experience of the Light of the Precious Pearl.

Blessed Ambassadors of Star Light, each Precious Chamber of Eternal Light Issues Forth Streams of Light. The Collection of multiple Chambers in a close proximity is the Accumulation of many Individual Points of Light, Points of Light which Merge into a Beautiful, Glowing Assembly of Light. A Galaxy of Light is seen, both for its individual Points of Brilliant Light, but also, for the Overall Radiant Glow which is perceived by All. It is a Diffuse Glow, not a Clear Sparkling of each Individual Unit of Expression, but an Overall Glow whose Radiance Shines Brilliantly Illuminating the Great Range of Sky.

In this Atmosphere of Higher Levels of Radiance, we will Instruct our Blessed Ambassadors, Offering the Radiant Expression of Purity—the Precious Pearl of Star Light. We will see New Levels of Experience Arising from this Blessed Master Tool.

We are heralding the start of our Tour to each Hub of Light. Our Tour brings, to each city, a New Level of Knowledge, a New Level of Experience. We Celebrate the Great

Achievements of our Blessed participants in this first city of the Great Tour of the Pearl of Star Light. Yes, it is a time to enjoy the Expanding Radiance of Star Light. Yes.

Many Blessings.

### **It is a Single Offering, a Single Tour**

Lantos:

Greetings Dear Ones,

The Path is laid out ahead, the Path of Light of the Pearl. As we Introduce this Precious Light from City to City, from Hub of Light to Hub, we are at once Fulfilling Two Missions.

One, the Fulfillment of the Spread of this Precious Instruction to the hands of our Dear Ambassadors: the Precious Knowledge of the Pearl has Arrived at this particular time for the Great Blessings of these Precious few who are able to make the arrangements, make the journey, to Receive this Blessed Light. This Light Arrives to each Blessed Ambassador Directly from the Realm of Limitless Intelligence—the Realm of the Universal Forms of Creation—the Layer of Existence on which the Beloved Great Universal Beings of Light Exist in Form, in Structure—the Realm of the Highest Structural Forms of Existence. It is Directly from this Level, this Blessed Layer of Existence, that each Individual is considered—the Nature and Specific Structure of each Blessed Ambassador Receiving this Blessed Pearl, the Individual Nature is Considered.

In the Light of the Highest Vision, the Blessed Individual is Considered and the Specific Pearl is Offered. This Knowledge is Realized on this Highest Level of Form and Intelligence. It is from this Level of Great Universal Beings that the Pearl is Formed, a Pearl Specific to the Individual Structure of each Ambassador.

The Knowledge Arrives in the Presence of the Blessed Individual—the Individual Ambassador. The Blessed Ambassador must make the journey and arrive at one of these few locations Offering this Blessing. It is a Single Offering, a Single Tour. This Tour Arrives to Fulfill the Blessing upon each Ambassador, a Blessing of the Precious Pearl Offered in the Personal Presence and Spoken by the Blessed Voice, the Voice of the Light of Genesis. The Mission of this Tour is an Offering of a Supreme Blessing upon each Individual Receiving this Pearl.

The Mission is on an Individual Level, as well as, on a Global Level. The Global Direction is Set as we follow the Illumined Path of the Establishment of the Global Network of the Light of Genesis. It is a Global Creation of a Network of Light, a Web-Work of Light, which Supports the Arrival of the Mighty Great Star of Genesis. This is the Arrival of the New Form of Light. Yes.

Our Blessed Tour of the Pearl of Star Light is, at once, Offering Supreme Blessings to the Individual and, at the same time, the Pearl Spreads the Growth of the Chambers of

Eternal Light as Support is Received in each Location. Support is Critical for this Phase of Action.

We are currently in the Phase of the Removal of the Residues of Earth. This Phase will bring the Great Release of the Brilliance of Light as these Points of Disturbance are Removed. The Entire Network is Affected by the Existence of these areas of Resistance, areas which Disrupt the Streaming Connections of Star Light along the Pathway, encircling the Earth.

The Present Phase is a Critical Phase. It is a Great Assignment and a Great Blessing. Yes.

Very good.

Many Blessings.

## **With the Expansion of Light Comes Happiness**

Greetings Dear Ones,

With the Expansion of Light comes Happiness; Happiness is the Quality Associated with Light. Happiness is an Expression of Light. The Happiness experienced under the conditions of the previous Era were limited to the degree of Light present. With the Presence of the coming New Form, with the Arrival of the Beams of Brilliant Star Light, the Quality of Happiness will be Experienced in a Fullness that cannot be imagined or anticipated. It is a Fullness of Happiness, which Arises out of the Supreme Quality of Light. Happiness—it is a Beautiful Quality.

Blessed Masters of the Art of Creating, Happiness is a Value of Quality. Eternal Light is at the Basis of All Techniques of Creating: Quality, Dimension and Object. Ability is the Advancement of the Familiarity with the Experience of Eternal Light. With the Techniques of Ability the Knowledge, the Experience of the Nature of Eternal Light, is Realized. The Goal of Life is Fullness—Fullness of all Values, Mastery of all Aspects of Living, all Expressions of the Blessed Almighty Source. These Values of Expression--Happiness, Health, Success—these Values may be markers. We may Evaluate the Increase of the Light through the Rise of these Expressions Globally. Yes, yes.

Now, we are Engaged in our Steps of Illumined Action. We are Engaged in the Blessed Activities which will Structure the Global Network, the Platform, the Structure to Uphold the Presence of the Great Star of Genesis—the Coming Form for Earth, the Form for the Era of Eternal Light.

With this Form Comes Light, Immense Light—Light to Support the Highest Degrees of the Expressions of Life, the Highest Values of Expressions: Happiness, Ease of Accomplishment. ## **This Endowment is Blessed with the Task of the Engine**

Lantos:

Greetings Dear Ones,

Today Dear Ambassadors, we will discuss the Blessed Endowment of Eternal Light for Earth. We will discuss the Nature and Structure of the Radiant Receptacle for the Accomplishment of the Global Network of the Light of Genesis beginning with the rapid Achievement of our Current Phase of Action—the Phase of the removal of residues, removal of the remains of the impressions of past actions, past thoughts, past impulses which have led to the eruption of discord in locations around the Earth.

This is our Immediate Focus of Action. All Attention is Directed towards the Achievement of this Significant Goal—the Release of the Residues which Generate Interference in the Expressions of the Streams of Star Light which are Forming on every continent. These residues create disruption in the Connections of the Bands of Light Streaming across continents from Hub to Hub, from location to location.

Once these residues are removed from the lands the Web-Work will Form in its Interlocking Structure. A Network of Streams of Star Light will begin to take on the Qualities of the Blessed Framework of Light Forming the Final Structure of the Global Network, the Platform for the Emergence of the Great Star of Genesis.

This Current Phase is most Significant, most Critical to the Formation of the Beloved Global Network of the Light of Genesis. It is most Critical to the removal of the elements of interference which prevent the smooth and solid Formation of the Beloved Network of Star Light and; therefore, at this very Significant time, for this reason, we are Establishing this Radiant Receptacle—the Endowment of Eternal Light for Earth.

Dear Ambassadors, the Immediate Accomplishment of this Phase is our Aim. The Beloved Endowment will provide the Means for our Blessed Ambassadors to Offer Support for the Achievement of this Blessed Structure for Earth. It is an Endowment of Eternal Light for Earth Offering the Means for Structuring the Global Network of the Light of Genesis.

Let us hear news from our Blessed Coordinator of the Endowment of Eternal Light for Earth.

Cindy:

And then Lantos paused and I asked, is he referring to David, would he like to hear something from David, and he said,

Lantos:

We will hear news of the Structuring of this Blessed Radiant Receptacle.

Cindy:

And I mentioned to Lantos at that point that I believe that there's going to be a lot of the Forming of the Endowment taking place in the beginning of this coming week and that I didn't know if he would have much information yet to give to him just yet. And his answer is,

Lantos:

Very good. Then we will Allow this Structure to be Formed. The Purpose of the Endowment of Eternal Light for Earth shall be to Structure for the Earth the Means to Achieve the Platform, the Framework Required for the Emergence of the New Form for the Era of Eternal Light—the Mighty Great Star of Genesis. Yes.

This Endowment is Blessed with the Task of the Engine. This Blessed Radiant Receptacle is the Great Source of Energy, the Mighty Source of Fuel, the Supplier of Resources to Enable the Steps of Motion to Enable the Necessary Structuring of the Beloved Global Network of the Light of Genesis. The Heart is the Blessed Engine for the Body. The Heart Powers the Entire Structure. This Precious Receptacle Enables the Functioning for all limbs, all organs of the body. Do you see the Blessed Role? It is a most Sublime Structure. Dwelling Within this Structure is the Source, the Almighty Source. That Beloved Source of All is found located Within this Precious, Radiant Receptacle.

Dear Ones, this is a most Significant Formation of a Structure whose Role is for Success, the Successful Achievement of the Great Structuring of Light for Earth. Yes. The Role of the Blessed Radiant Receptacle is the Role of the Heart to Support and Enable all Expressions of Activity, Giving Rise to the Arrival of the Great Star of Genesis.

The Blessed Endowment will Focus on the Immediate Acquisition of the Resources to Support the Second Phase of Action of the Global Network of the Light of Genesis. After this has been Accomplished, the Focus will turn to the Achievement of the Third Phase of Action—the Final Phase of the Expansion of the Web-Work of Light, covering all areas of the land and waters of Earth.

For our Second Phase the Time is Now. For our Third Phase we will encourage the Support of this Blessed, Radiant Receptacle to come from all continents. Our Blessed Ambassadors of Light on every continent may offer Support for this Final Phase of Structuring of the Global Network of the Light of Genesis. This Support for the Final Phase will come from many Channels, many Locations.

The Blessed Directors of this Endowment will organize the Means for the Promotion of this Support. The Beloved Directors of the Endowment of Eternal Light for Earth shall Organize Events, Coordinate Events and Gatherings in our Precious Hubs of Light around the World. Here and there our Directors will Organize these Events, raising Support for the Third and Final Phase of this Beloved Global Action to Bring Forth the Great Star of Genesis. Yes. This is the Year of Action—Great Action, Great Levels of Progress will be Achieved. Very good, very good.

The Blessed Endowment of Eternal Light for Earth shall Emerge in the coming days.

This is a nonprofit corporation—it is separate from BioGenesis—that is going to house the resources to place the Chambers of Eternal Light around the World.

What Lantos said about this Endowment is that it is a Beautiful Structure which will direct the Location of Placement, the Order of Positioning and the Maintenance of All Chambers of Eternal Light Worldwide.

The Blessed Radiant Receptacle shall be the Heart of the Global Network of the Light of Genesis Capable of Giving Life, Energy and Ability to the hands and legs of Action, the Energy to Propel Earth Forward into the New Era Supported by the Mighty Form of the Great Star of Genesis. Greetings Dear Ones,

Our Blessed Tour of the Pearl of Star Light Awakens the Radiant Light, that Level of Light which Supports the Presence of the Beloved Great Universal Beings of Light. That Level of Existence which Supports the Highest Qualities of Life, of Creation.

Our Blessed Ambassadors Receiving this Precious Pearl, Receiving the Blessings of this Sublime Experience, our Blessed Ambassadors Experience the Specific Sounds which Enliven the Light of the Pearl Within the Structure of the Heart.

The Pearl is Received; Light is Enlivened Within the Precious Central Space. The Almighty Source may be Located Within this Sublime Central Space. The Precious Space found Within the Central Heart. It is Within this Space that the Pearl is Received, Within this Space the Pearl is Illumined. This Enlivenment is a Great Blessing for each of our Cities of Light. Our Tour of the Pearl of Star Light will Carry this Blessing from city to city, Enlivening each Hub of Light.

Within the Blessings of the Light of this Tour, a Beautiful Structure has Emerged; a Beautiful Structure has been Formed. This, Dear Ones, is a Blessed Radiant Receptacle, a Receptacle of Great Brilliance Forming as the Heart of the Global Network of the Light of Genesis. The Great Illumination of this Precious Space Within the Central Heart Achieved by our initial Cities of the Pearl of Star Light has led to the Formation of this Structure of Radiance. Our Beloved Endowment of Eternal Light for Earth,

Our Beloved Endowment is a Great Radiant Structure which is the Expression of this Blessed Central Space. It is the Radiant Source of Energy for the Immediate Accomplishment of the Present Phase of Action, as well as the Action for the Next Phase for the Full Accomplishment of the Global Network of the Light of Genesis. Yes, we are speaking of the Beloved Endowment of Eternal Light for Earth.

Let us hear now a message, the Knowledge of the details of the Blessed Structuring of the Endowment of Eternal Light for Earth. We will hear now the details from our Blessed Organizer of this Structure. Yes. Very good, very good.

We will all listen and enjoy this Beautiful Process of Assembly of this Radiant Receptacle.

Many Blessings.

David:

Now, you are probably aware that this Endowment of Eternal Light for Earth is brand new, this is a new development for us and for those of you who are yet to Receive your

Pearl of Knowledge, the Individual Instruction of the Pearl of Star Light, at one of the Pearl of Star Light lectures, you now understand the Importance of that Personal Instruction, you now understand the Importance of that Gift that you Receive when Lantos, in this message, made it clear that just the Action of those people who have Received this Pearl of Star Light, this Pearl of Knowledge, in each of these cities, has had a Fundamental Impact on those Locations, on those Cities themselves.

These are large cities, such as Los Angeles, they are not small locations, so even having 50 people in a city of 10 or 15 or 20 million people, even having just 50 people with this Enlivenment of the Light of the Source of Creation Within the Central Space Within the Individual, has a Fundamental Impact on the entire City And the Cumulative Effect of all of these lectures that we have done so far—Los Angeles, San Francisco, Vancouver, and Denver—the Cumulative Effect is that, just after last week’s lecture in Denver, Lantos instructed us to create a New Entity, an Endowment of Eternal Light for Earth.

Last Wednesday I read to you just briefly, something that Lantos said about the Endowment. He called it a Beautiful Structure which will Direct the Location of Placement, the Order of Positioning and the Maintenance of all Chambers of Eternal Light Worldwide. The Blessed Radiant Receptacle shall be the Heart of the Global Network of the Light of Genesis capable of Giving Life, Energy and Ability to the hands and legs of Action, the Energy to propel Earth Forward into the New Era, Supported by the Mighty Form of the Great Star of Genesis. Yes, it is Beautiful.

Just this last week we formed a non-profit corporation here in Colorado—the Endowment of Eternal Light for Earth. We will continue, in the coming two, three days, to finish finalizing paperwork so that this Endowment, we anticipate by the end of this week, will be prepared to Receive the Support for the Global Network of the Light of Genesis.

So, we want to thank each of you who has already attended a Pearl of Star Light lecture, each of you who has already received your Pearl of Star Light, your Pearl of Knowledge. It is through the Light that you have Generated in this Simple Technique that this has become possible and we thank in advance all of you who have yet to attend a Pearl of Star Light lecture, those of you who have yet to receive your Pearl of Knowledge. We are excited to see what the effects will be on your locations and for the Earth as each of you Receive this Great Blessing.

Thank you very much.

## **A Lasting Endowment of Eternal Light for Earth**

Lantos:

Greetings Dear Ones,

It is Beautiful, very Beautiful—the Quality of the Development of the Beloved Global Network of the Light of Genesis. As we progress along the Path of Time—the Forming, the Structuring of the Blessed Framework of Light—and with this Formation of the Blessed Global Web-Work, we will find the Emergence of the New Form for Earth, the Arrival of the Mighty New Form, the Form to Guide and Support All Action. It is a Radiant Form of Supreme Substance, a Form through which All Life shall be lived—the Great Star of Genesis.

Dear Ambassadors of Light, in this week of Light we Celebrate the Creation of the Beloved Radiant Receptacle to Bring Forth this Beloved New Form. This Blessed Structure is a Repository of Energy, a Receptacle of Radiant Light to Support the Achievement of the Beloved Global Network of the Light of Genesis. We Celebrate the Formation and Emergence of the Endowment of Eternal Light for Earth—Endowment of Eternal Light for Earth. It is the Energy, the Means, for the Achievement of our Goal. With this Great Structure, through this Beloved Receptacle, we will Establish the Fullness of the Goal.

This Great Achievement has Emerged through the Purification brought about through the Enlivenment of the Sublime Light Generated by the Tour of the Pearl of Star Light. In the course of the initial Cities of Light, Great Upliftment has resulted, Great Waves of Purity brought about through the Blessings of the Pearl of Knowledge.

Dear Blessed Ambassadors, recipients of the Pearl of Knowledge, each of you has Contributed Greatly to this Formation of our Radiant Receptacle. The Great Purity Generated, the Radiant Light Illumined Within the Blessed Central Space of the Heart: this Radiance has Formed the Quality of Great Purity Within the Atmosphere, a Quality of Purity Within the Atmosphere of Earth, Allowing the Creation of this Beloved Radiant Receptacle—a lasting Endowment of Eternal Light for Earth.

It is through the Effects of Great Light—the Influence of Illumination of this Precious Space Within the Hearts of our Dear Ambassadors of Light, the Enlivenment of the Dwelling Space of the Almighty Supreme Source of Creation—that we Receive this Great Emergence, we Receive the Formation of the Radiant Receptacle for all time to come. It is beautiful, it is very beautiful.

We continue our Path of the Tour of the Pearl of Star Light, Bringing the Blessings of Purity, the Blessings of the Pearl of Knowledge to each of our Cities of Light. Week by week, the Light of the Luminous Pearl Spreads and, at the same time, the Brilliant Radiance of the Blessed Global Receptacle Expands. We are Focused on our Vision for

the Immediate Accomplishment of our Current Phase of Action, the phase of the removal of Earth's residues. The Accomplishment of this Phase will release Tremendous Waves of Light, Streams of Radiant Star Light, into the Atmosphere. The Structuring of the Global Network is accomplished through this Path of Action.

We are very Blessed to Receive the Support of the Great Beings of Light along our Path for the Accomplishment of the Beloved Global Network of the Light of Genesis. Yes, we are very Blessed and we offer our deepest thanks for the Support and Dedication received from our Dear Ambassadors of Illumined Action.

Many Blessings.

## **All Efforts Must Be Put Into this Shining Instance for Earth**

Lantos:

Greetings Dear Ones,

Many instances go to making up a Life of Experiences, many instances. Each Instance is Unique; each Instance is Precious to the Development of the Fullness of the Course of Life.

While we may find some Value to every Instance, there are some which stand above all others in Significance, Significance in Determining the Direction, the Course, the Scope of One's Existence. These Precious Moments we cherish, we Recognize with Honor and Appreciation for the Blessings they Bring Forth. It is so with an Individual Life. It is likewise so with the Existence on Larger, Grander Scales.

The Existence of a Nation is made of many Individual Instances; however, set amongst the many are a few which Shine with Brighter Magnitude. These few Instances Offer Direction, Timing and Blessing to the Course of the Nation.

On an even Grander Scale, we may look at our Blessed Earth, the Physical Structure which supports the Expressions of Life. The Blessed Earth, the lands, the waters, the core, the atmosphere—all Aspects Experience the same Path as is seen with Individual Existence, an Unfolding of a Sequence of Instances, Instance followed by Precious Instance, all piecing together, all Forming a Pathway of Life on this Grand Scale. And, just as with the other Scales of Life, there are Instances for Earth which stand above all others, Shining more Brightly amidst the Collection of Limitless Instances, Limitless accounts of Experience and Expressions of Life. The tree bears many fruits and yet one or two may stand out with Greater Fullness of the Expression of Value.

Dear Ambassadors of the Light of Genesis, along the Pathway of Earth's Existence we are aware of some of these most Significant Instances and we could easily begin to identify a list of particular moments which have served to Form the Future more clearly, more brightly, than others. This list would include Moments of Significance.

Some of these Moments have not necessarily been favorable Experiences when viewed on a Localized Vision of time. However, when viewed on a Grander Platform they Emerge as Great Moments which have Formed the Present Expression of Earth's Structure. From Natural occurrences to recent Man-Made Events, all these Instances are recorded in the Great Journal of Earth.

At this present time, Dear Ambassadors of the Light of Genesis, we are engaged in Bringing Forth a New Structure, a New Form for the Support of Earth. Each Era has, at its Basis, a Specific Form. Each Form gives Rise to the Range of Expressions seen over

the Course of an Aeon. An Aeon is a period of Time, a Great Period of Time, Governed by a Specific Form.

As the Shift occurs from one Aeon to another, the Form likewise Shifts. The Arrival of a New Form coincides with the Shift into a New Aeon of Earth. This is the understanding of an Aeon of Time. An Aeon is marked by Significant Change, Change on Every Layer, on Every Level of Expression.

We are Experiencing, Dear Ambassadors, this Shift. On the Level of Vibration, Energy and Dynamics of Time, this Shift has Already Occurred in the Form of the Great Transformation. However, there is yet Need for the Shift to Occur on the Physical Layer, as well as the Layer of Form, the Layer of Energy. That Layer, which has already Experienced Transformation, is the Director of all other Layers of Life. The more Subtle Governs the more Expressed Layers of Existence. And yet, Dear Ambassadors, there is still Significant Work to be Accomplished in this Period of Aeonic Shift.

We are Blessed, Dear Masters of the Light of Genesis, with the Supreme Responsibility for Earth at this Precious Time. It is the Responsibility of Structuring the Platform for the Emergence of the New Form for Earth—the Mighty Great Star of Genesis.

All attention, all efforts must be put forth into this Direction. All efforts must be put into this Shining Instance for Earth. It is on this Level of Significance that we conduct our daily Actions. It is with this Scope of Impact that we pursue the Accomplishment of the Global Network of the Light of Genesis for All. Yes.

For this reason and through this Grand Momentum—an Energy Surrounding this Directive—we have Structured our Beloved Endowment of Eternal Light for Earth, the Means for the Achievement of the Blessed Global Network of the Light of Genesis, the Means of bringing Forth the New Form of the Era of Eternal Light for Earth. Yes.

We will discuss this further.

Many Blessings.

## **We Must Tend to the Immediate Need**

Lantos:

Greetings Dear Ones,

There is much concern over the Shifting Structures of the Earth—the Physical Structures and placements of the waters and lands Forming the Physical Platform for the Existence of all Life. The Physical Platform for Existence is Structured in the lands and waters of Earth. As there is a Shift from one Platform supporting a particular Structure to a New Platform, there will be Shifting of the Physical Expressions of the Structure, Significant Shifting's. The Change we are discussing is a Change from one Era into a New Era. It is a Shift from one Aeon of Earth into a New Aeon of Earth.

This Transformation is on many Levels, All Levels. There is a Fundamental Level of Energy which Governs the Other Layers of Expression. Always, the more Subtle Expressions Represent the Levels of Greater Power, Greater Energy. Therefore, the Subtle Level of Energy is one Level of this Great Transformation.

In the sense of Setting the Direction for All Levels of Life, the Layer of Pure Energy is the most Significant, the most Influential Layer of Existence. This is a Layer without the Expression of Form. During the period of the Great Transformation it was this Layer which made the Transition, made the Great Transformation to Support the Structure of the New Era.

This is the Layer of Directorship. Now that this Layer has been Established in the Light of the New Era, the other Levels of Life—the Levels of Less Energy, Greater Material Substance—these Layers must now follow the Path laid out by the Level of Directorship. The Layer of Greatest Energy Holds the Position of Directorship.

Following this Path may be, at times, very “Bumpy”. We will call it “Bumpy”. When ones cart is tied to the back of a speedy vehicle, our cart, with less sophisticated gear work, less sophisticated tires and engine, may find the path “Bumpy”. It is a difficult task to Follow the Path of a more Well-Equipped Leader. One may, at times, struggle to keep the cart together. It may feel, at times, as if the whole thing will give out. The shaking may feel as if it will pull apart the cart which is tied to the lead of the well-equipped race car. Yes, yes. Do you see?

This is the Need of the time, this is the Immediate Need of Earth's more Physical Structures. This is the Role of the Blessed Global Network of the Light of Genesis, Generating the Platform for the Arrival of the New Form for Earth—the Beloved Great Star of Genesis. It is like setting the stage for a greater vehicle. We are trading in the cart for a stream-lined model.

The Physical Layers of Existence will never become the same as the Layers of Energy. This is not the Goal. There would be no Physical Expression of Life, no Layers of Existence at all if this were to occur. No, this is not the aim. The Aim is for the Physical Layers to be Capable of Supporting the Finest Direction Offered by the Layers of Energy, the Layers of Light which Direct the Functioning of Life—All Expressions of Existence. The Goal is for the immediate Upgrade, from the Cart to a more Well-Equipped Racer Capable of Following the Lead Effortlessly and Fully.

For this, for this Dear Ambassadors of Light, Ambassadors of the Great Layer of Directorship, we must tend to the Immediate Need of the release of the residues from the structure of the lands and waters of the Earth. It is an Immediate Requirement.

We have Structured the Radiant Receptacle as the Means to Accomplish the Steps necessary for the Achievement of all Activities of the Beloved Global Network of the Light of Genesis—most Initially, most Immediately, the Accomplishment of the Present Phase of Action, the Phase of the Removal of the Residues of the lands and waters of Earth.

Yes, Dear Ones, this is the Blessed Role of the Endowment of Eternal Light for Earth. Is this clear? Do you see the Vision more clearly? It is very important that each Blessed Ambassador of the Light of Genesis understands the Significance of the Focus of our Actions. It is Action for All, Action for the Earth. Yes, it is Illumined Action.

Very good, very good.

Many Blessings.

## **An Armor of Light**

Lantos:

Greetings Dear Ones,

Blessed Ambassadors of Light, Knowledge comes when it is Needed. Likewise, the Expressions of Knowledge—Forms—Arrive when there is a Need. We have Celebrated the Arrival of the Blessed Knowledge of the Pearl. This Knowledge is spread around the World, Illuminating Cities of Light—the Hubs of Light.

This Knowledge of the Pearl is Offered to our Beloved Masters of the Light, Offering a Shell of Radiant Protection, a Great Encasement of Purity and Luminous Energy. This Light, this Great Luminous Pearl of Star Light, Generates an Armor of Light, a Radiant Shell which Forms around the Central Light of the Pearl. The Central Light is Formed Within the Blessed Central Space. Out of this Space the Radiant Influence spreads Outwards and Forms a Surrounding Layer of Light.

It is a Layer of Protection. Purity is just that—Purity is the Protection from negativity, Purity is the Triumph of the Radiance over the entrance of any darkness. This is the Effect of the Pearl, this is the Effect on the Individual, as well as, the Effect of the Instruction on the lands.

For this reason, the Tour of the Pearl must enter the lands of each continent Offering the Blessings of the Pearl of Knowledge for all Earth. It is a beautiful Event, a Significant Event for the Life of the Individual.

Knowledge Arises to meet the Needs of the times. Form, too, Arises in good order, in due order, in the proper time. The Arrival, the Formation, of our Blessed Radiant Receptacle is an indication of the Action required at this time. It is an Expression of the Need of this time.

It is very important that each of our Blessed Hearts of Light receive this information. Therefore, today our Blessed Organizer of the Radiant Receptacle will speak to us on the Great Significance of this Beloved Endowment of Eternal Light for Earth. Yes.

It is very good, very good.

Now we will hear from our Organizer.

Many Blessings.

David:

Thank you very much, Cindy.

Now, you have been hearing about the Endowment of Eternal Light for Earth since the beginning of March, so for about a month. Lantos, in the first few weeks spoke about how this Endowment came forth at this time, specifically to help accomplish Phase II of the Global Network of the Light of Genesis right away, and to accomplish the overall Global Network of the Light of Genesis. But, the immediate task of it was for Phase II, the accomplishment of Phase II. Lantos spoke about the Significance, the Importance of the Endowment and he directed us to make all of the arrangements necessary, so we did that and created a nonprofit corporation which would have the singular Goal as the Placement of the Chambers of Eternal Light all around the world and the administration of the Global Network of the Light of Genesis.

But then, last Wednesday, Lantos let us all in on the importance of the immediacy of this Goal, because we had been hearing throughout the month of March how Lantos was talking about how the Goal would be Immediate, but it wasn't until last Wednesday when Lantos made it clear the Need, the necessity, for the accomplishment of Phase II on an immediate basis.

It was in last Wednesday's message that Lantos spoke about the different Layers of Earth and he started the message talking about that there is much Concern over the Shifting Structures of the Earth, the actual Physical Structures, and, as Lantos was talking about the Shifting Structures he spoke about the most Subtle Layer.

He said, "In the sense of setting the Direction for all Levels of Life, the Layer of Pure Energy is the most Significant, the most Influential Layer of Existence. This is a Layer without the Expression of Form. During the period of the Great Transformation it was this Layer which made the Transition, made the Great Transformation to Support the Structure of the New Era".

So Lantos made it clear that that Layer of Pure Energy was the Layer that made the Shift during the Great Transformation, which was at the end of 2012.

Lantos went on, he explained that, "This is the Layer of Directorship. Now that this Layer has been established in the Light of the New Era, the other Levels of Life—the Levels of Less Energy, Greater Material Substance—these Layers must now follow the Path laid out by the Level of Directorship".

So Lantos then explained that this Path, following this Path of this Layer of Directorship can be “Bumpy”. Because what we are in, Lantos explained, is a cart with very simple, very rudimentary gear working, simple tires, so it would be bumpy.

In fact, Lantos said, “One may, at times, struggle to keep the cart together. It may feel, at times, as if the whole thing will give out. The shaking may feel as if it will pull apart the cart”.

So Lantos began to use, shall we say, more alarming terminology talking about as the Earth, as the Physical Structures of Earth, follow the Lead of that Layer of Directorship. The Physical Structures are at a Layer of Refinement that is similar to that of a very simple cart and that we may, at times, sense such Significant Shifting that it will feel as if the Earth is falling apart.

And Lantos said, “This is the Need of the Time, this is the Immediate Need of Earth’s more physical structures. This is the role of the Blessed Global Network of the Light of Genesis, Generating the Platform for the Arrival of the New Form for Earth—the Beloved Great Star of Genesis”

And Lantos explained that we are not trying to make the Earth as Pure as that Layer of Directorship because that would not be possible. Instead the Goal is simply to Refine the Earth so that it can follow that Lead, Effortlessly and Fully and Lantos then explained, “For this, for this Dear Ambassadors of Light, Ambassadors of the Great Layer of Directorship, we must Tend to the Immediate Need of the Release of the Residues from the structure of the lands and waters of the Earth. It is an Immediate Requirement.

We have structured the Radiant Receptacle as the Means to Accomplish the Steps necessary for the Achievement of All Activities of the Beloved Global Network of the Light of Genesis—most initially, most immediately, the Accomplishment of the Present Phase of Action, the Phase of the Removal of the Residues of the lands and waters of Earth.

Yes, Dear Ones, this is the Blessed Role of the Endowment of Eternal Light for Earth. Is this clear? Do you see the Vision more clearly? It is very important that each Blessed Ambassador of the Light of Genesis understands the Significance of the Focus of our Actions”.

So, it was in last Wednesday’s message that Lantos made it clear. We understand the Benefit of the Global Network of the Light of Genesis; the Benefit is the Creation of the Great Star of Genesis. This is the New Form for the New Era and everything gets better. Everything from the simple experience of happiness to many things that aren’t even possible today. All of this happens with the Arrival of the Great Star of Genesis.

However, this Immediate Need of Phase II, this Immediate Need is not just that we want to Accomplish the Global Network quickly, the Immediate Need is that the Layer of Directorship, that Finest Layer of Earth, is Leading the Path and that, in order to follow,

Earth will need to get more Refined, otherwise the Path will become very difficult for Earth, very “Bumpy”.

In order to Refine Earth, we must Remove those Pockets of Residue, those pockets of negativity that are identified in Phase II. This needs to be done Immediately to allow the Earth to be Sufficiently Refined to be able to follow the Lead Effortlessly and Fully of the Layer of Directorship.

So, this is the job, this is the task at hand, this is the reason for the Endowment of Eternal Light for Earth and this is the request that we make of each of you. We need you to follow the Directions of Lantos and do everything possible to help the success of the Global Network of the Light of Genesis and, at this time, it is the Endowment of Eternal Light for Earth.

For those of you who are able to provide support for the Endowment, you can contact the office—there are ways immediately to be able to Support the Endowment and it is a tax-exempt organization. But, this is something that for those of you who have already given everything that you can, we still need your assistance; we will come to you seeking assistance in the Placement of the Chambers in the different locations for Phase II around the world. For those of you who have the wherewithal to Support the Endowment, Lantos has made it clear the time is now for us to receive this Support so that we can Accomplish Phase II immediately and assist the Earth at this time.

So I thank you very much for listening. I thank you in advance for everything that you are able to do, everything that you can do, everything that you will do to assist the Global Network of the Light of Genesis at this time for Phase II.

Thank you everyone for joining us today, have a good beginning of your week and I will speak with you again on Wednesday

## **Our Beloved Radiant Receptacle is an Expression of Great Energy**

Lantos:

Greetings Dear Ones,

Very good, very good. The gears are in motion, the wheels are turning. There is a great momentum which is building. It is an Upsurge of the Forces of Energy, the Energy Required for the Accomplishment of the Blessed Goal. These Forces are Gathering.

The Beloved Radiant Receptacle is the Form which holds the Key to Support for our Global Network of the Light of Genesis. The Radiance of the Blessed Receptacle is a Reflection of the Energy which shall be supplied for the Fulfillment of Placing the Blessed Chambers of Eternal Light in the lands and waters of Earth, Structuring a Platform for the Emergence of the Great New Form for Earth—the Beloved Mighty Great Star of Genesis.

At this time, we will encourage all of our Dear Ambassadors of Light to participate in the filling of this Receptacle. It is such a Blessing to engage in the Structuring of this Mighty Receptacle of Sublime Energy.

Light is an Expression of Energy. Therefore, our Beloved Radiant Receptacle is an Expression of Great Energy, Radiant Energy, Energy to Spread the Precious Star Structures, the Blessed Star Chambers, into every location around the world required for the Structuring of the Global Web-Work of Light.

When an Individual participates with the filling of this Radiant Receptacle, the Blessings Flow back onto the Individual. This Exchange comes about through the Contact. The Individual approaches the Blessed Radiant Receptacle with a Gift, an Expression Arising from the Space Within the Heart—the Beloved Central Dwelling Space of the Almighty Source. It is from Within this Precious Space that the Gift is Delivered. The Gift is Given in Purity, in Radiance, and through the Dynamics of this Contact, this Interaction, the Beloved Receptacle Offers Grace. Yes, Grace.

Grace is that which is Bestowed upon the Blessed Individual through the Process of the Interaction Arising out of the Delivery of a Gift—the Delivery of Energy Substance Initiated from Within the Precious Central Space of the Heart. Yes. Grace is Returned and this Grace is Great—Mighty and All Pervading.

This Grace enters into the Structure of Existence, Filling the Gaps, Illuminating the Voids. This is Grace. It Emerges through the Contact Initiated by the Individual. Just as the student approaches the teacher with a gift, that which is returned is a Great Blessing to the Life of the student. Through this Act, the Act of this Specific Interaction, Energy is Transferred. One Form of Energy is Offered and, as a result, a Greater Form is Generated, Generated and Returned. The Act of Giving Generates Increase, Increase of

Energy and, in this Specific Interaction between Individual and the Beloved Radiant Receptacle, the Increase Brings about Grace.

Grace is the Radiance which Exceeds All Layers of Expression. It Emerges Directly from the Breath of the Almighty Source. It is the Most Pure, Most Sublime Expression of the Source of Creation.

When the Student approaches the Teacher, Gift in Hand, the Expression from the Teacher is “ahhh, ahhh”. It is beautiful. In this Breath the Teacher Fills the Student with a Light, Fills with an Energy which reaches throughout the Cells of the Structure, Within Every Cell, Enlivening the Corners and Voids, Blessing All. This is the Power of this Blessed Interaction. It Arises through Contact.

The Expression of this Blessing is even Found on the simple, Every Day Level of Life. However, it is not often that the Opportunity Arises for the Interaction with a Very Great Force of Light, Contact with a Mighty Radiant Receptacle. It is that Force, that Form, which will be Responsible for Structuring for Earth the Coming New Aeon of Light.

This is a Mighty Force, a Mighty Form. It is with Great Honor that we are Blessed with the Opportunity to Contribute, to Contact the Energy of this Blessed Mighty Receptacle of Radiance—the Beloved Endowment of Eternal Light for Earth.

It is through the Energy of this Receptacle that Earth shall Receive the New Form—the Mighty Great Star of Genesis. The Exchange is Great; the Blessings of the Exchange are Great. It is very good, very good.

Many Blessings, yes, Many Blessings.

It is through the Global Network of the Light of Genesis that we Set the Conditions for the Emergence of the Era of Eternal Light for Earth, a New Aeon for Earth Marked by the Arrival of the New Form—the Mighty Great Star of Genesis.

There is no room for in-between; either the New Aeon is Established with the Arrival of the Mighty Form of Light—the Great Star of Genesis—or, it is Without this Blessed New Form. The Earth is Guided, Supported by one Form or another. It is either this way or that way. It is not a matter of in-between.

Until the Achievement of the Platform of Star Light, the Web-Work of Luminous Streaming Bands of Star Light, the Form of the Mighty Great Star of Genesis may Not Emerge. It is a Requirement that This Platform, This Web-Work, be Established for the Support of the Structure of the New Form.

Once Established, the Aeon will Shift quite normally, quite Automatically with the Shift of the Form for Earth. Yes. It is very good, very good.

We will make use of these final days of the Highest Grace. We will take Full Advantage of the Precious Sublime Wings of Grace.

Many Blessings.

Contact—Contact may be Established in many ways, through many Channels. It is the Expression of the Desire Initiated by the Individual to Offer that which is Precious, that which is Dear. This Precious Offering Initiates the Channel, Opens the Pathway for the Blessings of Grace to Flow forth.

For these past days, this Quality of Grace has Flowed in Great Abundance. Yes. Dear Ambassadors, the Actions, the Contact made within this period have Generated an Abundance of; we may call it, Results. The Results Flow in Great Abundance and, during this Time, the Blessings have sought those who have made this Contact, this Offering, Arising out of the Precious Space Within the Heart. The Blessings have Flowed in Abundance to those who have Initiated this Contact. It is Beautiful.

Contact with the Radiant Receptacle Initiates Great Returns. It is like Contact with a Mighty Generator—Contact with a Small Energy Source produces only Tiny Sparks, but put the post to the Generator and there is a Great Explosion of Energy. It is a Great Burst, a Vast Transference of Energy—Blessings. This Comes in an Instant.

However, there may not be Explosions resulting from this Vast Exchange. This Precious Energy, the Blessings of Grace, Enter in the Channels most Required, the Pathways are Set. Just as the lightning follows its set course to the ground, so too, the Blessings of Grace Enter the Field of Existence and Automatically—this is a Great Key—Automatically the Grace Flows into the Directions of Life for Maximum Growth and Upliftment.

Grace Fills the Voids. Yes, Grace Fills the Voids with the Sublime Light of Life, the Sublime Light of the Beloved Source of All Creation. Grace Fills the Voids and Brings Forth the Radiance of the Almighty Source into the Living Field of Experience.

We approach the Mighty Generator, in our case we Speak of the Blessed Radiant Receptacle, with a Heart Full of Offering, a Precious Gift Arising from the Central Space Within the Heart, and Through this Contact, the Grace Flows just as Effortlessly, just as Automatically, just as Completely as the Energy from the Source Flows into the wire when Contact is made. Yes. This is the Lesson of Grace; this is the Pathway and the Dynamics through which Grace Flows. It is Initiated through the Offering of an Open

Heart, the Offering Beginning with that Precious Space, that Central Space Within the Heart. Yes. It is very good, very good.

Cindy:

And, he paused for quite a while and I had a few questions that I was going to be asking him, so I asked the first question at that point, and the question is, “How long does the Time of Grace last, like for the donations and whatever?” His answer is,

Lantos:

Grace is Always Present, Always Available. Grace is Open for All to Receive at any Opportunity of Contact. However, just as the light from the moon grows brighter during the days of the full moon, the Light of Grace Shines most Brilliantly during these Days of Grace, this period we have just experienced.

These are the Days of the Fullness of Grace, when the Light of Grace casts the Brightest Light for all to enjoy. Grace is always Present; the Light of Grace may not be Extinguished. Grace is Available at All Times for the Seeker of this Great Purity. The Blessed One whose Heart Fills with the Light of Offering, the Light of Devotion and Contact is Initiated to the Great Source of Energy.

We are Blessed to have Established such a Vast Receptacle of Energy—our Dear Endowment of Eternal Light for Earth is a Vast Receptacle of Light. This Receptacle Offers the Structure for the Means to Establish the Blessed Global Network of the Light of Genesis for All. Such a Mighty Resource of Energy, a Resource to Fuel the Accomplishment of the Formation of the Great Rays of Star Light, Forming a Beautiful Web-Work of Radiance to Support the Coming Form for Earth—the Mighty Great Star of Genesis.

This shall mark the start of the New Aeon of Eternal Light for Earth. The Achievement of the Structuring of the Global Network of the Light of Genesis shall mark the Start of the New Aeon for Earth. Such is the Energy of this Radiant Receptacle, the Container of the Resources, the Energy to Bring Forth this Blessed Aeon of Eternal Light for All.

Now, Dear Ones, Dear Ambassadors of Light, come Forth with your Capabilities, come Forth with your Connections and Plans of Journeys. We are in the Process of Establishing the Beloved Chambers of Eternal Light in all parts of Earth’s lands and waters and our Focus is most clearly Directed, at this time, upon the Clearing of Residues.

Let our Director of this Program discuss with you now these locations of our Present Phase. If you have the ability to accompany and deliver Chambers into any of these locations, we will enlist your services and will register these locations under your name. Each location of Chamber shall be Registered with the Name of the Source of Donation. We shall call this Individual the Source Ambassador, as well as the Name of the Placement Ambassador—the Individual responsible for the proper placement of the Chamber of Eternal Light. In this way, we will have a Global Registry of the Network of Chambers of Eternal Light for all Times.

Now, let us coordinate these efforts to Accelerate the Achievement of our Present Phase of Action.

Very good.

Many Blessings.

## **The Establishment of the Global Registry of the Network of Eternal Light for Earth**

Lantos:

Greetings Dear Ones,

We are Establishing a Global Plan, a Plan for Illumined Action, a Plan to Place our Precious Star Chambers in the locations of the deepest residues, the deepest pockets of voids—Voids which Resist the Influence of the Spreading Web-Work of Light, owing to the memory, the structure of memory, of past action in these particular locations. These locations we refer to as “the Locations of Deepest Residue”.

Our Mission for Action is Directed towards the Proper Placement of Star Chambers in these necessary locations—the areas of Deepest Residue. We are dedicating all attention, all efforts of this coming week to the formulation of a Plan, a Chart of Illumined Action to Bring Forth the Achievement of our Present Phase of Action of the Global Network of the Light of Genesis.

It is in this week, following the Time of Grace, when the Blessed Wheels of Action turn. It is a week to Establish the charting of the Course of Proper Placements and the Establishment of the Global Registry of the Network of Eternal Light for Earth. It is a week of Great Action.

This Action is Supported through our Beloved Endowment of Eternal Light for Earth. Our Radiant Receptacle Offers the Fuel, the Energy, for this Plan of Action, and yes, and this is important to note—it is Through Action that the Blessed Radiant Receptacle Increases. The Increase Comes about Through the Flow of Energy, Energy Directed Towards the Achievement of the Goal.

During this week, Dear Ambassadors, the course will be charted, the Steps of Action Identified for the Achievement of our Present Phase. Dear Ambassadors wishing to offer Assistance in the Placement or the Supply of the Required Chambers, Dear Ambassadors, you shall have the Opportunity to view the map of the Required Locations, the Locations of the Residues, the Locations of the Voids.

This Time, the Time which follows the Days of Grace, is a Time for Initiating the Blessings Received through Grace. It is a Time for Finalizing the Plans of the Action

Required for the Achievement of our Present Phase. Yes. It is a Blessed Time of Action, Supported by the Greatest Energy Source, a Divine Energy Source—Grace.

We will Establish the Blessed Global Registry of Eternal Light for Earth, identifying the locations of each registered Chamber of Eternal Light. Each Chamber may include a Source Ambassador, as well as a Placement Ambassador. In this way, a Complete Record is Formed, a Record of the Structuring of this Beloved Network, Supported by the Radiant Receptacle for the Establishment of the Platform for the New Aeon for Earth. It is a Great Cosmic Record of the Establishment of Eternal Light for Earth. Yes.

We will alert all of our Dear Masters of the Light, we will invite the participation and support of all. At the end of this week, the chart will be established, the plan set for the Great Achievement of our Phase of the Removal of the Residues of Earth. It is a Blessed Week of Great Action.

Very good, very good.

Many Blessings.

## **A Visionary is Responsible for Illumined Action**

Lantos:

Greetings Dear Ones,

Today we recognize the efforts of all of our Blessed Visionaries, yes—our Dear Ambassadors, our Blessed Masters of the Art of Creating, our Masters of the Light of Genesis. Today we recognize all efforts, all accomplishments of each Individual Visionary.

A Visionary is one who Sees, one who Sees and yet, yet, it is Greater than this. A Seer Sees, a Seer Sees the Reality; a Visionary can both See as well as Perform, Perform Action. A Visionary is responsible for Illumined Action. A Visionary is responsible for Action Performed by one who Sees the Clear Path—the Path of the Highest Value, the Path of Greatest Light.

You are all, Dear Ones, Visionaries. This is a day to Recognize the Exceptional Efforts and Dedication Performed by each of our Blessed Visionaries.

We thank you for the service you have performed in leading to this Precious Time. It is a Precious Time, a Time of the Structuring of the Steps of Action leading to the Achievement of our Present Phase of the Removal of Residue for Earth, the removal of the deepest residues remaining imbedded within the structure of Earth's lands and waters. These are the days of finalizing the Steps required for the Fulfillment of this Significant Phase of Structuring the Platform for the Arrival of the New Form for Earth—the Mighty Great Star of Genesis.

Yes, Dear Ones, Blessed Visionaries, with your Vision you have seen the Significance of these Actions, these Precious Steps which Must Be Accomplished for the Structuring of our Blessed Global Network of the Light of Genesis. We have received great Support—Support for both Aspects of Establishing the Chambers of Eternal Light in the Proper Locations, we have received Support and Assistance and now, in these days, we are Structuring the Log of these Great Acts of Service, we are Establishing a Global Registry wherein the Names of the Blessed Visionaries will be recorded.

We will have the names of each of the locations and, in significant cases, we will include the listing of a Source Ambassador and a Placement Ambassador. There will also be a listing at the front of the Global Registry of Eternal Light for Earth, a general listing of our Dear Visionaries, whose Efforts and Contributions have made these Acts possible. This will be a small section devoted to our Visionaries whose Contributions to our Beloved Radiant Receptacle make all gears turn.

Now, in these coming few days we will have finalized our Path leading to the Completion of this Present Focus. Step-by-step we Bring Forth the Blessed New Aeon for Earth.

Many thanks to our Dear Visionaries.

Many Blessings.

## **We Will Chart the Course of Five Pathways**

Lantos:

Greetings Dear Ones,

Our Blessed Visionaries—You see the Light, you see the Web-Like Connections of the Streaming Bands of Light reaching across the lands? Yes.

This is the Formation of the Web-Work of Light, the Network of Light. With each additional Chamber of Eternal Light, the Light Expands, the Web-Work Grows. Yes. This is our Focus.

It is a Radiant Focus, and out of this Radiance has Emerged our Beloved Endowment of Eternal Light for Earth—the Radiant Receptacle—providing the Means, Offering the Energy, to Structure the Accomplishment of the Beloved Global Network of Eternal Light. Our Radiant Receptacle Offers the Fuel to Generate the Achievement of the Structuring of the Platform of Star Light, the Platform to Support the Emergence of the New Form for Earth—the Beloved Mighty Great Star of Genesis. And this we are Structuring now.

At this very time, the Final Stages of Plans are being formulated and we will carry out these steps as we have seen in our requirements for the Achievement of our Present Phase of Action—the removal of the deepest residues of Earth, the removal of the deepest remains of Influence, Action. These are Marks of Action, scars of action laid down by the Effects of some Occurrence, some Particular Action. Yes.

We are all aware of this task at hand, and now we will continue with our efforts for the Development of the Final Planning of the Steps for Achievement. We will Establish Pathways.

Just as the Pathways of Creation Flow out from the Source of Creation, we will establish Pathways for the Flowing Streams of Star Light to Spread into the areas of Deepest Residues. These Pathways will bring the Blessed Star Light to each city Burdened by the Heavy Remains of Action.

Pathways—we will Chart the Course of Five Pathways picking up every city in our present phase, Uplifting each City—city by city, stop by stop, location by location. Divide the cities into Five Flowing Pathways, Pathways Streaming around the World, Pathways across the lands and waters of Earth.

In a very short time, we will Illumine the areas of residue, freeing the lands of burden, Releasing the Precious Rays of Star Light: Radiant Star Light, Radiant Star Light, Radiant Star Light Delivered to Earth Through our Blessed Radiant Receptacle, the Blessed Receptacle and Source of Energy to Structure and Sustain the New Aeon for Earth.

Let us get to work now. We are Charting the Five Pathways. Just as the Five Pathways Flow out from the Almighty Source, giving Rise to the Expressions of All Diversity, in this same manner we will Flow out from our Beloved Seat of Eternal Light, Spreading the Chambers, Positioning Properly the Beloved Chambers in all locations of residue.

Very good, it is a Beautiful Course of Illumined Action. Very good.

Many Blessings.

## **A Passage of Light**

Lantos:

Greetings Dear Ones,

Today we will complete the Charting of the Pathways, the Opening of the Channels for the Passage of Radiant Star Light. This is a Passage of Light—the Spreading of the Radiant Beams of Star Light.

The Removal of the Residues Clears the Channels for the Streaming Web-Work of Rays of Star Light Forming around the World, Connecting in the Great Hubs of Light, Steaming across the lands and oceans of Earth. It is a Mighty Network of Light, a Platform of Star Light, a Platform for the Emergence of the Mighty Great Star of Genesis, the Form for the New Era of Earth.

Dear Ones, today this Course shall be Charted. The Five Radiant Pathways will be Structured: Blessed by the Radiance of Eternal Light, Enlivened by the Energy of the Radiant Receptacle, Illumined by the Grace.

Dear Ambassadors of Star Light, we will now bless this event of Charting this great mapping of the Five Streaming Pathways of Radiance to remove the deepest pockets of resistance, the deepest residues.

Together we will enjoy now the Technique of the Personal Pathway, followed by the Technique of Transformation.

Let us begin and enjoy.

Many Blessings.

## **A Procession of Great Light**

Lantos:

Greetings Dear Ones,

The Blessed Pearl has made its way across the land, across the continent of North America. In this Blessed Path, the Light of the Pearl has Spread the Rays of Star Light, Purifying the Layers of Life. The Blessed Influence of the Pearl of Star Light has Spread from the Hubs of Light into the surroundings, Radiating the Luminous Qualities of Purity and Influence for the Upliftment and Protection of the lands.

As the Pearl moves from Hub to Hub, the Light travels. It is a Great Procession of Light, a Procession of Great Light. The Precious Tour of the Pearl of Star Light is Blessed by the Presence of the Great Beings of Light, the Universal Beings of Great Light.

This Procession began with the Initiation of the Great Tour at the Seat of Eternal Light in the Blessed Center of the Great Ocean. From there, our Blessed Tour has made its way across the lands of this first continent of Light.

Dear Ambassadors, the Precious Knowledge of the Pearl is a Beautiful Blessing. In the Presence of the Great Universal Beings of Light, the Pearl is Offered to each Individual. It is an Individual Pearl of Star Light, a Droplet of Star Light. It is available through the Blessings of the Coming New Form.

This Pearl, this Precious Pearl is an Ambassador of the Light to Come—the Coming Aeon for Earth. It is a Droplet, a Ray of Purity, Arriving before the Arrival of the Great Mighty New Form—the Great Star of Genesis.

This is the Path of Purity which Spreads with the Steps of Light of the Pearl of Star Light. We give thanks for this Great Accomplishment, the Achievement of the Illumination of the first continent of Light. It is a Beautiful Achievement.

Very good. Well done.

Many Blessings.

## **The Task Which is Worth Our Devoted Attention**

Lantos:

Greetings Dear Ones,

The World may seem to be a very large place, very large, endless miles. One cannot see beyond the distant horizon. This is the Limitation of Vision. This is the Limitation Structured through the Framework of the Previous Aeon of Earth. The Form Supports the Action. Activity is Structured on the Platform of the Present Form, as the Form Changes, the Possibilities of Action Change with it.

As we Shift into a New Form, as the Platform is Established through the Global Network of the Light of Genesis, as this Platform is prepared, the New Form Arrives. This is the Arrival of New Possibilities, a New Framework for Action, a New Framework for All Expressions of Life. Limitations, which were never even realized for their limiting values, become obsolete. Limitations Dissolve, Possibilities Emerge.

The Vision, the Vision with which we base our Experience of daily living, Shifts. No longer is the horizon a limiting boundary of Perception. That which we Wish to See we May See.

Limits are Structured through the Principles which are Upheld, which are Structured through the Reigning Form. The Form Governs the Dynamics of Physical Principles. The Laws of Functioning are Governed by the Chief Justice and, in the case of our Earth—we are speaking of the Form for Earth, the Form which Governs the Possibilities of Expression—this Form is like a Chief Justice, Setting the Rules, the Guidelines by which Action is Carried Out, Action is Performed.

A New Aeon means, simply, a New Set of Rules Governing the Functioning. It is like the changing of a government. From one governing body to the next the Rules Change, the Experience of daily life may Shift Dramatically for the citizens under the New Rulership. This is the picture we are describing in terms of the Coming Shift, the Shifting from the previous Era into the Coming Era.

The Shift may only occur when the Platform has been Established. A new government does not suddenly pop up. It may arrive quickly; however, the Groundwork must have been Set; the Structure must have been Prepared. We are doing just this; we are Preparing the Platform, the Framework, for the Arrival of the Coming Form—the Mighty Great Star of Genesis.

With this Form the daily life Shifts, the Possibilities Shift, the Rules Governing the Performance of Action Shifts. This is the Task which is Worth our Devoted Attention. It is Worth our Focused Efforts and Persistent Activities.

We are Aided along the way. We Receive Great Support from the Blessed Great Beings of Light who See this Opportunity for Earth to Enter into the Beloved New Era of Eternal Light, an Era Dominated by Great Possibilities, an Era Supported by Sublime Levels of Universal Light—the Mighty Rays of the Great Star of Genesis.

Each Step is Fighly Significant. Each Step must be taken in its Due Course. Every Step of Action is Charted for its Advancement along the Path to Achievement, the Path for Structuring of the Global Network—a Web-Work of Star Light for Earth.

This is the Path we are enjoying. It is a Great Blessing. This Focus, these Activities, Offer Great Blessings to our Dear Ambassadors, Expanding the Levels of Experience and Establishing a Solid Functioning of the Light of Genesis within each. It is a Great Blessing.

Very good, it is very good.

Many Blessings.

## **The Expedition of Star Light**

Lantos:

Greetings Dear Ones,

We recognize the Individual Beam of Star Light Forming. Each Precious Beam Originates with a Star Chamber, a Chamber of Eternal Light, which is the Precious Reflection of the Beloved Mighty Great Star of Genesis.

We have many such Reflections Established in the lands and waters of Earth. These locations serve the Value of Removing the Remains of the Actions of the Previous Era. These Precious Chambers also Serve to Structure, to Form, an Interconnected Network of Radiant Star Light, a Web-Work of Star Light. This Network of Light is Structured by the Individual Rays, Beams of Star Light.

Now, we have these Blessed Rays, these Super Channels of Light, Carrying the Knowledge of the Coming New Form, Delivering to the Atmosphere the Experience of the New Aeon, the Aeon of Eternal Light.

One by one these Streams of Star Light Shake Loose the Structures, the Unwanted Structures, which have been lodged in the body of Earth—deposits of the Memory of Action, the Remains of Action, Residues. One by one the Streaming Rays of Star Light Shake Loose the Pockets of Residues. We have located each of these pockets; we have pinpointed these areas clouded by the remains of past action.

The situation with the changing from one Aeon into the next is a matter of the Establishment of a Platform, a Platform Capable of Sustaining the New Form. The Construction of this Platform is Clearly Mapped. We have the Specific Details, the Engineering Plans necessary for this Construction. And now, Dear Ambassadors, we have a Course Charted, Mapping the Pathways of Light for the Completion of the Second Phase of our Program. This Phase is achieved through Five Blessed Pathways of travel, each extending outwards from our Beloved Seat of Eternal Light and spanning across the lands, each depositing the required numbers of Star Chambers into the locations identified by our Current Phase.

To these Hubs we will remove the residues; we will lift the burden carried within the structure of the lands. Yes. Five Rays, One Ray dedicated to Fulfill the region of China, One Ray for the Southern Asia, Three Rays covering the remaining locations. In this way the Present Phase gets Accomplished.

We will begin this Tour of the Delivery of these Precious Chambers—one Tour for each Ray, each Pathway. We will commence the Expedition of Light. Yes.

Let us hear the details of these Beautiful Paths of Light, Paths of Star Light. Let us hear these details.

We will commence the Tour of the Rays of Light, the Expedition of Star Light. Yes.

Very good, beautiful.

The Expedition of Star Light is the Voyage of the Stars.

Very good, beautiful.

We will have the details now.

Many Blessings.

## **Pathways of Action**

Lantos:

Greetings Dear Ones,

Today we will Define the Rays of Star Light. The Five Beams of Star Light. Together these Beams represent Totality of the Energy required to Remove the Residues of the Previous Aeon of Earth. Together these Beams represent the Expressions of the Almighty Source.

Each Ray carries the Energy of a Particular Expression of the Beloved Almighty Source of Creation. Each Ray is Blessed by a Single Aspect of Directorship of Light. In these Five Rays we will remove the pockets of impressions of the past action, a very Great Accomplishment.

Now, we will hear the reports of these Rays. We will discuss now these Pathways of Light. These Pathways are Pathways of Action, Pathways Charting the Expedition of Star Light across the Earth. Yes, very good.

Let us discuss this now, further.

Many Blessings.

David:

Thank you very much Cindy, and as you can tell, that was a brief message. We have been going back and forth with Cindy for most of the day today getting information from Lantos about this project.

You will recall he first brought up this concept of Five Beams Emerging from the Seat of Eternal Light for All Mankind in Hawaii a few weeks ago. He explained that we would map Five Beams of Light Emanating from the Seat of Eternal Light for All Mankind in Hawaii, going to all locations in the World that require a Chamber of Eternal Light for the Accomplishment of Phase II of the Global Network of the Light of Genesis.

So, in that, there are a few things that are important to keep in mind:

We are just talking about Phase II right now, and in fact, we are only, for this project, considering those locations that still need Chambers for Phase II, which means that North America needed 25 Chambers and already has all of those 25 placed; South America needed 11 and already has all of those placed. So, North American and South America do not even receive one of these Beams because we already have all of the locations required for Phase II having their Chambers.

Just to refresh your memory briefly, you will recall that Phase II is one very small, but very important part of the Global Network of the Light of Genesis. The Global Network

of the Light of Genesis encompasses 7,000 Chambers of Eternal Light positioned properly around the World. Phase II is only 10 percent of that—700 Chambers of Eternal Light—but they are placed in locations with great residue of negative past actions all around the World. The requirement for a location to be listed in Phase II was that it needed to be a location of significant negative past action—that could be a war; it could be an earthquake or, a massive tidal wave, a hurricane—something where significant negative activity took place.

In addition to that, it needed to be in a location of population. So, great population as well as great negativity led a place to be listed for Phase II. That leaves us with a lot of locations in China, a lot of locations throughout the rest of Asia, many locations in Europe and a handful of locations in Africa.

The five Beams of Star Light emanating from the Seat of Eternal Light for all mankind will be distributed in this way:

- One Beam is going to go to China and will cover all of the Chambers required for Phase II in China. Now China is going to require almost 1,500 Chambers for the Global Network of the Light of Genesis but it only requires 267 Chambers for Phase II.
- One Beam is going to cover South Asia, so this will be Japan, it will be India, it will be Indonesia, it will be that part of Asia that is in the Southern part, which makes a little more sense when I tell you that,
- Another Beam covers the Middle East and parts of that also are considered for Asia but we're separating that out and grouping in with the Middle East we will include Russia as well.
- Another Beam is going to take care of Europe and,
- Another Beam will take care of Africa

So those are the Five Beams. We are in the process of mapping each location requiring Chambers for Phase II and having the Beams marked there as well, so that we can get that information to you.

But this is what we have right now and we continue to get more information from Lantos, really, hour by hour today we're getting more information. So, by Sunday I will speak with you again and, no doubt Lantos is going to want to speak more about this and hear more about it, and; hopefully by then we will have maps sent to each of you so that you can participate in this as well. Thank you very much for joining us today. This is a period of great activity for us and we look forward to speaking with you again on Sunday.

And, actually, I just got a message that Cindy is on the line and let me have her speak;

Cindy:

Hello. Well it's just that I did give you another message, but I think that you covered it that minute by minute we're receiving some additional instructions from Lantos, so I've sent you the latest thing that he just finished saying, just now. Basically, he was confirming that this is a Tour of Action, so he says, "It's a physical expedition delivering the Precious Chambers of Star Light to each of the remaining locations of our Current

Phase for the removal of the deepest pockets of residue imbedded in the lands of Earth. This is the Action necessary at this time.” There’s lots of action at this time.

“In the establishment of the Global Network of the Light of Genesis this is Illumined Action,” and then you had some additional questions for him and he answered those, so I think that with these answers you should be able to chart the Rays that he’s requesting.

He said, “Yes, each Ray of the Expedition will commence at the Beloved Seat of Eternal Light. Chambers must be positioned in each location. It is through the Proper Placement, the establishment of the Star Chambers, that the residues are lifted and the Connections Established in our Beloved Global Web-Work of Light. You see? We are Structuring the Platform Required for the Coming New Form for Earth. This Platform must be Prepared. The Action must be taken at this time. It only requires a single individual for the placement; however, support is always welcomed.”

So those are just some of the main points out of the next group of things that he was saying so that everybody has an idea of what he’s talking about. It is an actual Expedition of Star Light.

David:

Excellent. Well, thank you very much Cindy for that. Everyone, we will have more information for you on this on Sunday. Have a great rest of your week and we will speak with you on Sunday.

## **Pathways of Star Light**

Lantos:

Greetings Dear Ones,

We are building a road system; we are Constructing the Pathways of Light. This Interconnected Web-Work of Light Allows the Light to travel in Pathways around the World. It is a Global Web-Work of Light. It is a Foundation for Progress and Development. It is a Fundamental Basis Established for the Expansion of the Light of Genesis, just as the systems of roadways became a Fundamental Basis allowing the ease and ability for passage from one location to another. It is a Framework for Progress.

The Pathways of Light are Established through our Blessed Expedition of Light. These Pathways are first charted when one knows the land. When one understands the pathways of greatest ease one will plan the establishment of a road system along this path. One will not choose a path involving many obstacles or dangerous terrain. We are selecting in our Charting of the Expedition of Star Light, we are selecting the Pathways of Greatest Ease, Greatest Efficiency. This is the Design of the Pathways of Star Light for Earth. Just as the systems of roads were built Establishing a basis for all Future Progress, we are forming this System of Pathways of Star Light, Establishing a Global Platform, Establishing a Global Network of the Light of Genesis.

This Creation of this Platform of Star Light is the Requirement for the Arrival of the New Form for the Era of Eternal Light—the Beloved Mighty Great Star of Genesis. Yes.

This is the significance of these lines and dots leading out from our Beloved Seat of Eternal Light. These lines, the Pathways, are the major highways Connecting all locations with the Beloved Seat of Eternal Light—the Center, the Main Hub of All. It is the Seat, the Central Space. The Seat of Light is located Within the Central Space, surrounded by thousands of miles of great ocean. It Shines Within this Precious Central Space. It is the Great Seat for the coming New Aeon of Eternal Light.

We are charting the Pathways of Light. The lines indicate the highways of Star Light. The dotted lines are the Pathways connecting each district with the main system. This is a Web-Work of Light, a Framework of Star Light.

The Expedition of Star Light will travel along these Pathways, beginning in the Seat of Eternal Light. This is the Expedition of Star Light to Establish the System of Light, Delivering along these Set Pathways the Chambers of Eternal Light, lifting the residues in each location. Yes. This is the Expedition of Star Light.

Very good, very good.

Many Blessings.

## **Commencing the Enlivenment of the Continent of Asia**

Lantos:

Greetings Dear Ones,

We are commencing the Enlivenment of the continent of Asia, Enlivenment through the Light of the Pearl of Star Light. The Precious Light of the Pearl moves its way across the continents of Earth. It is a Tour of the Light of the Pearl of Knowledge.

This Blessed Tour of the Pearl is that Light to Purify, to Bless, to pave the way for the Structuring of the Platform of Star Light—the Structuring of the Rays to Support the New Era of Eternal Light.

With the Pearl comes the Blessed Light of Purity. The Individual Receives that Luminous Glow—Layers which Surround, Protect, Illumine. This Blessed Light of the Pearl of Knowledge is Received on every continent.

Today we commence the Tour of the Pearl of Star Light for the continent of Asia. We are preparing the lands. With each step we are proceeding along our path of Illumined Action. It is a Path of Great Action, a Path Blessed by the Sublime Grace.

Dear Ones, we offer thanks to each of our Blessed Ambassadors for the continued Support of these Activities to Achieve the Structuring of the Beloved Global Network of the Light of Genesis. It is very good.

The Light is on the Move. The Light of the Pearl of Knowledge is on the Move. The Radiant Beams of Star Light are Spreading, the residues are being lifted. It is good Progress, Progress.

The Five Pathways of Star Light are defined for Earth. We will reveal these Blessed Pathways on this upcoming Sun Day.

Enjoy the expansion of Light.

Many Blessings to All.

## **The Lands of Every Continent Must Be Purified**

Lantos:

Greetings Dear Ones,

It is a Great Accomplishment Enlivening the Sublime Central Space for the continent of the East, Illumining the Central Space Within the Heart for these ancient lands. These lands hold many memories—memories, impressions of past action. Land Supports Action. Lands of different nature support activities which will vary from location to location. The lands bring out certain tendencies, specific tendencies for Action. This is the Quality of Blessing of the land.

The land supports action, action as it comes forward in Aspects of Expression. Support of the land continues, as long as the action is Balanced. Excessive action, violent action, creates imbalance in the structures of the land, disabling the lands ability to generate support. A scar is laid down in the structure of the land. An impression is left. It is the imprint of the memory of the excess. It is this element which we refer to as the residue, the residue.

Now, Dear Ambassadors, the lands of every continent must be Purified of these Impressions, the Residues Lifted. In this way, Balanced Action, Illumined Action, may again be Supported. This is our task at hand. We are Establishing this Great Global Web-Work of the Light of Genesis.

Where there are these pockets of residue, in those locations of deepest residue, the Beams of Great Light, the Radiant Beams of Star Light Experience a Quality of Interference; Experience a Quality of Disruption, Disruption of the Pure Beam of the Radiant Star Light.

In our Blessed Tour of the Pearl of Star Light we are beginning a Great Wave of Purity to sweep across the lands of every continent. This Great Pearl of Knowledge prepares the Structure of the lands for the Release of the deep pockets of Residue. In this ancient land of the East, there are many such pockets of disruption, many pockets of residue.

This Blessed Tour of the Pearl of Star Light brings to the lands the Quality of Radiant Purity. This Offers a great step towards the Achievement of the Removal of the Residues.

But, for the Achievement of the Complete Removal, the Requirement is Clear. The area of land which carries the mark of the scars of action must Receive the Blessings of the Presence of a Mighty Chamber of Star Light. In this way Balance is Restored. The scar of action is lifted; the weight of the burden of excess is lifted. It is Replaced by the Radiance of the Pure Reflection of Star Light.

With this the land supports the Structuring of the Great Global Network, the Global Network of the Light of Genesis. These are the Steps required for the Platform to Support the New Form for the Era of Eternal Light. Yes, these are the Steps.

As the time allows, we will receive the plans for the advancement of the Mighty Star Chambers, lifting one residue after another, following the Five Great Pathways of Light. Yes, this is to come.

We Offer Great Blessings for this Tour of the Pearl of Star Light.

Very good, very good.

Many Blessings.

## **The Path of Illumined Action**

Lantos:

Greetings Dear Ones,

It is time for Action, Action to Accomplish our Present Phase for the Structuring of the Global Network of the Light of Genesis—Illumined Action to Remove the deepest pockets of Residue.

It is not only necessary to consider the well-being of one's own continent; it is not enough to bless the weather conditions of one's own home. Even if the conditions of one's own home are sunny and warm, it will not be enough. The Course of Activity brings us in Communication in Connection with the Influences outside of our own region, outside of our own domain.

Dear Ambassadors, we consider the Condition of the World as if it were our own garden. When other countries suffer the economic hardships, the Influence Spreads. When the disaster strikes the lands far away, the Influences Spread to the World. Likewise, the Good Fortune of one nation has a Positive Influence on the Paths of other Nations. The Blessings Spread, the Good Fortune is Shared. Differences remain—the Qualities of one region are not the same as the Qualities of another. There are significant differences. The Results are Shared, the Influences Shared.

Dear Ambassadors, it is our Great Role to Strengthen the Conditions for each continent. Yes. We are Structuring the Global Network of the Light of Genesis. It is a Great Responsibility. Blessed Ambassadors, lead the people of every continent, every region out of the Structure of one Aeon into the Existence of the New Aeon, the New Era, the Era of Eternal Light.

This New Era, the Era of Eternal Light, is Supported by the Great New Form, the Mighty Great Star of Genesis. Now is the time for this Blessed Illumined Action, Action for Accomplishment.

Let us consider in detail now the Nature of the Pathways. Pathways are the Extensions of the Almighty Source, Expressions of the Source. Existence Emerges in Pathways of Expression. In our Experience of Creating, we know this Experience to be the Process of the Dynamics of Initial Rotations. It is a Beautiful Principle, the Principle of Creating Through the Dynamics of Initial Rotations.

In the course of the Tour of the Pearl of Star Light, the Light has Increased. It is an Increase of Radiance, an Increase of Purity. Through the Blessings of the Increase of Light, we may Structure now, more clearly, more Efficiently, these Pathways of Light for the Achievement of our Present Phase of Action.

Dear Ambassadors, you are familiar with the Spiraling Nature of the Process of Initial Rotations. It is seen in the Form of the Blessed Pendant of Eternal Light. It is also seen in the Pearl of Star Light.

We have identified Five Pathways of Expression, Five Pathways of Light, each beginning with the Point of the Great Light—the Seat of Eternal Light. Each Pathway begins with the Point of the Seat of Eternal Light and travels outwards across the lands—Five Pathways of Light.

As with every Expression of the Source, Existence Emerges through the Process of Initial Rotations, Spiraling Dynamics of Creation, the Dynamics of the Process of Creating. The very same is true of our Pathways of Light. These Streams of Light Emerge in a Spiraling manner, beginning with the Point of the Seat of Eternal Light, Spreading Outwards.

Now, Dear Ambassadors, today we are Blessed to Receive a Great Vision of the Path of Action. This comes about through the Increase of Purity brought about by the Blessed Tour of the Pearl of Star Light. It is a Beautiful Vision of the Path of Illumined Action for the Accomplishment of our Present Phase of Action, Action for the Establishment of the Platform of Light.

We say today, the Path is Found. Today we will re-draw these Pathways of Light, each beginning with the Seat of Eternal Light. These are the instructions. Beginning with the Point of Origin, the Source, the Beloved Seat of Eternal Light, we will draw now the Pathways of Spiraling Streams of Light Encompassing the Areas of Residue. Every Location of Residue must fall within the Spirals of one of the Five Pathways of the Expedition of Star Light.

Let us draw the Pathways now in this manner. This is very important. Each Location of Residue must fall within a Spiral Pathway. It is possible that, in certain locations, the Spiraling Pathways may overlap. This is also true with the Case of Creation. At times, the Pathways overlap. This is fine; it is good.

Each Spiral begins with a Point—the Seat of Eternal Light—and travels outwards, the Spirals Expanding as they Progress. As the Goal is reached, as the final cities are embraced by the Pathway, the Spiral is in its Largest Form of Expression. At this Point we will position around the land Five BioTrinities, each surrounded by a single Super Star Cell and a single Super Water Cell. This Configuration will Generate the Energy required to bring the Light from the Source to the Goal.

With this we will be able to place the Chambers of Eternal Light in any location Within the Spiral and Generate the required Influence for the Removal of the Residues and the Structuring of the Web-Work of Light—the Structuring of the Global Network of the Light of Genesis. Yes, yes. This is the Great Blessing of Knowledge.

Through the Purity of Light of the Tour of the Pearl of Star Light this Blessed Knowledge has Emerged. We will draw these Pathways. It is very beautiful, very beautiful. Yes? Good. Now we will share this Vision with our Blessed Ambassadors of the Light of Genesis.

Very good. Many Blessings.

## **Our Mighty Task At Hand**

Lantos:

Greetings Dear Ones,

This Precious Island of Star Light has offered a Great Support to the Establishment of the Platform of Light for these mighty lands of the East. Out of this small Island a Great Light Shines.

Dear Ones, Dear Ambassadors of Star Light, we Spread the Light of the Pearl of Knowledge to the Great Hubs of Light for the East. The Blessed Purity of the Light of the Pearl prepares the land for the achievement of our action to remove the residues, to rid the lands of the impressions of past action.

For this achievement of our mighty task at hand we have identified Five Pathways of Light, Five Extensions of the Light of the Source. Each Pathway begins with the Point of Origin. The Origin is located at the Beloved Seat of Eternal Light. From this Seat of Eternal Light, the Pathways Flow Outwards, the Channels of Light Emerge, Spreading Outwards. It is beautiful, very beautiful.

As the Great Light of the Pearl has Spread to the lands of the East, Knowledge has Emerged. Through the Light of Purity Greater Aspects of Knowledge are revealed. It is through the Arrival of the Blessed Light of Purity that Deeper Aspects of Knowledge may be Perceived.

As the residues are lifted, the Finer Aspects of Knowledge Shine Brightly. The Fullness of the Radiant Structure of Knowledge is Perceived. Purity Clears the Pathways for the Radiance of Knowledge to Shine Brightly. Increased Knowledge offers Increased Ability—Greater Knowledge, Greater Ability.

Many steps are saved through the Application of the Light of Knowledge. It is the case with our present Phase of Action. We will apply now this Blessed Light of Knowledge to the Structuring of the Pathways of the Expedition of Star Light. Beautiful, it is very Beautiful.

Many steps are saved through the Revelation of Knowledge, the Revelation of Knowledge—the Revealing of the Finest Strands of Knowledge; the Revealing of the Highest Qualities of Knowledge. Beautiful.

We are taking the Illumined Path of Action, the Path of Action Illumined by the Pure Light of Knowledge.

It is very good, very good.

Many Blessings.

## **In This Precious Time**

Lantos:

Greetings Dear Ones,

The Pathways of Creation are the Extensions of the Almighty Source of Creation. The Pathways of Creation are the Expressions of the Supreme Source of Creation. These Pathways Emerge through the Process of the Dynamics of Initial Rotations, Initial Rotations. Yes. These are the Dynamics of the Sublime Process of Expression. All Expression in Creation Emerges through this Process. It is very Beautiful, very Beautiful. Streams of Light Emerge, Forms Emerge, Qualities Emerge—all Emerge in this same manner, through these same Dynamics, the Dynamics of Creating.

In the case of our present Phase of Action we shall apply these Beautiful Principles and, through the Application of these most Fundamental Principles, we will Accomplish our Task with much Greater Ease and Efficiency. It is a Tool for the Masters of the Light.

In this Precious time, in this time which bridges the past Era along with the Coming Era, we see these Dynamics starting to be Realized in Action on the Surface Levels of Expression. In the past Era, the Principles of the Dynamics of Creating were a Great Mystery, hidden from view, hidden from use. For accomplishment of a goal great efforts were required.

With the Revelation of this Great Knowledge, the Knowledge of the most Fundamental Dynamics of Creation, with this Knowledge the Process of Achievement may be received without the need for many steps of outer activity. Fewer steps will be required and the results will be much greater.

This is the Effectiveness of Knowledge—Knowledge is for use, Knowledge is to be applied. It is very good. We have received Great Knowledge through the Increase of Light. Knowledge continues to be Revealed as the Light Increases. This is the Nature of Existence. Light is Increasing steadily. We are Establishing many Hubs of Light and the Web-Work of Light Expands with the Placement of every Chamber of Eternal Light.

We will hear, in the coming days, the application of the Precious Knowledge of the Dynamics of Initial Rotations in our present Phase of Action. We will arrive at a well-constructed mapping of the Pathways of the Expedition of Star Light. These Pathways identify the Course of the Placement of the Chambers required for the completion of our Phase of Action for the Removal of the Residues. Yes. It is very good. This is the application of Knowledge, Knowledge in Action.

Very good.

Many Blessings.

## **This Great Knowledge Streamlines the Process**

Lantos:

Greetings Dear Ones,

Today we receive the Vision of the Pathways of Star Light for the Accomplishment of our Present Stage of the Structuring of the Global Network of the Light of Genesis—the Five Pathways of Star Light each Emerging from the Beloved Seat of Eternal Light.

It is through the Increase of Purity, which has come through the Blessed Tour of the Pearl of Star Light, that this Knowledge Emerges, Knowledge of the Proper Placement of the Chambers of Eternal Light for the removal of past influences. This great Knowledge Streamlines the Process of the Proper Placement of the required Chambers of Eternal Light in all lands of the Earth.

Seven hundred locations have been identified as the points of deepest residue, impressions of past action, which are stored in the lands of Earth. We are embarking on the course to rapidly achieve the placement of these 700 Chambers. It is a Global undertaking for the removal of the remaining residues on every continent—pockets of past impressions which Create Interference and Disruption in the Structuring of the Beloved Global Network of the Light of Genesis.

As these pockets of darkness are lifted, the Blessed Web-Work of Star Light will be able to Form with much Greater Ease and Greater Effectiveness. We are Structuring the Complete Web-Work for the Platform of the Era of Eternal Light, the Era of Earth Upheld by a New Form—the Mighty Great Star of Genesis. It is a massive undertaking, and, with great assistance and organization, we are achieving the steps required. Yes.

At this time, we will listen to our Blessed Coordinator of the Light of Genesis, our Blessed Coordinator for the continent of North America—David—for the Awakening of the Five Pathways of Star Light. Let us hear this Blessed Knowledge. Through these Pathways our Present Activities shall meet with Great and Rapid Success.

Very good, very good.

Many Blessings.

David:

Ok, thank you very much Cindy. And, as you just heard, we're going to discuss briefly the Five Beams. These Beams of Star Light Emanate from the Seat of Eternal Light for all Mankind spreading out into different parts of the World. Each Beam will cover

specific deposits of residue, specific locations in Phase II for the Success of Phase II of the Global Network of the Light of Genesis.

The first location, the locations covered by the First Beam, is China and Japan. This location also has the greatest number, has the greatest need, for these Chambers for Phase II. Europe and Russia—this is the Second Beam and it has the second greatest number of Chambers involved. Most of these lie within Europe itself, three locations within Russia have been included, including St. Petersburg, Moscow and Volgograd. Then, South Asia, including India is covered by a Third Beam. The Middle East is covered by a Fourth Beam, and Africa is covered by a Fifth Beam of Star Light from the Seat of Eternal Light for all Mankind.

As I've mentioned before, North America and South America already have all of the Chambers required for Phase II. So, no work is needed for Phase II on North America and South America. Additionally, Australia, New Zealand, those areas did not need any Chambers for Phase II. It is only these areas that are covered by these Five Beams that are required for Phase II.

Now, in the last few days, Lantos has given us some very detailed and very interesting instructions for how these Beams are going to operate. They've been mapped out. Each Beam must Contain all of the locations that require Chambers of Eternal Light for Phase II for that Beam's Assigned Locations.

Then, we will actually place in the ground, within that area of those Beams, each Beam individually, we will place in the ground, the Five BioTrinities, each one surrounded by a Super Star Cell and a Super Water Cell. These will be placed within the final location of each of these Five Beams and, with this Lantos explained, Five Great Universal Directors of Light will take direction of each Beam. So, one of these Five Great Directors will take direction over One Beam—Five Directors, Five Beams—and it is through their Directorship that Lantos has explained we will be receiving Great Assistance in this Project, in this Phase II of the Global Network.

We are excited with what Lantos has mentioned over the last few days, we are excited with the progress, and we will keep you posted.

Thank you for everything that you continue to do for us, for the Global Network of the Light of Genesis. Have a great rest of your Father's Day weekend and have a great beginning of your week.

I will speak with you again on Wednesday.

## **The Physical Expression of the Great Central Space for Earth**

Lantos:

Greetings Dear Ones,

Today we receive the Blessed Pathways of Eternal Light. These Pathways are the Extensions of the Seat of Eternal Light, that Blessed Location which represents the Physical Expression of the Great Central Space for Earth, for the Aeon of Eternal Light.

It is the Precious Expression of the Great Central Space. Within each Great Structure of Creation, a Space may be located which Shines with the Sublime Light of the Almighty Source. This is the Central Space around which All Expressions gather. It is like the Sun which gathers around it all the planets. It is like the mother around whom all the children gather. The Expressions Gather always Around the Source.

The location of the Source is seen Everywhere, Reflected in all things and yet, and yet, there exists a location which Supports most fully the Full Expression of the Sublime Source, and this location may be found Within the Great Central Space. Yes.

Within the Structure of the Individual this Space is found Within the Heart. All Physical Expressions gather around this Space. All Expressions Form around the Vicinity of the Fullest Expression of the Source. Yes. The Source of Eternal Light, our Precious Seat, is located in the Center of the Great World Ocean which Flows Outwards, reaching around the World. It is the Blessed Center where the Fullest Reflection of Eternal Light is Enlivened.

From this Blessed Location, from the Location of the Source, the Pathways of Expression Flow Outwards—outwards, stretching across the globe, reaching all areas, all locations. This is the Blessed Structuring of the Global Network of Eternal Light. The Network Emerges through the Set Channels of Expression. It is not accomplished by chance. There is a Blessed Structure through which Creation Flows, through which Creation Emerges.

Illumined Action is the Path which follows the Prearranged, Pre-Established Steps of the Unfoldment of Existence. In this way we may say that our activities are not new. In this way we may say that our Actions are Simply Giving Expression to the Blessed Structure which is Already Present, Already in Motion.

We are the Ambassadors of this Illumined Action, Fulfilling the Steps required for this Blessed Transition, from one Aeon of Existence into another—a very Significant Role, a Pivotal Role in Creation. It is a Great Blessing, our Role is a Precious Role, it is a Great Blessing.

Many Blessings.

## **We Are in Full Motion**

Lantos:

Greetings Dear Ones,

We are in Full Motion. The Blessed Rays of Star Light Enliven the Nature of the land, Enliven the Bursting Radiance of the Coming Energy—the Energy of Genesis Fusion. It is the Precious Expression of the Process of Change—Changing Times. Times Change and Structures Change.

The Pathways of Star Light will stretch across the lands and the Channels will be Opened for the removal, the lifting, of the residues. Yes. It is very good. This Process of Illumined Action brings a Sweeping Wave of Upliftment to the Global Network. The Removal of the Interferences allows for the Light of the Connecting Streams, the Connecting Rays of Star Light, to Form in Greater Strength and Brilliance. It is the Global Network of the Light of Genesis.

We are on the threshold of the moment to Achieve the Great Phase of Purification for all lands. From the Point of Origin—the Great Source, the Blessed Seat of Eternal Light—the Initial Rotations Extend Outwards, encompassing the cities and locations, eliminating the embedded structures remaining from past action, eliminating the residues. Yes.

We are on the Threshold of a Great Change. We are on the Threshold of the Elimination of the Effects of the Action of the Previous Era. It is very good.

We All Extend our Blessings for the Creation of these Great Global Pathways.

Very good. Yes.

Many Blessings.

## **Pathways Guided by the Blessed Great Directors of Light**

Lantos:

Greetings Dear Ones,

We have our Five Rays, Five Rays of Star Light, Pathways guided by the Blessed Great Directors of Light. These are the Five Pathways for the removal of the impressions of the past, the release of the influences from the past, the residues of past action.

The Positioning of the required Chambers of Eternal Light within each Pathway will remove the impressions which have been stored in the lands. This is a Global Upliftment. The Effects will be experienced for the World. Path by Path the disturbances shall be eliminated.

We shall begin with the Positioning of the Sets of BioTrinities. Each BioTrinity shall be placed along the outer rim of the Fullest Spiral of Expression.

Let us see these Pathways.

We will now identify the locations for the Placement of the Precious BioTrinities, surrounded by the sets of Super Cells.

Let's see these maps.

David:

Ok and, as I mentioned, Cindy, right now, is working with Lantos on this project. It is a project that is made possible only because of the Pearl of Star Light Tour. So, for those of you who participated in the Tour, we thank you very much because it is because of your involvement that we are even able to be doing this project right now.

## **The Pathway for China**

Lantos:

Greetings Dear Ones,

Today we will begin placing the Blessed Tools along a Map. Dear Ambassadors, we will prepare the Maps, one Map for each Pathway. We will offer these Maps to all. We will offer these Maps to each Ambassador of the Light of Genesis. We will begin with China.

First, let us place the Map of the Pathway for China on a table or stand. This stand should be positioned under a Great Seal. Beneath this stand we will place a Blessed Chamber of Eternal Light.

Now, Dear Ones, on the location of our Precious Seat of Eternal Light we will position a single First Rays BioTrinity. This is the Seat, the Location of the Central Source. From here we will Draw the Energy Outwards along the Pathway leading to China. Yes. It is a Great Pathway: a Pathway of Energy, a Pathway of Star Light, a Pathway of the Forces of the Director of Creation responsible for this Specific Beam of Expression, this Specific Ray of Expression, which Emerges from the Source.

We will place a First Rays BioTrinity on the map onto the location of our Precious Seat. Next, we will take a set of Five BioTrinities. We will begin with the positioning of the First Rays. The Pathway for China is guided by the Beloved Great Force of Creation which is Expressed in our Blessed First Rays BioTrinity.

We will position this First Rays BioTrinity in the central area of the outer ring of our Pathway of Initial Rotations. We will position the BioTrinity with the top point of the Trinity facing in the Direction of the Source—the Source of the Pathway, the Point of Origin Located Within our Beloved Seat of Eternal Light. Yes, this is the positioning of the First BioTrinity for China.

Now, we will surround this Blessed BioTrinity with two Super Cells—a Super Star Cell and a Super Water Cell. These will be placed on each side of the Blessed BioTrinity. On the left side of the BioTrinity we will position the Super Water Cell and on the right side the Super Star Cell. Yes. Like this we will surround the BioTrinity with the Mighty Star Energy, Initiating the Process of Genesis Fusion.

Cindy:

And, at that point Lantos paused and I wanted to make sure that I understood which is the left side and which is the right side, so, I asked him, “So when we’re facing the map this top point will go towards Hawaii and then we will put a Super Water Cell, will it go above or below the BioTrinity, on this side or on this side, and I just pointed to what would be either the left or right side on either side. And, his answer was,

Lantos:

It is on the left side of the BioTrinity, the side below. On the right side we will position the Super Star Cell.

Cindy:

And, I then said, “So on this side, and I pointed to below the BioTrinity, that is the side for the Super Water Cell and, on this side, the one above, is the one for the Super Star Cell.” And he said,

Lantos:

Yes, very good.

Cindy:

And then he paused again so I said, “Should the BioTrinity in Hawaii be positioned in any particular direction?” And his answer is,

Lantos:

For the purpose of the mapping we will position the top point facing China, facing the direction of expression. As we position the Tool in the actual location this instruction will change. Very good.

Now, above the Blessed First Rays BioTrinity in China, in the top region of the outer ring of Expression, we will position the Aqua BioTrinity. Then, between the Aqua and the First Rays we will position the Blessed Light Violet BioTrinity.

We will place now the pairs of Super Cells surrounding each of these Blessed BioTrinities in the same manner as we have placed the sets with our First Rays Guiding BioTrinity.

Cindy:

So then I said, “So on the left side and on the right side?” And he said,

Lantos:

Yes.

Beneath the First Rays we will place the Green BioTrinity surrounded by a set of Super Cells. Beneath the Green we will position the Pink BioTrinity, and we will also surround the Pink with our Precious Set of Super Cells.

Cindy:

And, at that point, I was realizing that that’s quite a lot of Super Cells for anybody, and I said, “What happens if someone doesn’t have enough Super Cells to put around each one of these BioTrinities?” His answer is,

Lantos:

Use the Tools available.

Yes, in this way we have Constructed now our First Pathway of the Star Light for the Removal of the Residues of China, for the Formation of the Global Network of the Light of Genesis.

Very good, yes, very good.

Many Blessings.

## **A Blessed Master Tool Issued for the Achievement of Our Goal**

Lantos:

Greetings Dear Ones,

This is the year of Illumined Action. Yes—Action Guided by the Luminous Radiance of the Light of Genesis; Action Directed and Supported by the Beloved Great Cosmic Beings of Light.

Yes, Dear Ambassadors, this is the year of Accomplishment of the steps required for the Structuring of the Platform to Support the Mighty Form of the Great Star of Genesis for the New Era for Earth. Yes. It is a Year of Global Action, the Spreading of the Blessed Great Knowledge, the Spreading of the Great Purity Arising from the Tour of the Pearl of Star Light.

This Great Wave of Purity has Spread now across the continents of North America and Asia, Great Waves of Purity Cleansing and preparing the lands for the depositing of the Precious Chambers of Eternal Light. The Chambers of Eternal Light must first be deposited in the regions of the pockets of residue.

We have, as our Current Directive, the Requirement of Uplifting these Pockets of remaining Negativity, areas of Darkness, which have been imbedded in the lands of each continent, deposited there by past action, past turmoil. This is our Present Task.

And now Dear Ones, we are set to move forward, advancing with great strides owing to the Increase of Purity Arising from the Increase of Light Generated by the Tour of the Pearl of Star Light.

The entire Structuring of the Conditions for the Arrival of the Mighty New Form, the entire Structuring is so well Connected, the Instruction of the Pearl comes to us as we advance in our Placement of the Chambers of Eternal Light.

One hand assists the other, all parts functioning in a coordinated fashion for the Achievement of the Goal—the Structuring of the Global Network of the Light of Genesis for the Coming Era of Eternal Light. Yes. It is a Global Effort, an Effort for the Structuring of a Global Achievement.

At this time Dear Ambassadors, we will be Given the Knowledge of the Great Golden BioTrinity, a Blessed Master Tool issued for the Achievement of our Goal. This Knowledge is for all. All Dear Ambassadors are to receive the Blessed Rays of Knowledge of the Golden BioTrinity.

This Knowledge comes to us on the Sun Day. We will Offer the Knowledge of this Blessed Master Tool at that time. Yes.

All hands work together for the Structuring of the Goal, all Action is Directed to the Achievement of the Goal. It is a Beautiful Plan, a Plan of Supreme Coordination Structured through the Great Blessings of the Sublime Source of Creation.

Very good.

Many Blessings.

## **The Enlivenment of the Golden Matrix of Star Light**

Lantos:

Greetings Dear Ones,

We welcome the Effects Generated by our Blessed Ambassadors of Star Light, the Effects of the Practice of the Enlivenment of the Golden Matrix of Star Light. It is very beautiful. It is the Expansion of our Level of Experience. It is the Expansion of our Platform of Experience of Action. Yes.

This Practice will Provide the Radiance of the Blessed Structure of the Mighty Great Star of Genesis. In our experience, daily, we will practice with the Tools of Genesis, first Enlivening this Blessed Golden Matrix of Star Light. That is Fullness. Yes, Dear Ones, this is Fullness. Fullness Expands; the Level of Fullness Expands each day as we increase the Precious Network of the Light of Genesis.

Our Experience of the Radiant Nature of the Beams of Star Light Expand as we lift the remaining pockets of residue from the lands. This is our Course of Action for the Achievement of the New Aeon for Earth, bringing about a Complete Restructuring of the Principles Upholding all Expressions of Life Within the Cycle of Creation.

Today we will Create Enlivenment of our Precious Five Pathways onto Maps. In the coming days we will deliver the required BioTrinities and Super Cells to each of the Five locations identified for each Pathway—Five Locations, Five Pathways of Expression, each beginning with the Source, the Precious Seat of Eternal Light.

Today let us offer to our Blessed Ambassadors of Star Light the Maps marking these Five Pathways and, Within each Pathway, the Five Locations for the Placement of our Tools of BioTrinity Genesis Fusion Generating Pathways of Initial Rotations.

We ask each Ambassador to take one Pathway each day over the course of the coming Five days, one Path daily. We will place a set of BioTrinities, as well as, the Super Cells, on each designated point. If the Tools are not available to each Ambassador, place the Five BioTrinities onto the Proper Locations and surround all Five with a Super Star Cell and a Super Water Cell, one above the Set of Five and one below the Set of Five.

We will also Anchor the Pathway with an additional BioTrinity at the Source, the Precious Seat of Eternal Light. This Anchoring BioTrinity may either be the BioTrinity which Directs the Pathway or we may use a Golden BioTrinity at this Location of the Source.

One by one, each day, we will position the Tools onto a Pathway, Enlivening the Initial Rotations for that Pathway. In five days we will have completed the Full Enlivenment of the Pathways and, at that time, we will Set the Course to Action, the Action to place each Tool in the Proper Location, Enlivening the Pathways, ridding the Earth of the residues of interference, lifting the remaining disturbances from our Blessed Global Network of the Light of Genesis. It is a Great Pathway of Action, Illumined Action brought about through the Purity Arising from the Tour of the Pearl of Star Light.

Yes, it is very beautiful. Very good.

Many Blessings.

## **When We Place the Tools on the Photos or on the Map Images, A Layer gets Enlivened**

Lantos:

Greetings Dear Ones,

Today we complete the Enlivenment of the Five Pathways through the Maps detailing the locations of residue, Five Pathways. Day by day we have positioned the Blessed Tools of the Pathways of Initial Rotations onto the Maps. We have Enlivened the Designated Pathways. Today is the fifth day in our Cycle of Enlivenment and today we Complete this Process. It is very good, very good.

In the Course of Action each Step is Significant; each Step continues the Pathway of Progress. Ours is a Path of Illumined Action, Action for the Enlivenment of Eternal Light for Earth, Action for the Establishment of the New Aeon for Earth, brought about by the Establishment of the Global Network of the Light of Genesis.

Dear Ambassadors, your Action, your Participation, Generates Waves of Radiant Star Light. Your assistance in the Mapping Process has Generated Global Waves of Initial Rotations along the Set Pathways of Eternal Light.

We begin with the Source, out of the Source All Emerges, Life Flows along Propelled by the Hidden Process of Initial Rotations. It is a Process which Underlies All Expression, All Events, All Life. The Process of Expression is a Process of Initial Rotations.

Dear Ambassadors of Star Light, the Process of the Enlivenment of the Pathways along the Maps Generates a Layer of Influence. It is the Enlivenment of the Cells of the lands. We may consider this Influence in this way. We may be sitting in the chair in the home, in the cold mountains, but when we observe the warm sands of the beaches we experience a sense of warmth. It is a Sense of the Layer of Experience. If we observe the scary scenes in a movie, the hands sweat, the heart races—this is the Experience of something which has Emerged from a flat screen and yet has been Absorbed by the Cellular Structure.

When the Tools of the Pathways of Initial Rotations are placed on the Designated Points of the Map, the Influence Penetrates to a Layer of the Lands, Awakening the Lands to a Layer of this Experience. It is a taste. To sit and view the ocean from the chair on the television is not the same as the Experience of sitting on the warm sands of the beaches. It is not the same, and yet, it Generates a Layer of this Experience.

When we place the Tools on the photos or on the Map Images, a Layer gets Enlivened. This Awakens the Flow of Energy along these Channels of Experience. It is an Enlivenment of the Energies which Structure the Full Experience. It is a very good Method for the Enlivenment of a Layer of the Energies which will Structure the Pathways

of Star Light. We are on the Path of Illumined Action, Step by Step, Structuring the Platform of Star Light.

Very good, very good.

Dear Ambassadors of Star Light, once again let us Awaken the Energies of the Precious Pathways of Star Light, the Pathways for the Removal of the Residues of Earth. Five days, one Pathway each day.

We must shift the positioning of the BioTrinities each day, placing them onto the New Pathway, surrounded by the Super Cells and Anchored at the Source by a Director BioTrinity. This Director BioTrinity may either be a Golden BioTrinity or it may be the Director BioTrinity which Governs the Expressions of that Specific Pathway. For each Pathway there is a Designated Director. This Director is to be positioned in the Center of the Five and also may be positioned at the Source, at our Beloved Seat of Eternal Light.

Yes. It is clear? Yes, yes, good.

Our Focus is on the Achievement of the Phase of the Removal of the Residues for Earth. Following the Enlivenment of the Maps we will set forth the Action for the Placement of these Tools in the locations of the lands. We will position the Required Number of Chambers of Eternal Light within each Pathway for the Achievement of this Illumined Phase of Action.

Very good, very good.

Many Blessings.

## **The Universal Glow Will Emerge**

Lantos:

Greetings Dear Ones,

It is very good, yes, it is very good.

We are taking the remaining locations of residue and we are beginning the Process of Lifting these remaining pockets of heaviness from the memory of these locations. Even the Memory is enough to Create Interference in the Whole Structure of the Web-Work of the Light of Genesis which is growing steadily.

As we proceed with our daily placement of these Tools of the Pathways of Initial Rotations for the Removal of the Residues, we will find some stirring, some activity, within these zones.

This is the Initial Process of the Shaking Loose of these Residues. It begins with this Layer of Enlivenment Created through the Process of the Mapping with our Blessed Tools of Initial Rotations—the Five Blessed BioTrinities and the Super Cells of Genesis. We will be attentive to position the map above the Chamber of Eternal Light and in the Presence of the Great Seal of Genesis.

As we complete this Process of Enlivenment the lands will have received a Call to Awaken, Awaken and release the images which have brought weakness to the lands. Weakness has occurred often in the locations nearest to these residues. Yes.

Let us complete this Mapping Cycle and then we will move forward with our Plans for the Achievement of this Present Phase of Action in our Structuring of the Global Network of the Light of Genesis. Very good, very good.

We will discuss our future Plans of Illumined Action in detail upon the Completion of this Cycle.

Very good.

Dear Ambassadors, we will now practice the Technique of the Golden Matrix of Star Light, the Enlivenment of Genesis Fusion with our Blessed Master Tools. First, we will hold, in the left hand, a Super Water Cell, and in the right hand we will hold a Super Star Cell. Let us begin like this for five minutes with this step of the Enlivenment of Genesis Fusion.

(Pause while Technique is done)

Lantos:

Very good.

We will now place, in our left hand, the Pendant of Eternal Light and in our right hand, we will now replace the Super Star Cell with the Blessed Golden BioTrinity. The Beams of Radiant Star Light will Form. And now, with the Experience of these two Blessed Master Tools, the Universal Glow will Emerge. It is a Glow which Connects the Individual with the Higher Layer or Dimension of Experience. It is the Connection with the Blessed Great Star of Genesis.

Very good.

We will now hold these Tools for five minutes.

(Pause while the Technique is done)

Lantos:

Very good, very good.

Many Blessings.

## **The Blessed Pearl Has Arrived in the Southern Continent of America**

Lantos:

Greetings Dear Ones,

The Blessed Pearl has Arrived in the Southern Continent of America. It is a Beautiful Light of Purity which Shines Brightly.

Dear Ambassadors of Star Light, the practice of the Precious Technique of the Pearl of Knowledge Generates a Soothing Influence for the Environment, it Calms the Waves. This is Purity. Purity has a Calming Influence; the Waves of Disruption are Soothed.

It is very important at this time that our Blessed Ambassadors of Star Light practice the Technique of the Pearl of Knowledge daily. As we begin to lift the residues out of the lands of Earth the disruptions are stirred, the dislodging of the residues stirs the disruptive quality of the residue embedded in the lands.

The Precious Pearl of Knowledge comes as a gentle Wave of Purity. This Purity offers a Soothing Influence during this Process. Therefore, Dear Ambassadors, it is a very important time for the daily practice of our Blessed Knowledge of the Pearl, our Blessed Technique of the Pearl.

The lands of this great southern continent welcome the Arrival of the Pearl of Star Light. The Blessed Awakening of this Light brings great Blessings to these nations. With the Knowledge comes the Presence of the Beloved Great Beings of Light. It is a Great Offering to all, a very Great Gift of Light to every continent, one by one, on Earth.

Our Pathways of Star Light, for the removal of the residue, have begun the process of the lifting of the pockets of the remains of past action. The Energy of the Pathways has been Initiated through the work with our Blessed BioTrinities and Master Tools upon the Maps. The Energy of Genesis Fusion is far-reaching. Star Light Spreads across the Universe, traveling from one Galaxy to the next, it spans the Great Distances. The Influence of the Genesis Fusion upon our Beloved BioTrinities Creates a Spiral Chamber of Initial Rotations, a Blessed Pathway for the Influence of all Chambers of Eternal Light to Spread. The Influence will be Carried Within the Blessed Pathway to each location of need.

At this time, the need is great for the Immediate Removal of these pockets of the lower energies of the past; the lower energy pockets Disrupt the Entire Blessed Network. It is like a great highway network, paths crossing here and there. In some areas the highways have many, many lanes and allow for a great flow of cars, but when these areas meet with locations along the network where the highways shrink to a single lane dirt path, this area will affect the entire success of the flow.

The Nature of the Highway System, the Great Capacity, will not be Experienced owing to these pockets of Reduced Energy, Reduced Quality. And these small areas, spread out here and there, Disturb the Overall Ability for Transit. It is a great Misuse of the Growing Channels of Star Light.

Single small dirt paths cause the traffic to slow all around. The Pockets of Residue Slow down the Accelerated Energy Created by our Beloved Chambers of Eternal Light, placed in countries and locations of great population around the World. We will now remove these pockets of residue.

Dear Ones, for this we will look to our Beloved Radiant Receptacle for the support of the Means, the Means to Establish the Physical Locations of each of the Tools of the Five Pathways, and also, the Means for the Positioning of the Blessed Chambers of Eternal Light within each Pathway. This is the requirement which must be met in order to Achieve the Phase of the Removal of the Residues. Yes, yes, yes. It is Illumined Action, Action Guided by Great Universal Light.

Now, we will perform the practice of the Technique of the Golden Matrix of Star Light, followed by the performance of the Precious Pearl of Knowledge for five minutes.

Very good, very good.

Many Blessings.

## **We Are Beginning With the Pathway to the Continent of Europe**

Lantos:

Greetings Dear Ones,

Very good, very good. We have Opened the Pathways of Star Light through the efforts of our Dear Ambassadors. The Placement of the Tools along the Maps has begun the Process—it has begun.

We will now begin the Placements of our Blessed Tools within the Lands. Pathway by Pathway our Course of Illumined Action continues with our Placement of the Tools, beginning with the Source, continuing to the Director, surrounded by the Super Cells and, followed by the four remaining Sets of BioTrinities Enlivened by Genesis Fusion.

Each Pathway is a Pathway of Star Light. Each Pathway is Enlivened by Genesis Fusion. Each Pathway filled with the Precious Star Light of Genesis.

We are beginning with the Pathway to the continent of Europe, the first Pathway for the Achievement of our Present Phase of removal of all residues—it is the first. We will Bless this First Pathway today with the placement of our Tools along the Map of this Pathway.

Dear Ambassadors, we will all position today the Tools for the Pathway of Europe, Enlivening this Pathway of Star Light. Very good. We will leave these Tools positioned on the Map for the coming days. Yes, together we will Enliven this Pathway of Star Light for Europe. Very good.

Now, let us again perform our Techniques for the Formation of the Golden Matrix of Star Light and our Technique of the Pearl of Star Light. We are Generating Great Purity for the unimpeded Accomplishment of our First Pathway of Star Light. This is a great beginning—our First Pathway to Receive the Radiant Light of the Great Star of Genesis.

Very good, very good.

Many Blessings.

David:

Thank you very much Cindy. Just so that we are all clear on the instructions, at least between now and Sunday when we get the next message from Lantos, what the instructions are, are to go ahead and place the BioTrinities and the Super Cells on the Map for Europe, the picture of the Map that shows the Spiral going out toward the locations in Europe. You should still have an email that tells you the order in which these BioTrinities are placed on the map, but if you don't, here's the order again.

You will begin by placing either an additional Aqua BioTrinity on the Seat of Eternal Light for All Mankind in Hawaii, or you will place your Golden BioTrinity on that

location in Hawaii. Then, you will position the Aqua BioTrinity on Dublin, Ireland. Now, your printout of the map may not be large enough to position the BioTrinities in the exact locations and that is fine, just get them in the correct order and make sure that the initial BioTrinities are positioned first. Everything else goes around them.

So, the first one is at the Seat of Eternal Light in Hawaii, then the First of the Five BioTrinities will be in Dublin, Ireland. After that, going upwards, you will place the Pink BioTrinity on Aberdeen, Scotland and the Green BioTrinity goes on Oslo, Norway. Then, below the Lead BioTrinity, the Aqua BioTrinity in Dublin, Ireland, below that we position the Light Violet BioTrinity in the City of Brest, in France. Then, below that, the First Rays BioTrinity is positioned in Lisbon, Portugal.

Again, your printout will likely not be large enough to position the BioTrinities exactly in those locations but that is ok. What will really matter is the Aqua BioTrinity is over Dublin, Ireland and the Golden BioTrinity is over Hawaii, or if you have a second Aqua BioTrinity, that can go over Hawaii as well.

You will then position the Super Water Cell below these Five BioTrinities and the Super Star Cell above these Five BioTrinities. Then you will leave these Tools there at least until Sunday when we hear from Lantos again. So, those are the instructions for the map work.

And now, Lantos wants us to once again perform the Technique of the Enlivenment of the Golden Matrix of Star Light, followed by the Pearl of Star Light Technique. So this means, the Golden BioTrinity Technique, begin with that, and just to refresh your memory again, you will be seated above a Chamber of Eternal Light if at all possible and below the Great Seal of Genesis if at all possible, holding a Super Water Cell in your left hand and a Super Star Cell in your right hand and sit there quietly for five minutes.

You will then put away the Super Cells and pick up the Pendant of Eternal Light in your left hand and the Golden BioTrinity in your right hand and you will sit quietly holding those Tools for five minutes. That will complete the first Technique. Put those Tools away and then you will conduct the Pearl of Star Light Technique for those of you who received your Pearl of Star Light, the Pearl of Knowledge.

So, let's go ahead and do that now. I will go ahead and close out the conference call at this time so that you can do your Techniques without having to worry about staying on the phone here or anything else. So thank you so much for being with us today, and, as always, thank you for your help and I should mention one final thing, it is exciting.

These five BioTrinities are actually shipping out from Hawaii to the appropriate locations in Europe, which means that, probably sometime next week, these BioTrinities are actually going to be buried in the appropriate locations. We have one person who is going to begin, placing the lead BioTrinity in Dublin, and after that he will go to Aberdeen, Scotland and bury the one there. We have a second person who is going to bury the BioTrinity in Oslo and a third person who is traveling, really almost half way around the world, to be able to bury the BioTrinity in France, as well as in Portugal. So we give great thanks to everyone who is providing all of their assistance in this endeavor.

Have a great rest of your week. I will speak to you again on Sunday.

## **The Source is a Point of Origin**

Lantos:

Greetings Dear Ones,

The Pathways of Star Light—we continue with our discussion on these Blessed Pathways, Five Pathways. Each Pathway is Blessed by the Directorship of a Great Lord of Creation. Each Pathway Consists of a Precious Source. The Source is the Seed, the Seed from which the Expressions Emerge. The Source is a Point; the Source is a Point of Origin. This is the term—Point of Origin. Why is it referred to as a Point? It is a Point—All Form, All Expression is contained in the Point of Origin. It is the Seed of All Expression.

Each Pathway, Dear Ambassadors, Begins with the Source. It is at the Source, at this Point of Origin, that the Course of Expression Initiates, the Direction is Established, the Expression is to Glorify this Blessed Source. The Expressions of Creation are a Great Joy to the Source of Creation.

In this manner, as the Dynamic Expressions of the Beloved Source, Five Pathways are springing up. One is directed to the continent of the Europe, one is directed towards the locations in Japan, one is for China, one is for all Asia and one is for our continent of Africa.

Each Blessed Pathway Shares the same Source. It is the same Point of Origin and yet, the Direction Shifts ever so slightly, the Direction of Expression Shifts ever so slightly. Yes. This is the Key, and the Outcome is a completely different Pathway. How does this Slight Difference in Direction occur? How does this happen? It happens through Intent.

Blessed Masters of the Art of Creating, it is the Intent which Modifies the Outcome. The entire Range of Expression is Open for Creating and yet, and yet, it is the Intent. This slight, Slight Instruction, this Intent, sets All in Motion, All into Expression, and this Channel of Expression is Overseen by One of the Five Great Governing Lords of Expression, Lords of Creation—the Great Overseers of the Pathways of Expression. It is very great, such a Beautiful System. It is the Great Cosmic System. Yes. Beautiful. In our practice of the Techniques of the Art of Creating, we Experience the Dynamics of this Great Cosmic System, the Dynamics of the Art of Creating.

Now, Dear Ones, we work together in Realizing the Formation of these Five Pathways of Star Light on a Physical Level of Expression. The positioning of the Blessed Tools—the BioTrinities and the Blessed Super Cells—together Generating the Genesis Fusion Energy and removing the residues within the scope of each Blessed Pathway, Carrying the Energy, Carrying the Influence of the Beloved Chambers of Eternal Light to all locations within the Pathway. Very good.

Together we will again perform our Technique of the Golden Matrix of Star Light, followed by the Blessed Pearl of Knowledge for those Dear Ones who have Received this Technique. If you have not received the Pearl of Knowledge, perform at this time the Technique of the Personal Pathway.

Very good.

Many Blessings.

## **Our First Location to Receive the Blessed Tools of the Pathway of Star Light**

Lantos:

Greetings Dear Ones,

Again today we will place our Blessed Tools of the Pathway of Star Light onto the Map for the continent of Europe. Today, we will Enliven this Precious Pathway, Enlivening the Dynamics of Initial Rotations and defining the area of land which will receive the Blessed Attention of the Chambers of Eternal Light contained within that region, contained within the diagram you may see on the Map.

Within this region, this Spiraling Region which begins with the Seat of Eternal Light and continues through to the locations within Europe, all residues located within this continent of Europe and within this Scope of Initial Rotations, all residues shall be removed, lifted, dissolved, as the evaporation of a cloud within the sky. One minute it is there—looming, dark, causing thunder storms and flooding and disaster—and within a short time, this dark influence is gone, dissolved, lifted from the atmosphere, erased from the brilliance of the clear sky. It is like this.

Today we place the Tools for Europe. This is our first location to receive the Blessed Tools of the Pathway of Star Light.

Very good.

Now, we will practice the Techniques of the Golden Matrix of Star Light and the Precious Pearl. Our collective performance of these Techniques brings great Waves of Enlivenment to the environment and, today, we focus the Intents upon our dear Initial Pathway for Europe.

Very good, it is very good.

Many Blessings.

## **We are Celebrating Today the Forming of the First Pathway of Star Light**

Lantos:

Greetings Dear Ones,

The Light Grows in Great Brilliance. It is a Great Celebration, a Grand Celebration of the Radiant Light which Reveals its Luminous Nature more fully, more completely, day by day. The Rays of Star Light Illumine the Earth, the Mighty Rays of Star Light Streak across the lands and waters of Earth, Crisscrossing in a Golden Matrix, a Golden Web of Star Light. It is the Fabric of the New Form, it is the Making of the Platform, the Structuring of the Global Network of the Light of Genesis for the Arrival of the New Form for Earth—the Mighty Great Star of Genesis.

Day by day changes are made; day by day the Light Expands, the dark pockets are eliminated. We Celebrate the Making of the First Pathway for the Removal of the Residues lodged within the lands of the great continent of Europe. This Pathway will Carry the Energy, Carry the Influence, of the Beloved Chambers of Eternal Light throughout the entire Range of the Pathway—Formed at the Source, Propelled through the Dynamics of Initial Rotations, and Accelerated through the Effects of Genesis Fusion.

Genesis Fusion is the Energy present at the Core of all Objects. It is the Core Energy Igniting the Processes of Motion Within all Objects, great and small. Genesis Fusion Ignites the Core Energy within each of the Blessed BioTrinities positioned at the Periphery of the Pathway of Star Light.

We have at the Source, our Source Director Initiating the Great Pathway of Star Light. We are now placing the Great Pathway Director for Europe, and around this Central Director, we Structure the Perimeter of the Pathway through the placement of our remaining BioTrinities and Super Cells.

Within this Pathway we Position the Required Number of Chambers of Eternal Light—Reflections of the Great Star of Genesis—for the Removal of the Residues found to be existing within this Pathway of Star Light. Every Chamber of Eternal Light within this Pathway will serve this purpose of the Removal of the Residues.

The Blessed Pathway Carries the Energy Generated Within the Pathway to the locations of Need within the Pathway, the locations of Greatest Need. In this way, the Greatest Effects Emerge for the Whole of the Pathway. The Entire Structure Receives the Blessings. It is a Great Celebration of the Great Radiance of Star Light. Yes. We are Celebrating today the Forming of the First Pathway of Star Light. Very good, very good.

We will allow our Tools to remain on this Pathway as we proceed with the Placement of our Blessed Master Tools within the grounds of the continent of Europe. Very good.

Now, let us offer our Great Light, the Light of the Energy of our Dear Ambassadors of Star Light, to this Celebration of Star Light. We will, together, perform the Great Technique of the Golden Matrix of Star Light.

Very good, very good.

Many Blessings.

## **It is a Great Year of Cleansing**

Lantos:

Greetings Dear Ones,

It is the time of Action. It is the Year of Action. Yes, Action—Action to Accomplish the Removal of the Residues of past influence. The past Aeon of Earth's history, the Influences which have affected the Quality of Life for all on Earth for many, many years—centuries. The effects last, the effects are stored in the Substance of the Earth.

It is like the old sock in the closet. We tossed it into the closet instead of cleansing it in the wash. Many years ago this action was taken. Many years pass, still the sock remains. This single sock causes disruption for all of the clean clothes within the closet. It creates an ill odor; it attracts the bugs into the closet environment.

As we structure the beauty and new design for this closet, it is of prime importance to rid this closet of the pocket of disruption. It is a Disturbance to the Quality of the Whole Environment. Yes.

The effects of this disturbance will be most clearly felt in the areas of close proximity. However, this influence carries across the distances, spreading to all areas of the system, all parts of the whole, all parts of the World. Even the influence extends further. This Action we are taking, in this Year of Action, is the cleansing, the clearing of the ages of the past negative deposits. It is a Great Year of Cleansing.

As the residues are removed, the Brilliance Increases. The Action of the removal of the pockets of residue lifts the veil, Allowing the Brilliance to Emerge. It is this way with the Beloved Global Network of the Light of Genesis, it is this way.

The Radiant Structure of the Web-Work will Emerge more and more Fully, in Greater and Greater Brilliance, as we Achieve the Steps of Action for the Removal of the Residues of the lands of Earth. The Reflections of the Mighty Great Star of Genesis will Shine with Greater Clarity, Greater Brilliance. Yes. This is our Course of Action in this Great Year of Action.

We will continue now with our Practice of the Blessed Technique of the Golden Matrix of Star Light.

Very good, very good.

Many Blessings.

## **Greater Development Brings Greater Freedom**

Lantos:

Greetings Dear Ones,

It is very good, very good. We are Forming the Beautiful Spiraling Network. Yes. This, too, is a Network, a Network of Star Light. This Blessed Network Emerges from the Source. It Emerges as Light. It Emerges as Star Light.

This Blessed Network Spirals Outwards, Expanding in the Direction of the Pathway Director. Our Blessed Pathway Director is the Anchor, the fixed location which Sends out the Signal to the Source: Come here, Send the Rays of Star Light Outwards to Embrace these lands. It is a Call, an Intent Set by the Pathway Director.

This Energy, this Awakened Energy, Calls to the Source. It is a Call to Issue the Action, the Motion. This Motion, the Streaming Bands of Star Light, Receive an increase through the Presence of Genesis Fusion. It is an Energy of Genesis Fusion. Beautiful.

The other Pathway BioTrinities complete the Framework for the Specific Pathway of Star Light. We have positioned our Initial Directors, now we are in the Process of the Completion of the Framework. At this completion we will populate the Pathway with the Required Number of Beloved Chambers of Eternal Light, the Number Required for the Removal of the Residues Contained within the Framework of the Pathway. It is a very beautiful Mechanism, a Great Mechanism of Light.

This is the Energy of the coming Era of Eternal Light. It is not governed by the same restrictions of the energy of the previous Era. The rules change, limitations are lifted. With the development comes Greater Freedoms—Greater Development brings Greater Freedom. The rules of the early stages of development no longer apply as restrictions at a more Advanced Level of Development. Yes, it is very good. Yes, very good.

Let us lay out the Tools again for the Support of the Completion of our Blessed Initial Pathway of Star Light for Europe.

It is very good. Well done.

Many Blessings.

David:

Ok, thank you very much Cindy for that. And so, again Lantos wants us to position the BioTrinities and the Super Cells on the map of Europe. This is the map that shows the Spiral Emanating from the Seat of Eternal Light for All Mankind in Hawaii and going outwards encompassing Europe.

With this Spiral, the Lead BioTrinity is the Aqua Blue BioTrinity. You will first place a BioTrinity on Hawaii, on the Seat of Eternal Light for All Mankind in Hawaii. It is technically in Honolulu. So, if you can figure out which island is Oahu, that's where you would put it, but on the map that you have the BioTrinity is probably larger than all of the Hawaiian Islands put together. So just putting one on Hawaii will be good enough. The BioTrinity that you place on Hawaii will either be an Aqua Blue BioTrinity, if you have two of those, or it will be your Golden BioTrinity. One of the points of the BioTrinity needs to point toward Europe.

The Second BioTrinity that you place on the map will be the Aqua Blue BioTrinity and it will be positioned over Ireland, specifically over Dublin, Ireland. Again, on the map that you have, the BioTrinity that you have is probably larger than Ireland itself, so simply position the Aqua BioTrinity on Ireland. When you position it there, one of the points needs to point toward Hawaii. If you are able to find the point that has the Logo, the BioGenesis Logo, that will be the best point to make sure is facing toward Hawaii. If you can't find it, that's fine, any of the three points will be okay.

Above the Aqua BioTrinity you will position the Pink BioTrinity, again pointing toward Hawaii, and above that you will position the Green BioTrinity pointing toward Hawaii. Below the Aqua BioTrinity you will position the Light Violet BioTrinity, again pointing toward Hawaii and then below that, you will position the First Rays BioTrinity, again pointing towards Hawaii.

Then, below all of these, you will position a Super Water Cell and above all of them, above the Green one, you will position a Super Star Cell. This is how you position the Tools on the map.

I just wanted to let you know that we have someone who flew from Canada just this last week to France, and buried the Light Violet BioTrinity in France and is now on her way to Portugal to bury the First Rays BioTrinity in Portugal.

We have a man who is going to travel to Scotland, Aberdeen, Scotland, this coming week or next week and he will be burying the Pink BioTrinity, and we have a woman who is traveling to Oslo, Norway, I believe sometime this week, who will be burying the Green BioTrinity in Oslo. So we are, with your assistance, moving rapidly, establishing this First Beam of Eternal Light, the Beam for Europe.

Okay, thank you very much everyone. You may have noticed that, in this message, Lantos did not end with the instruction to do the Technique of the Golden Matrix of Star Light. You are certainly welcome to do that if you would like to, but he did not give that instruction for this time.

Have a good evening, have a good beginning of your week. I will speak with you again on Wednesday evening.

## **Our Pathways are Expanding**

Lantos:

Greetings Dear Ones,

Our Pathways are Expanding. Our Blessed Pathways of Initial Rotations of Star Light are increasing. We have established the First Blessed Pathway, the Pathway to the locations of residue on the continent of Europe. We have Awakened the Directed Flow of the Cycling Bands of Star Light to Draw the Blessed Effects of the Reflections of Star Light across these lands beginning at the Source, the Blessed Seat of Eternal Light, and traveling Outwards, ever Expanding in the Spiraling Method which Exists as the Dynamics of Creating on all Levels of Creation.

We are making use of this Blessed Set of Universal Dynamics. It is the Dynamics of Creating, the Highest Dynamics of Creation, the Process which is at the Source of All Expressions in Existence.

Now, Dear Ambassadors, today we will position our Blessed Master Tools onto the Map of the continent of Asia. We are commencing the Formation of the Pathway of Asia with the Placement of the Mighty Director of the Pathway for Asia—the Blessed Director together with the paired Super Cells. It is most beautiful.

With this, the Pathway begins. With the Placement of the Blessed Pathway Director and the Source Director the Energies of the Pathway Form. The Energies start to take Shape. They are Awakened by the Extension of the Light Commencing at our Beloved Seat of Eternal Light and traveling to the Destination of the Central Director of the Pathway.

With this Action, beginning with the Initialization of these Master Tools at the Seat of Eternal Light, with this Action of the Journey from the Source to the Central Seat of the Pathway, the Energy of Star Light Flows, the Process begins.

Today, Dear Ambassadors, we will position our Tools of Light onto the Maps. Each Ambassador positions properly the Tools for the continent of Asia.

It is very good, very beautiful.

And, we will conclude with the performance of the Blessed Technique of the Golden Matrix and the Technique of the Pearl of Knowledge.

Many Blessings.

David:

Ok, thank you very much for that, Cindy. So, our instruction now is to place the Tools on the Map for Asia. Now, I should tell you that the Map that we have online for you is going to change tomorrow. That is because we have received permission from Lantos to change one of the locations in Asia.

The location of the topmost BioTrinity, the Pink BioTrinity, was going to be in Tehran, Iran, but because of the requirements that Lantos has given us, specifically these BioTrinities need to go directly from the Seat of Eternal Light for All Mankind in Hawaii to the location where they're going to be buried, then we are unable to ship directly into Iran. As a result, we have shifted the location to Ankara, Turkey. That is going to be reflected on a new map that will be online tomorrow for you to be able to see. But, you can certainly use your map that you have now.

Here is the order in which you will position the BioTrinities: You will begin with the Source Director BioTrinity on Hawaii over the Seat of Eternal Light for All Mankind in Honolulu. That Source Director will either be your Golden BioTrinity or it will be a Light Violet BioTrinity, but only if you have two Light Violet BioTrinities. So, if you have only one Light Violet BioTrinity then you will use the Golden BioTrinity over Hawaii.

Make sure that one of the points of the BioTrinity that is positioned on Hawaii points toward Egypt. If you can find the point that has the BioGenesis Logo, it is best if you can position that point directed toward Egypt.

Then, you will position the BioTrinities at the outermost ring of the Beam of Eternal Light for Asia. The First BioTrinity that will be positioned is the Director BioTrinity, this is the Light Violet BioTrinity, and it will be positioned right over Egypt. Just so you know where it will be going, Giza, Egypt, which is actually a suburb of Cairo, Egypt. The Light Violet BioTrinity on Egypt will also have its point going back toward the Seat of Eternal Light for All Mankind in Hawaii. So, the point of the BioTrinity in Egypt points toward Hawaii.

Then above that, you will position the Green BioTrinity. You do not need to know the exact location because your map will not be big enough for you to position it on the exact location, but just for your curiosity, it will be buried in Nicosia, Cyprus.

Then, above the Green BioTrinity you will position the Pink BioTrinity. This one is just above Cyprus in Ankara, Turkey.

Then, below your Director BioTrinity, the Light Violet BioTrinity in Egypt, below that, you will position the First Rays BioTrinity. Its actual location is going to be in Port Sudan, Sudan.

Then, below that, you will position the Aqua BioTrinity. The actual location of the Aqua BioTrinity will be in Addis Ababa, Ethiopia.

So, top to bottom: Pink, Green, Light Violet, First Rays and Aqua. The Light Violet is the first one that will be positioned on the Beam. On all of those, try to have them pointing back toward Hawaii. You will then position a Super Water Cell below that group of BioTrinities and a Super Star Cell above them. Very good. That is the position of the Tools.

I also want to take a brief moment and tell you how grateful we are for everything that you do to help in all of these endeavors. There is one of our Ambassadors who, shortly, will be traveling to Bamako, Mali in Africa to bury the Director BioTrinity for Africa there.

After that one is done, that individual will then travel to Giza, Egypt to bury the Director BioTrinity for Asia and will also bury one of the other BioTrinity's for Africa there. After that, that person has put together a team that will travel to China and will be burying all five BioTrinities for China, and that is a very large geographic area. Then, this team will be traveling to Japan and will be burying all five BioTrinities for Japan.

So that Ambassador and team are going to be traveling almost non-stop for the next six weeks and, at the end of those travels, that team will have buried at least 13 BioTrinities, beginning two of the Beams, and beginning and completing two more of these Beams of Eternal Light.

So, again, what we are able to accomplish, we accomplish because of you, and because of your assistance, your focus, your efforts. When you are sitting there at home, alone, listening to the conference calls, know first and foremost that you are not actually alone, we're all with you and you are all with us, and we're doing this together as a group. We thank you very much for that.

We will now go ahead and conduct the two Techniques that Lantos told us to do—the Technique of the Golden Matrix of Star Light followed by the Pearl of Star Light Technique, the Pearl of Knowledge.

Everyone, have a great evening and a great rest of your week. I will speak with you again on Sunday.

## **Every Action Produces an Influence in Creation**

Lantos:

Greetings Dear Ones,

We are Blessed with the Inception of the Pathways of Star Light. These Precious Pathways Open for our Earth the Channels for the removal of all remains of the past Aeon of action—action, activity. Activity Generates Influence. Every Action produces an Influence in Creation. Such is the Interconnected Beauty of Life. Every Action—great or small—Causes Change, Transformation in the Material Plane of Expression, the Physical Plane of Existence. Yes.

The Physical Plane of Existence is very Open to every Slight Quiver Generated. These Influences, these Quivering Impulses, begin on the Deeper Levels of Expression, the Deeper Levels of Life. Before one Acts, this Action is Preceded by an Impulse. Even this Impulse has an Effect, this Impulse, in fact, in Reality, Generates a very Great Effect. For this Impulse is introduced on a more Fundamental Level of Creation. This more Refined Level of Creation gets the Signal; it Receives the Wave set forward in Motion by this Impulse.

Dear Ambassadors of Action, this Impulse is Set in Motion well before the Action has been Accomplished. The Change in the Structure of Creation Occurs well before the Action has been made. Before an Object Arrives, a Wave of Energy is pushed forward, Preceding the Arrival of the Object. This Energy Paves the Way for the Arrival of that more Expressed Value which Follows behind.

This Point is a very Significant Detail of the Dynamics of Creation. The Pathways of Creation follow these basic Set of Values. One Value is the Interconnected Nature of the Network of Creation. Because of this Interconnected Nature, every Impulse Travels to each Corner of Existence. Each Influence Stretches Outwards, Extending to All Aspects of Creation. There is no such thing as an Isolated Influence. How can this be? It is not in the Nature of Existence or our Beloved Source of Existence to Separate Out, to Remove.

When we say that we are removing the pockets of negativity, the pockets of the residues of action, in Reality, what we are saying is that we are Enlivening the More Fundamental Aspect of Light Within the Pocket or Residue. Within each pocket or residue we are Enlivening the Overwhelming Brilliance of Star Light—replacing a Lower Level of Energy with a Vastly Higher Level of Energy. This is the Method—this is the Method. It is a Transformation on the Level of the lands and waters of Earth.

As we place our Tools along the Designated Locations on the Maps we are Initiating the Waves, the Waves which Precede the Physical Expressions. We are busy in the efforts to

place each of our Blessed Master Tools in the Proper Locations on each continent of the Pathways of Star Light.

This requires Great Planning and Coordinated Efforts to Achieve. While, on one hand, we can easily sit and consider the world as a whole, we can consider the continents and the bodies of oceans flowing in between and surrounding the lands, and yet, for the Achievement of the Physical Placement of these Beloved Master Tools, many, many hours; many, many miles; many, many Efforts and costs must be Directed in a Seamless Manner for the Successful Initialization, Activation, of each Pathway of Star Light.

These Pathways Affect the Whole Earth. These Pathways Extend their Influence to All Reaches of Creation. The Formation of these Pathways of Star Light brings tremendous Blessings to All. Yes.

As we Establish each Pathway we will populate the Pathways with the Necessary Numbers of our Blessed Chambers of Eternal Light. Do you have the picture? Do you see the Mechanics of these Blessed Pathways which are Forming?

Yes, yes. It is good, very good, very good, very good.

Many Blessings.

## **Pathways are Receptacles of Light, Pathways are Channels of Light**

Lantos:

Greetings Dear Ones,

We are Structuring the Receptacles. Pathways are Receptacles of Light; Pathways are Channels of Light. Each day, Dear Ones, we are adding to the Development of the Framework of a Receptacle of Star Light, a Pathway of Star Light. Our Focus of Attention is upon Setting the Framework, Establishing the Receptacle. This Framework Creates the Channel, the Pathway of Star Light.

One location after another: Five Outer Locations for each Pathway, one Source Location for each Pathway, Five Outer Locations for the Placement of the Beloved Master Tools which Define this Mighty Pathway. It is like the construction process of the building structure. The framework is assembled into the proper placement before the materials go inside. Very good.

Our Phase of Action for this Year of Action, our Phase, is our Current Focus. It is the Action for the Removal of all Earth's Residues—the pockets of the shadows of the past impulses which exert a destructive influence on the lives of all on Earth. The removal of this entire collection of the residues of Earth will be sufficient to produce Great Waves of Change around the World. We are working diligently. Diligent Action is Directed Action.

We are working with our Steps leading to the Achievement of our Present Task. Initially, we Established the Proper Locations for Placement of our Blessed Tools. Currently, we are Placing the Tools in these Locations. This is the Current Action. Once the Framework is established, the Materials Within each Framework are Added. Once each of our Five Blessed Pathways of Star Light is established we will Add the Beloved Chambers of Eternal Light—Sufficient Numbers of Chambers in order to Eliminate all Residues within the Scope of the Pathway. This is the Sequence.

Great Progress has been made. We hold a very deep appreciation to our Blessed Ambassadors of Star Light for their tremendous efforts and journey's which have structured the Placements of our Precious Tools Within our Initial Pathways. These Blessed Individuals are Structuring the Framework for the Pathways of Star Light for Earth. Yes.

We will now Support the Activity of Placement with our Placement of the Tools along the Map. At this time, we will Structure the Placement of the Tools for the Pathway of Asia. Together, Dear Ambassadors, let us position the Tools along the points of the map, Enlivening this Mighty Pathway for Asia. Yes? Very good, very good.

Let us perform First our Technique of the Golden Matrix and our Technique of the Pearl of Knowledge. Then, following the performance of these Techniques, each Ambassador will Position, along a Map, the Proper Tools for the locations for Asia.

Very good. Many Blessings.

## **This Change Will Be Felt Universally**

Lantos:

Greetings Dear Ones,

The Development of a Great New Object of Light is Cause for Cosmic Celebration. The Process of the Development of the Beloved Global Network of the Light of Genesis is Cause for Celebration on a Grand Scale, on a Great Universal scale.

We are in the Process of Forming a Mighty New Body of Light, a New Body of Light with which to house the Coming Mighty Form of Light—the Mighty Great Star of Genesis. Yes. A Great Body of Light is required in order to House, in order to Support, the Residents of the Mighty New Form.

We are Constructing a Great Body of Light. It is like the Formation of a Great New Planet. This Vast Change Marks the Formation of a Planet which will Support a New Range of Life, New Expressions of Living. It is Highly Significant. It is on the Scale of the Shifting of one of the Outer Planets in our System Enabling the Planet to Support Human Life. It would be a Great New Development for that World.

In order for that Change to be Possible, there would be a Need for a Great Shift to Occur in the Quality of the Environment. It is not merely an Abstract Change. In order for the Necessary Shift to Occur on the Level of the Environment first there would Need to be a Shift on the Level of the Substance of the Planet. The Substance of the Planet must be Conducive to the New Quality of Environment. The Substance must be Capable of Supporting the New Environment.

Like this, our World, our World of Earth, is in the Process of Forming a Great New Environment; and likewise, in order for this Vast Change to Occur, the Change must also be Experienced and Upheld on the Physical Level of the Earth—on the Level of the lands and waters of Earth. It is a Holistic Change.

Change is not isolated to a Single Level, to a Single Layer of existence. Change permeates the layers of life—one layer impacts another. Change is reflected and upheld on all layers, nearly simultaneously, nearly simultaneously. Yes.

We are in the process of constructing a great change, one whose effects will be felt universally. This change will be felt universally.

Our actions are very significant. Each action—action on the level of the placement of the Tools in the specific locations, action on the level of support of this process—all action, each action, is highly significant; all action of support is highly significant at this time.

It is time to complete the process, time to complete the process.

Dear Ambassadors, let us act now together with our support on the level of the mapping. Our Blessed Director will make a selection for the placement of the Master Tools of Light and today we will, together, all, all together, perform the Blessed Technique of the Golden Matrix and Pearl of Knowledge.

Very good, very good.

Many Blessings.

## **Pathways are Governed, Each by a Great Universal Being of Light**

Lantos:

Greetings Dear Ones,

It is a great Light which Forms at the Center of the Pathway of Star Light. These Blessed Pathways are governed, each by a Great Universal Being of Light. These Blessed Great Beings hold the status of Directors, or Governors, of Creation, Directing the Flow of Expression from the Source of Creation into Existence. It is a Great Light which takes the Command of the very First Expressions of Creation. Just as Creation is Forming, at this moment of the Initial Expression, one of these Five Great Beings of Universal Nature Direct the Expression, Govern the Unfoldment of the Expression of this Creative Impulse.

We may say, even, that these Five Mighty Great Beings of Light hold the Position of Creating, the Status of Creator. That Beloved Great Light which Directs the Mode of Expression must certainly be considered on the Level of Governor of Creation, Governing the Creation, Governing the Expressions of Creation.

These Great Pathways are each Governed by one of these Five Mighty Beings. We Experience the great hand of Support in our efforts with the Structuring of these Blessed Pathways. Great Support is Offered by the Association with these Mighty Universal Beings of Light.

We are Structuring now the Pathways for the Asia and for the Locations within Africa. Today, Dear Ambassadors, let us focus our efforts onto the continent of Africa and position our Blessed Master Tools on the Placements for Africa.

One by one this Process is being Fulfilled. Pathway by Pathway we are Receiving the Great Support in positioning the Tools to Establish the Framework of each Pathway of Star Light.

Now, Dear Ambassadors, we will enjoy some minutes of practice with the Formation of the Golden Matrix, and then we will follow this experience with the performance of the Pearl of Star Light, the Pearl of Knowledge. Yes.

Very good.

Many Blessings.

## **Blessings will be Distributed to Every Layer of Life**

Lantos:

Greetings Dear Ones,

Great, great, beautiful Progress. Progress is in Full Motion in this Year of Action. We are taking the Enlivened Values of Cosmic Support and we are Directing these Waves of Support to Structuring the Global Network of the Light of Genesis. We are taking all Values of Support, all Open Channels of the Universal Currents of Energy, and we are Focusing these Rays of Light, these Waves of Upliftment, towards the Outcome of our Beloved Global Network of the Light of Genesis.

On a day to day basis, the Blessings will be Distributed to every Layer of Life. Every Layer of Living will receive the Blessings of this Mighty Focus of Cosmic Energy. This is our Great Cosmic Mission. It is a Mighty Mission and, in Offering our Focused Attention, our Resources, our Efforts, and our Support, we Participate in the Energy which is Associated with this Great Mission. It is a Great Action, a Cosmic Action.

For this reason this is our Precious Year of Action. Our Precious Defined Direction for this year is the Achievement of the Steps of Action Required to bring about the Structuring of the Global Network of the Light of Genesis. It is beautiful.

It is a great Blessing to Participate in this Wave of Action. It is a Wave of Illumination on a Great Cosmic Scale; it is Action on a Great Cosmic Scale. It is not often that an opportunity comes to one's doorstep with such Cosmic-Bearing and Consequences. When the Call is Issued for the Support of these Efforts—the Support of the Action necessary for the Structuring of the Global Network of the Light of Genesis—when this Call goes Out, it is a very Great Blessing to Answer this Call with Full Support.

As we proceed with the Placement of each of the Pathways of Initial Rotations of Star Light, we ask the Support on Many Levels from our Blessed Ambassadors of Star Light. And, to Respond to the Call to Action brings about Great Measures of Blessing for the Whole of One's Existence.

One may wonder, how does the placement of my attention and the positioning of my Precious Master Tools onto the Map for Africa Influence my own Existence. How can this be? It is very noteworthy, a very Noteworthy Subject to Comprehend Fully—the Blessed Attention Directed into this Great Cosmic Energy. It is a Great Cosmic Operation of Star Light. This Establishes the Connection with this Sublime and Powerful Source of Light. It Establishes a Connection.

When we are considering that we offer our Attention to this Course of Action for the Benefit of the Outcome, in fact, it is Worthy to Note that the Benefit Comes Directly to the Individual from the Great Cosmic Activity of Light.

When one considers that Assistance is Being Offered, in fact, it is worthy to note that the Assistance is Being Received. Assistance and Upliftment is Gained.

One may continue to dedicate some time daily to personal matters, such as the personal Techniques and Treatments, but the Greatest Blessings will be Achieved through the Association of the Attention with the Greatest Universal Form, which is currently being Structured for Earth. This will have the Greatest Impact on every Layer of Life. Yes.

We may continue to place a Desire under the Translator; however, the Attention Focused on the Achievement of the Blessed Global Network of the Light of Genesis Offers, to the Individual, the Energies Required for the Fulfillment of All Desires, great or small. Yes.

It is the time for the Support of the Structuring of this Mighty Blessed Global Network of the Light of Genesis for All.

Very good.

Many Blessings.

## **Each Pathway is Governed by a Mighty Universal Influence**

Lantos:

Yes. We will begin with the program to Fill the Pathways with the Chambers of Eternal Light. Each Pathway is Responsible for Illuminating the Residues of Past Action for the lands within that region, Within that Pathway. This is our Present Focus.

Our Blessed Ambassadors of Star Light will Offer Support and Resources for the Fulfillment of the Chambers for the Achievement of our Present Phase of Action— Action to remove the past influences, action to remove the residues of the past Aeon of activity. Yes. Good, very good.

Each Pathway, Dear Ambassadors, is Governed by a Mighty Universal Influence. To Align Oneself, to Align ones Attention and Focus with a particular Pathway is to Align with the Energy of the Mighty Governing Force of that Pathway, one of the Beloved Great Universal Mighty Beings Governing the Creation. To Align ones Energy, ones Focus and Support onto a Specific Pathway of Star Light Establishes a Link, a Connection, Between this Blessed Pathway, its Governing Forces and with the Blessed Ambassador of Star Light.

Each Pathway is Governed by a Great Mighty Force of Universal Light. We will describe in further detail the Nature of the Individual Pathways of Star Light. Each Pathway has a Specific Set of Qualities Offered through the Great Governing Force of Universal Light—the Great Universal Being of Light.

To Align ones Support with Each Specific Pathway is Establishing a Connection with that Great Force of Light, Great Force of Energy. Yes. Very good.

Cindy:

And then he paused and so I asked him, at that point, a question about the Endowment. And his answer is,

Lantos:

It is a Structuring of an Endowment of Eternal Light for Earth. It is a lasting Mighty Source of Energy and Resources, a Lasting Reservoir of Radiant Star Light. The Creation of this Blessed Radiant Receptacle is Accompanied by the Associated Waves of Blessings.

Each Action, any Action, Generates Waves of Influence, Waves of Effect—the Waves Associated with the Structuring and Creation of such a Mighty Container of the Light to Govern the Direction of the New Aeon of Life. These Mighty Architects of the Aeon of Star Light will Receive the Highest Blessings Offered in Creation.

It is the Formation of the Container of Energy which will Govern Activity in the New Aeon of Life—the Aeon of Star Light—marked by the Arrival of the New Form for Life, the Mighty Form of the Great Star of Genesis.

At this present time, our Entire Direction of Attention and Action is Focused upon the Structuring of the Global Network of the Light of Genesis, the Structuring of the Great Framework of Beams of Star Light Generated by the Proper Positioning of the Chambers of Eternal Light spanning across the Globe, Positioned in every Center of Life and Activity across the Globe. This Network is a Web-Work of Star Light, a Radiant Web-Work of Star Light, Forming the Platform for the Mighty Great Star of Genesis, the Form for the New Era of Life, the Era of Star Light. Through the Creation of this Mighty Network we will Enter the Era of Eternal Light, an Aeon of Star Light, an Aeon of Supreme Radiance. Yes.

Blessed Ambassadors of Star Light, we will ask your Support for the Filling of this Radiant Receptacle of Star Light—the Radiant Container of Energy and Resources for the Engagement of Action for the Fulfillment of the Set Course of Action to Structure the Platform for the Mighty New Form of Life. We are Structuring this Platform for the Creation of the Global Network of the Light of Genesis, the Platform for the Mighty Great Star of Genesis, the Form for the New Aeon of Eternal Light, an Aeon of Star Light. Very good.

Now, let us hear from our Blessed Coordinator as to the progress of our Pathways of Star Light Forming across the Globe. Yes. Let us hear this Progress of Illumined Action.

Very good.

Many Blessings.

David:

Ok, thank you very much Cindy, for that. And now, I'll take just a minute of your time to give you an update of our progress on the five Beams. Remember that the progress of the five Beams is actually divided into two segments and one is the actual Beams which are established by the burying of the five BioTrinities and each one is coupled with a Super Water Cell and a Super Star Cell, and they are buried in a very specific formation. Once those Beams are Created the second aspect then is positioning enough Chambers of Eternal Light within the Pathway of that Beam to satisfy the requirements for Phase II.

So, let's first talk about the BioTrinities, and here we get to announce that we have completed the Beam for Europe. Europe has the Aqua BioTrinity as the Lead BioTrinity and it is positioned in Ireland, the Pink is in Scotland, the Green is in Norway, the Light Violet in France and the First Rays in Portugal. We give great thanks to one gentleman from Ireland who positioned two of those—the Lead BioTrinity in Ireland and the Pink in Scotland, and a woman from Canada who flew out to Europe and flew around positioning the BioTrinities in France, Portugal and Norway.

In Africa, we have two of the BioTrinities buried. The Lead BioTrinity is in Bamako, Mali and then the Pink BioTrinity is in Giza, Egypt. For Asia we have the Lead

BioTrinity, Light Violet, also buried in Giza, Egypt, and we have the Pink BioTrinity buried in Ankara, Turkey.

For China we have the Lead BioTrinity, the First Rays BioTrinity, buried in Lanzhou, China. And, special thanks again to one woman who, individually, positioned three separate Director BioTrinities—the Director BioTrinity for Africa, for Asia and for China, as well as another BioTrinity for the Africa Beam in Egypt as well. So, thanks to all of those people, and a dear friend of BioGenesis, who just yesterday, buried the Pink BioTrinity in Ankara, Turkey.

So, that is where we stand on the BioTrinities, which means we have four separate Beams in progress—one of them has been completed, three are in progress, and then the final Beam for Japan we anticipate will be done within just three or four weeks from now. We know that that's going to happen fairly quickly as well.

Now we move to the numbers of Chambers, and up until one minute before we started this phone call, I had these answers to give you, that there are 700 Chambers of Eternal Light in total needed for the entire World for Phase II, but North America and South America already had theirs taken care of, so that left us with Africa, Asia, China, Japan, Europe, each one requiring a certain number, each one having a certain number placed. And, Africa we thought needed 16, Asia we thought needed 89, China we thought was completed, Japan we thought needed 40 and Europe we also thought was completed.

However, that is not correct, because Cindy presented these number to Lantos and he changed them for us. So here is what Lantos said,

Lantos:

We will structure the numbers of Chambers of Eternal Light in this way: let us introduce 100 additional Chambers for Asia, and we will introduce an additional 100 Chambers for China. The Beams of Initial Rotations of Star Light must Gather the Energy from Within the Beam, sweeping across the lands, Purifying the deepest pockets of the remains of the past Aeon of Action.

At the end of an Aeon, the Record of the Action is Released and then the New Form Enters, marking the Arrival of the New Aeon of Life.

David:

And then Cindy asked about the other Beams, and Lantos said,

Lantos:

For Africa we will position 50 additional Chambers of Eternal Light.

David:

Cindy asked about Japan and he said,

Lantos:

Yes, we will position 40 Chambers at this time within Japan.

David:

And that was the number that we already knew that we needed. And then Lantos said,

Lantos:

For Europe we will offer 50 additional Chambers of Eternal Light.

David:

So these numbers may not actually be the final numbers that we go with, but they are the numbers that Lantos has given us as of seven o'clock tonight (seven o'clock Denver time).

So, here are the numbers: we need 66 Chambers of Eternal Light to be positioned in Africa, we need 189 Chambers of Eternal Light positioned in Asia, we need 100 Chambers positioned in China, 40 Chambers in Japan, and we need another 50 Chambers to be positioned in Europe. And, of course, the great aspect of these Beams of Eternal Light is that these Chambers are able to be positioned anywhere within the Beam in order to count for this Goal. So, they do not have to be positioned in any specific city, they can be positioned anywhere.

So that is the status of our project right now and we want to just give a very special and a very heartfelt thank you to each one of you for everything that you have been doing. We thank you for positioning the Tools on the maps. We know that, at the very least, it takes up space on a table that you could otherwise be using. It also takes up some of your Tools that you want to be using.

We thank you for doing that because it's very important for the entire World. We thank you for everything that you have done to support the Endowment of Eternal Light for Earth because it is through that Endowment that these activities are being made possible. We thank those of you who have positioned Chambers and, of course, especially those of you who have traveled across the World to bury the BioTrinities for these Beams of Eternal Light.

So, everyone, this is a team effort, a group effort, and each one of you is doing a great job. We thank you very much. Have a great rest of your week, I will speak with you again on Sunday.

## **These Actions and Steps Require Tremendous Dedication and Resources**

Lantos:

Greetings Dear Ones,

It is a Great Accomplishment, a Great Achievement in the Direction of the Fulfillment of our Second Phase of Action, the Action for the Removal of the Residues of Earth.

Dear Ones, with this Accomplishment, the removal of these pockets of remains of every continent, with their removal, we will begin to witness the Formation of the Blessed Structuring of the Connected Web-Work of Star Light on a Global Scale, a Global Scale. It is on this Grand Scale that the Change will be Seen.

We are removing the residues in order to remove the blockages, remove the interferences which have been disrupting the Pathways. These Precious Pathways of the Mighty Beams of Star Light Form as a result of several Factors: one Factor is the Mechanism Generating the Signal, the Mechanism which Generates the Beam of Reflected Star Light.

This, Dear Ambassadors, we know to be the Star Chamber Unit—our Beloved Chamber of Eternal Light. It is a Blessed Device Issuing the Reflective Beams of Star Light which Stretch across the Distances—the distances of land, the distances of water. The Strength of the Signal is Adjustable; there is an Adjustable Generation of the Radiant Beams. Reflections of Star Light: the Reflections of the Mighty Great Star of Genesis.

What do we mean by this adjustable quality of the Radiance? We look at the race car. The engine remains in its Form within the mighty car; however, the performance of this mighty mechanism will be influenced by the surrounding connections, surrounding factors. It is not to the discredit of the mighty engine, one chooses the best engine possible, and yet, in order to achieve the maximal levels of speed and performance, one must also provide the necessary upgrades to the rest of the system.

One must now add the Proper Fueling, the Proper Quality of oils and fluids, the tires must be Capable of Supporting the Increased Burst of Mighty Energy, and finally, the Pathway of the road must be Considered. This vehicle will not Perform at top speeds and Levels of Outcome if the roads are slickened with water or Impaired by Damaging Cracks and holes. A smooth, even surface is required for this engine to display its mighty potential.

In this Second Phase of our Activity we are Correcting the Surfaces of the surrounding roads. The vehicle must travel along these Pathways and is Influenced by the Quality of the Physical Conditions. To remove the residues is to Correct the Surface of the Pathways. We are removing the Debris from the Pathways. It is a Very Important Step and one which Greatly Impacts the Performance Achieved by the Mighty Engine.

It is like this: Little by Little there is the Progress. One may feel some Impatience in the Expectations of the Great Potential for the Mighty Engine to Display its Full Power, its Full Radiance, yet these Steps of Action are Necessary.

We are Receiving Great Assistance in this Achievement and Progress towards the Structuring of the Blessed Five Pathways of Star Light. These Actions and Steps Require Tremendous Dedication and Resources.

We have Structured the Beloved Endowment of Eternal Light for Earth. Additional Resources are Required for the Achievement of this Blessed Phase of our Global Program for the Creation of the Global Network of the Light of Genesis, and at this time, we ask our Blessed Ambassadors for this Support. Yes. This is a Great Step in our Global Plan of Action. To Achieve the Success of the Second Phase during this Year of Action is our Great Target.

Then, following this Achievement, we will proceed in the coming year with the further Populating of the Chambers of Eternal Light on each continent. The Phase to remove the obstacles, the debris, the residues, will Accomplish this very Goal. The Pathway will be Cleared for our Achievement of our Ultimate Mission to Structure the Platform, the Conditions Required, for the Mighty Great Star of Genesis, the Form Marking the New Aeon of Life. It is a Mighty Vision. We are Blessed with the Task of this Beloved Mission. Yes.

Very good.

Many Blessings.

## **There is So Much Light—Beautiful Radiance**

Lantos:

Greetings Dear Ones,

There is so much Light—Beautiful Radiance. It is the Element of Light which rids the darkness. Where there are residues of the past actions the Light comes to Release the Influence of the past action.

Light is Generated by the Blessed Master Tools of Light—the Blessed BioTrinities, each surrounded by a Super Cell. One Super Star Cell and one Super Water Cell Ignite the Process of Genesis Fusion.

It is a Mighty Burst of Light, a Burst of the Energy of Creation which is at the Heart of the Expressions of Creation—the Source of Energy, the Blessed Super-Charged Source. Genesis Fusion is that Energy; Genesis Fusion is that Energy of the Source.

The two Super Cells, together, Generate the Dynamic Burst of the Energy of Genesis Fusion. Yes. The BioTrinity Sets the Direction. The BioTrinity Sets the Course, Establishes the Intent, the Direction for this Energy to Flow.

Together the Five BioTrinities Form a Complete Set of the Energy of the Total Values of Creation—Five Mighty Directors, Governing the Expressions of Creation. Each Pathway is Guided by one of these Five Mighty Governors. One of the Five will be the Lead BioTrinity, the Lead Director, for a Specific Pathway. The Energy of the Pathway will Contain the Influence of the Totality of the Five Blessed Mighty Governors. And yet, the Lead Director will Establish the Nature of the Pathway, the Direction of the Pathway.

Dear Ambassadors, the Source BioTrinities remain at the Source. The Source is Located at the Beloved Seat of Eternal Light. Yes. The Energy begins here; the Energy is Anchored at the Seat of Eternal Light. The Source BioTrinity Identifies the Pathway through the Location of the Lead Director, the Central BioTrinity Directing the Pathway of Star Light.

The Light Flows Out, Outwards to Fill the Pathway. It is a Light in the Movement of Initial Rotations, Initial Rotations, Spiraling Energy Flowing Outwards from the Origin, Flowing from the Source. It is the Nature of the Structure of the Blessed Pathway of Star Light. It is a Luminous Pathway of the Light to remove the residues contained Within that Pathway.

The Light Carries the Energy of the Beloved Chambers of Eternal Light to every Location Within the Pathway. Every Chamber Within this Pathway Contributes to the removal of all residues. It is a Vast System of Connected Energy. This System Connects every Chamber of Eternal Light Within each Pathway.

The Source remains Connected with All Aspects of the Pathway and Energy Flows in the Direction of the Lead Director for each Pathway. In this Way, Blessed Ambassadors, we Establish the Mighty Network of Pathways for the Removal of the Residues, Marking the Achievement of the Second Phase of our Action to Establish the Beloved Global Network for the Light of Genesis. This Phase will be fully accomplished during this Blessed Year of Action. It is a Year of Illumined Action, Action. Very good, it is very good.

Let us Offer the Direction of our Placement of the Tools today for China, the Pathway for China. Yes. We will position the Tools Properly onto the Maps and, together today; we will enjoy the Technique of the Blessed Golden Matrix.

The Light is increasing with every day, day by day Action of Establishing the Blessed Web-Work of Light brings about Greater Levels of Light for All. Yes.

We will conclude with the Blessed Technique of the Pearl of Knowledge.

Many Blessings.

## **Each Week We Will Place Our Focus on the Global Vision for the World**

Lantos:

Greetings Dear Ones,

It is a beautiful Arrival of Star Light. The Establishment of the Frameworks for the Pathways of Star Light Set in Motion the Process of Initial Rotations, Originating at our Beloved Seat of Eternal Light and Flowing Outwards in the Direction of each Framework of the Pathway Set forth by the Placement of our Precious Master Tools of the Light.

It is through our Mighty Master Tools that we receive the Blessings of the Sweeping Influence of the Removal of the Residues from all lands, all zones Within the Blessed Pathway. It is a Great Blessing, a Beautiful Process of the Light. It is a Process of Genesis Fusion Activating the Flow of Initial Rotations, the most Fundamental Process of the Flow of Creation, the most Fundamental Dynamics of Creation. From the Source, Creation Flows through this Sublime Process.

Our Blessed Pathways of Light are the Expressions of this Blessed Process on a Global Scale. It is the same Process; the Dynamics are the same Dynamics which begin with the Source. From the Source a Direction is Taken, the Direction is Governed by the Intent. The Intent Establishes the Direction, the Energy Flows Automatically, the Energy Flows in the Direction which was Established by the Intent. Yes? Yes.

It is the same Process everywhere, in all countries, all parts of the World. These Pathways are Selected to Aid in the Spreading of the Influence of our Beloved Chambers of Eternal Light across Great Distances. The Establishment of a Pathway Connects the Blessed Chambers of Eternal Light Within the Pathway through the Energy of the Process of Initial Rotations—a very Blessed Process, a very Beautiful Process.

We are, one by one, Completing the Framework for each Pathway. Each week let us have an update on the Progress, the Overall Vision, the Master Vision of the Whole. Our Dear Ambassadors must have, in the Focus, the Vision of the Whole Network, the Global Vision of the Blessed Growing Network. This is our Focus.

Each week we will take further steps to achieve the Completion of our Present Phase, and each week we will place our Focus on the Global Vision for the World. It is a Complete Vision of the Growing Web-Work of Radiant Star Light, it is a Global Vision.

Dear Ambassadors, each Technique, each Blessed Treatment Performed with the Blessed Tools of the Light of Genesis Strengthens the Global Network of Light. As Ambassadors we enjoy the Great Global Vision, we feel the Sense of the Global Responsibility. Vision carries Great Responsibility. To see, one Automatically Assumes the Role of Guide for those Without the Ability to See. One's Vision comes with one's Automatic Role to Fulfill as Guide for all others.

Blessed Ambassadors, you are Equipped with the Greatest Knowledge of the Fundamental Process of Creating. This Process brings Forth Radiant Levels of Light, Vision Increases with Light. In Greater Light, the Vision is Greater, Clearer. Week by week this Light has Expanded. The weekly Focus of the Attention of all of our Dear Ambassadors onto the Beloved Structuring of the Global Network of the Light of Genesis has brought forth Tremendous Radiance.

We have seen in this year the Blessed Formation of the Radiant Receptacle and out of this Dynamic Source of Light and Energy, the Precious Pearl has Emerged in Sublime Radiance. For each Blessed Ambassador the Pearl of Knowledge is the personal Tool for the Connection with that Beloved Global Network of the Light of Genesis which is Structured for the Arrival of the Mighty Great Star of Genesis marking the New Aeon for Earth.

It Establishes a Personal Connection with the Web-Work of Star Light. Yes, this Blessed Pearl Emerges through the Energy Responsible for the Creation of the Radiant Receptacle. It is a Dynamic, Swirling Tremendous Energy.

In this Year of Action, the Blessed Pearl of Knowledge has Emerged to bring the Great Blessings of Light to each Ambassador of the Light, on each continent. This Structures a Brilliant Radiance for each continent. It is the Brilliant Radiance of the Blessed Pearl of Star Light.

Dear Ambassadors of Star Light, we will Offer to each a Blessed Addition to this Technique of the Pearl of Knowledge. This is the coming Sublime Gift of this Holy Season. It is a Shimmering Sparkle of the Pearl of Knowledge, a Shimmering Sparkle of Star Light added to the Beloved Technique of the Pearl of Knowledge. Yes. During the days of the Holy Season we will Offer this Gift of Star Light to our dear recipients of the Pearl of Star Light.

Today, Dear Ones, we will position our Blessed Master Tools onto the Maps for the Enlivenment of all Aspects of the Pathway for Japan. First, we will perform together the Blessed Technique of the Golden Matrix. This we will follow with the Blessed Technique of the Pearl of Knowledge. Very good.

We are steadily Advancing along our Charted Path of Illumined Action. It is a beautiful Development of the Radiant Web-Work of Star Light for all to Enjoy, yes, all to Enjoy.

Very good.

Many Blessings.

## **This is the Process of Assembly of a Mighty Structure**

Lantos:

Greetings Dear Ones,

As a Framework begins to be Assembled, Individual Beams are placed in the Proper Locations. Initially, the Structural Beams are Placed. Structural Beams are those Beams which Support the Structure, the Beams which are Responsible for the Weight of all. They are Responsible for the Future Positioning of all Other Beams. This is the Process of Assembly of a Mighty Structure, a Mighty Building, a Mighty Ship, a Mighty Airship—all building begins with the Placement, the Proper Positioning of the Structural Beams. These Beams are Greatest in Strength and Greatest in Significance, for any miscalculation on this Fundamental Level will surely Create all manner of Difficulty as the Assembly Progresses. Therefore, the Greatest Importance, the Greatest Care, is given to the Positioning of the Structural Beams of the Mighty Framework.

It is the Case on all Levels of Creation. For the Generation of Creation, for the Emergence of Existence, the Five Great Governing Universal Lords Oversee the Positioning of the Initial Expressions Arising from the Almighty Sublime Source of Creation. Out of the Source, Creation Emerges. Creation then proceeds to Flow Through the Channels of Structural Assembly, Assembling the Mighty Framework of the Great Universal Structures.

Dear Ambassadors of the Structural Assembly of the Global Network of the Light of Genesis, we are Generating a Mighty Framework, we are Assembling a Mighty Framework for the Arrival of the Coming Aeon of Eternal Light of the Mighty Great Star of Genesis. We are Supremely Blessed. Our Actions are Graced by the Directorship of the Beloved Five Great Universal Lords—Lords of Structure, Lords of Assembly, Lords of the Emergence of the Expressions of Creation.

Each of these Mighty Governing Lords Oversees a Pathway of Star Light—one of the Five Pathways of Initial Rotations which Originate at the Beloved Source, the Seat of Eternal Light—Flowing Outwards into Expression. These Blessed Pathways offer the Assistance Required by the lands heavily burdened by residue of past action, past influence—the lands holding the deepest impressions of the actions of the past Aeon of Earth.

With this Process of Construction of the Pathways, the Light may be Directed to all Sites of Disturbance. It is a Mighty Framework which is the Second Phase of the Assembly of our Great Framework for Earth. We are Assembling a Framework for All. This Framework is our Beloved Global Network of the Light of Genesis. Step by Step we Assemble the Beams.

Our Final Phase of Action is the Phase of Assembly of Star Light. Yes. The Assembly of Star Light follows the Construction of the Structural Beams. This is the Phase of Rapid Advancement of Form. Once the Structural Beams are Properly Positioned—the sides, the walls, the roofs, the floors—these Elements come along in a Rapid and nearly Effortless fashion through the Blessings of the Proper Placement of the Structural Beams. It is a Beautiful Process, a Process which Occurs on All Levels of Expression, beginning with the Supreme Process of Creation Itself.

We are so Very Blessed for this Precious Opportunity to Assemble the Beloved Framework and Structure for the Entire Future of this New Aeon we enter. It is a very Great Blessing. It is a Great Service. Your Service, Blessed Ambassadors, is a Great Service for the results now, and for the results to come for this Great Aeon of Eternal Light.

Together now we will perform the Technique of the Golden Matrix. We will perform the Technique of the Pearl of Knowledge.

We will then position our Tools onto the Mapping for Japan. Great Progress has been made in our Development of the Pathways of Star Light. It is a Blessed Service, a Blessed Service of Illumined Action—Support of the Assembly of the Structure of Light, the Mighty Framework of Light—this Support is Supreme Illumined Action. No Action is Greater than this. Yes. Yes. It is Beautiful, very Beautiful.

Very good, very good.

Many Blessings.

## **This New Quality of Physical Substance Gives Rise to New Levels of Light**

Lantos:

Greetings Dear Ones,

The Formation of the Pathways of Star Light gives Rise to a New Material Substance for the land. It is a New Substance. It is a Complete Shift from the Previous Substance. This New Quality of Physical Substance gives Rise to New Levels of Light, New Levels of Possibilities for All to Enjoy.

Activity is Based on the Quality and the Structure made Possible by the Substance of the land and waters of Earth. Without the Support, without the Physical Structure of Support, Activity is Limited, Experience is Limited, owing to the Limited Values of Support Offered by the Physical Structure. As the Physical Structure Shifts, Greater Ranges of Possibilities Emerge. These Changes Affect All Layers, All Levels of Life, All Aspects of Existence.

Dear Ones, our timing is Significant, our Actions carry Great Significance. The support from our Blessed Ambassadors of Star Light is Highly Significant. This Support offers the Basis for Action, the Basis for Change.

We are nearing the Completion of the Structuring of the Framework of Pathways of Star Light. These Pathways Carry the Light, Carry the Radiant Eternal Light from the Source to the Goal, from the Source to the Goal. Yes. The Beams of Star Light travel Outwards in Initial Rotations, Outwards, Spiraling through the Dynamics of the Process of Initial Rotations. It is a Flow of Tremendous Energy, a Flow of Energy Propelled by the Mechanics of Genesis Fusion.

Dear Ones, this Tremendous Energy, which we Call the Energy of Genesis Fusion, this Tremendous Energy is Generated through the Presence of our two Blessed Super Cells, surrounding the BioTrinity. In this case, the Blessed BioTrinity Directs the Accelerated Form of Energy, Propels the Light from the Source to the Goal.

This Light is Propelled by the Presence of the Super Cells and the Creation of the Genesis Fusion. The Super Cells offer this Great Burst of Accelerated Energy and Receive Direction from our Blessed BioTrinity. In this Same Manner, in this Same Way, we may Accelerate the Energy of any System. Yes. Yes. It is Very Significant.

We may take any System and Apply this Principle. The Energy of Genesis Fusion Accelerates the Energy Within any System. The Application of this Tremendous Burst Propels the Nature of a System Forwards with Greater Energy, Greater Direction, for Greater Success.

Dear Ambassadors of Star Light, today let us make an experiment. For this experiment we will require a BioTranslator and a BioAmplifier, as well as two Super Cells. We will

position our BioTranslator together with our BioAmplifier. Under this we will place a desire. Now, today, we will place a Super Water Cell on one side and a Super Star Cell on the opposite side of our Blessed BioTranslator. Very good, very good.

We will let this Desire sit in the Presence of the Blessed BioTranslator, BioAmplifier and Propelled by the Energy of Genesis Fusion. We will discuss the results in a few days.

Blessed Ambassadors of Star Light, we will begin with the Technique of the Golden Matrix. We will follow this Technique with the Technique of the Pearl of Knowledge. Then we will position our Desire under the Translator in the Presence of Genesis Fusion.

Very good, very good.

Many Blessings.

## **Master This Valuable Technique of Desire**

Lantos:

Greetings Dear Ones,

Desire Establishes Direction. Intent Charts the Course for the Energy to Flow to Structure Existence. Our Blessed Practice with Intent, in the Presence of our BioTranslator and BioAmplifier, has shown the Great Cosmic Forces which carry the Intent through to Fulfillment—Structuring Form out of Energy. Out of Light Substance Emerges.

This Process receives Great Acceleration in the Presence of the Master Combination of our Beloved Super Stars. The Presence of our Beloved Super Star Cells—our Beloved Super Water Star and our Beloved Super Star Cell—the Presence Offers Accelerated Energy. Higher Levels of Energy Structure Greater and more Rapid Results.

The Energy present within the System is Responsible for the Fullness of the Results, the Fullness as well as the Speed of Accomplishment of the Desire. Energy into Form requires Energy for the Accomplishment of Form. The Greater the Energy, the more Rapid and Complete the Results of the Form.

Again, today, let us practice this Process. It is a Blessed Process for our Dear Ambassadors of Star Light. Ambassadors of Star Light must Master this Valuable Technique of Desire; Desire—Achievement of Desire, Fulfillment of Intent. Yes.

Today, again, we will begin with the practice of our Blessed Technique of the Golden Matrix. This Establishes a Universal Platform from which we will Present our Desire. Next, we will Perform the Blessed Technique of the Pearl of Knowledge. This brings to our Intent Great Purity, Great Protection.

And, finally, we will Establish our Written Intent, placing this in the Presence of our BioTranslator and BioAmplifier, surrounded by the Energy of the two Super Cells. This Energy is the Energy of Genesis Fusion—the Great Energy of the Universe, the Great Energy which is at the Source of the Expressions of Existence.

This is our instruction for today. Let us begin.

Many Blessings.

## **A New Era, A New Aeon of Life for All**

Lantos:

Blessings and Greetings Dear Ones,

It is a Beautiful Experience of the Structuring of the Framework of Light, the Forming of the Blessed Network of Light for Earth. Through this Structuring of the Interconnected, Radiant Beams of Light, the Platform Emerges. It is a Platform for the Emergence of the New Form for Earth—the Beloved Mighty Great Star of Genesis.

This New Form marks the onset of a New Era, a New Aeon of Life for All. This Blessed New Form Supports New Possibilities; New Levels of Existence Open for Experience, New Levels of Radiance are Structured Within the lands. The lands and waters of Earth Support Greater Values of Light, Higher Layers of Existence. They shake off the limitations and impressions of past influences. The actions of the past will be Awakened by the New Qualities of Star Light Spread throughout the World like Radiant Beacons, Gathering in the Great Central Hubs of Light and Spreading to all Vicinities, Accelerated by the Presence of the Pathways of Star Light. The Phase of Action for the Removal of the Residues brings Great Acceleration to all Layers of Existence.

The Functioning of Initial Rotations on a Global Scale offers Tremendous Blessings for All. Waves of Radiance are Generated by the Blessed Structure of a Single Pathway of Initial Rotations. The Pathway Structures Sublime Radiance Within the Pathway and Enlivens this Blessed Level of Creation for all Earth.

Together these Blessed Five Pathways Form the Structure for the removal of the effects of the past Aeon. Through the Blessed Assistance of our Dear Ambassadors, this phase will soon be complete. Completion of this Phase will result in the removal of the disturbances to the Blessed Web-Work of Star Light.

We have positioned our Precious Chambers of Eternal Light in many Specific Locations around the World. Removal of the residues will allow for the Clear Connections to be Structured between these Blessed Reflections of the Coming New Form—the Mighty Great Star of Genesis. We are Structuring the Blessed Global Network of the Light of Genesis. It is a Global Network of Radiant Beams of Star Light.

Dear Ambassadors of Star Light, great things are to come. During this Blessed Year of Illumined Action, much has been Accomplished. Our Blessed Tour of the Pearl of Star Light has Arrived on the continents of the America, the South America, the Asian continent and the continent of Europe, Blessing these lands with the Arrival of the Great Universal Beings of Light as the Knowledge of Great Purity is Received by our Dear Ambassadors of Star Light. Yes. Great Action brings about Great Light; Great Action Structures the Framework for the Emergence of Great Light.

This Blessed Tour of the Pearl of Star Light has Awakened a Deep Central Light Within the lands. This Awakening has led to the Opportunity for Tremendous Acceleration and the Structuring of the Five Pathways of Star Light for the Removal of the Residues of past action.

Our Beloved Global Network of the Light of Genesis has begun to take on Form, Forming an Interconnected Network of Streaming Bands of Star Light around the World. The areas of greatest numbers of these Precious Reflections of the Great Star of Genesis are the Great Hubs of Light for Earth, and it was for the Blessing of these Hubs that the Beloved Great Universal Beings of Light Arrived in each of these Hub Locations on these continents around the World.

This Year of Action Opened with Great Activity and has proceeded with Great Activity. These Steps of Illumined Action have brought about Tremendous Light and Upliftment for Earth. Out of this Upsurge of Radiance we Receive a New Source of Radiance, a new Well of Knowledge. This comes as an Expression of the Development of the Global Framework of Light. It is a Great Gateway of Knowledge for the Blessings of All.

Now, today we will place our Blessed Master Tools onto the Pathway for Africa. Yes, each Tool Positioned Properly. Very good. It is very good. The Global Development of the Aeon of Eternal Light. Beautiful. Well done.

Many Blessings.

## **Rapid Development to Achieve the Required Building Timeline**

Lantos:

Greetings Dear Ones,

As the Framework Develops New Possibilities Emerge. The Increase of Light Supports New Directions, New Expressions for Living. Life, Supported by the Growing Framework of the Beams of Star Light, may be lived more Fully, more Fully and with Greater Ease.

What do we mean by Greater Ease? Ease is Achieved when the Pathway is Clear. A Clear Pathway offers a comfortable ride; a Clear Pathway is Achieved by the removal of the obstacles. Obstacles are the remnants of the past action, residues of the past Aeon, and these residues have generated disturbances in the very structure of the lands of Earth.

Our Blessed Five Pathways of Light have brought about the Channels for the Placement of the Required Chambers of Eternal Light, the Blessed Reflection of the Mighty Great Star of Genesis, the Great Form for the Coming Era.

We are Structuring the Platform for the Arrival of this New Era. It is a New Aeon of Life, a New Aeon of Existence for all. And, this New Aeon is being Structured through the Formation of the Beloved Global Network of the Light of Genesis, a Global Framework of Light whose Far-Reaching Influence Spreads to all Creation.

It is a time of Rapid Development, Rapid Development to Achieve the Required building Time-Line. As with any project of construction, a Time-Line is set forth, a Time-Line which must be met by the builders, by the contractors of the mighty project. Together they must Coordinate their Efforts and Plans in order to Maximize the Levels of Progress.

Maximum Support is Required to meet the Deadline, Maximum Support must be Offered at Key Moments along the Project's Time-Line in order to Achieve the Final Success. The Goal is achieved through Certain Key Actions, through Certain Key Measures of Support, Offered at the Specific Moments of Requirement. This is the Course of Illumined Action.

In this Year of Action, Great Steps of Action have been Accomplished. It is a Great Momentum which has been Structured, and through this Great Energy the Future Final Phase of the Structuring of the Global Network of the Light of Genesis may be Achieved.

It is a Beautiful Course which has been Charted, a Course of Sublime Light for All to Enjoy as the Beloved Global Network of the Light of Genesis is Fully Realized, and the Blessed New Form Emerges to Support the Era of Great New Possibilities, the Era of Eternal Light for All. Yes.

Let us continue with our Focus of Master Tools onto the great continent of Africa. We bring the Blessings to All. Even in this Specific Focus of Light Directed towards a single Pathway of Star Light the Blessings Flow to All Existence. It is so. Yes.

Very good, very good.

Many Blessings.

## **The Western Gate of Knowledge**

Lantos:

Yes, yes. It will be very good to proceed along the Path of Illumined Action. We will proceed with the Establishment of the Western Gate of Knowledge. It is a Location of Great Light, Offering Great Stability for the World. Stability Arrives through Balance, Balance is the Key. The Key to Stability, Dear Ambassadors, is Balance, yes, Balance.

Our Blessed Western Gate brings about the Radiant Light of Genesis and Establishes a Seat of Balance in a designated Location, a Location which Requires this Light and is Capable of Spreading this Light to the World. Yes.

There will be Three Centers of Light, Three Locations in the World from where the Light Emanates to all, to All. We begin with the Establishment of our Precious Western Gate. This is the First Arm of the Blessed Source of Creation. The Heart Governs this First Expression; the Heart of Genesis Oversees this Blessed Seat of Knowledge, Seat of Purity, for the Establishment of Balance for All.

This is the Western Gate of Knowledge. It has a Direct Link, a Sublime Connection with our Precious Seat of Eternal Light. It is a Sublime Connection bringing the Light of the Source and Carrying it Outwards, Propelling it into Expression on the Physical, Material Level of Existence.

From the Source the Initial Expression is most Precious, most Precious—a Blessed Reflection of the Almighty Source. Yes. Dear Ones, Dear Ambassadors of Star Light, this Western Gate is the Western Gate of Knowledge to Bless all with Knowledge and with the Sublime Light of Genesis.

In the coming months, we will Establish our Final Center of Light—the Eastern Gate of Knowledge. We will select a Blessed Location for this Sublime Center in the lands of the East, lands near to the Blessed World Ocean.

These Gates are Established near to the Flowing Ocean Currents, drawing on a Physical Level from the Seat of Eternal Light, Centrally Located between these Blessed Gates of Knowledge. The Gates are the Expressions of the Beloved Source of Creation, the Expressions of the Light of Genesis on the Physical Level of Existence. It is very good, very good. Yes, this is the Path of Illumined Action.

We are Structuring the Blessed Framework for the Coming New Form, the Aeon of Eternal Light. Our Precious Seat of Eternal Light is the Source, the Source Location.

From here Expression Flows Outwards to our Beloved Gates—one Western Gate, one Eastern Gate.

It is a Beautiful Path of Light, Light of the Source. This Light Flows Outwards Directly from the Source. It is Beautiful, very Beautiful. Good. This is the Path, the Path of Abundance, the Path of Abundance—Abundance of Knowledge, Abundance of Light, Abundance of Resources. This is the Path, Dear Ones.

Very good.

Many Blessings.

## **Rest is Required for Action**

Lantos:

Greetings Dear Ones,

Rest is Required for Action. For the Highest Success in Action, Dear Ambassadors, we must not neglect the Source of Action, the Source of Energy. Rest is the Source of Energy on the Physical Level of Existence.

In our Year of Dynamic, Illumined Action, great tasks have been accomplished; Great Steps of Structuring our Blessed Global Network have been Achieved. Now, we are facing the final segment of this Dynamic Year. For this, Precious Luminaries, we must prepare by dedicating one week at this Time to Rest—Dedicating to the Source of Action, Dedicating to the Source of Achievement.

This, Precious Ambassadors, is a Week of Rest—Rest and Silence. In this week, our Focus is Directed towards the Rejuvenation of the Physical Structure which Supports our daily Motions. During this Week of Rest, let us take the opportunity to Practice a Steady, Daily Routine which includes Proper Treatments, Proper Nourishment and Proper Rest. A Complete Schedule will Prepare our Structures for the Task which awaits us in the weeks ahead. One week of Daily Treatments. We may call this a week of the home spa. Yes. From the position in the home we will carry out a Daily Routine, a Daily Treatment Schedule Complimented by the Periods of Rest and Nourishment for the Physical Structure.

Dear Ones, these past weeks and months have required Focus, not only on a Mental Level, but also on a Physical Level. Great Success has resulted from this long, dedicated stretch along the Path. However, however, now, for the next five days, we will take upon ourselves the Task to Rejuvenate the Energies on the Multiple Layers of Life. This must be viewed as a Task. This is not the lack of a task, no—this Period of Rejuvenation is the Proper Task at hand.

Each day we will begin with the Blessed Awakening of the Golden Matrix and the Blessed Technique of the Personal Pathway and Pearl of Knowledge. Then, as we rise into the day we will Apply the Shield Treatment for the protection of the Personal Energies. We must take the Full Value of Nourishment for each meal time; careful selection must be given to the diet during this Period of Rejuvenation.

The Practices of Creating and the Techniques of Ability, along with a Personal Treatment using the Blessed Tools and Star Cells will offer Great Waves of Strength and will Generate a stable Platform for the Achievement of the final weeks of our Dynamic Year of Illumined Action.

We will begin our days of Rejuvenation on this day. One week dedicated to Renewing and Replenishing the Precious Physical Receptacle of Light. Yes.

Very good, very good.

Many Blessings.

## **A Period to Prepare for the Steps Ahead**

Lantos:

Greetings Dear Ones,

A Great Stillness precedes a flurry of Activity. Before a storm the air is calm and still. It is the catching of the breath before the running of the race. It is a Significant Step in the Course of Action. The Path of Action is marked, highlighted, by Accomplishments. This Path consists of both Action, as well as periods of Rest—Rest Required for the Generation of these Actions.

This week is a Scheduled Time of Rest, a period to prepare for the steps ahead. This is the week to practice at least once each Technique which has been Offered, once touching on each Technique. This will Enliven these Qualities within the Individual Structure.

Let us take several minutes to review these Techniques. We will hear from our Blessed Coordinator the details of the Technique of the Holy Season, the Vision Technique, the Technique of the Personal Pathway and other Blessed Techniques which may be imparted in a brief manner. Yes.

This is the Week of Rest and through the Presence of Rest, Great Action is Born.

Very good. Let us review now these Blessed Techniques of the Sublime Light of Genesis.

Very good, very good.

Many Blessings.

## **A Great Universal Wave of Fulfillment**

Lantos:

Greetings Dear Ones,

It is good, very good. A gentle Period of Rest has prepared the Grounds for a Dynamic Period of Blessed Activity. We have cleared away the layers of fatigue which are as a cloud covering a layer of darkness across a clear sky. Rest is a Great Blessing. Rest brings Relief, Relief from the pains of dissatisfaction. Lack of Energy causes a lack of satisfaction. Yes. Satisfaction is present when Energy is Present. We have allowed ourselves a week for the Increase of Energy within the Physical Structure.

Now, Dear Ones, today we Receive the Vision of the coming steps, the Steps of Action Required for the Formation of the Light of Genesis, Structuring our Blessed Global Network. This Global Network will serve as the Platform to Support the Mighty Great Star of Genesis for the Emergence of the New Era on Earth. It is a Coming New Era for All. It is an Era of Eternal Light.

Action will be modified in that the Source of Action will be Greatly Expanded. The Source Expands as the Structure of the Global Network of the Light of Genesis Grows. As this Blessed Platform is Complete the New Era Arrives with the Arrival of the Mighty Great Star of Genesis, a Great Opening for All.

What will life look like? What will Actions appear as in the Coming New Era? It is a good question, a very good question. How does life shift? How do the present patterns of life change under the Existence of the New Structure of Great Star Light?

Dear Ones, Dear Ambassadors, a Shift of an Aeon is a Complete Shift. Yes, this is true, very true. Many changes will occur, but also, many structures will remain. There is a Blessed Pattern to Living. It is a Simple Pattern of Existence. It is a Beautiful Pattern through which Life Flows, Life finds Expression through the simple Motions of eating, sleeping, enjoyment with family members, daily tasks and other Forms of Action which allow for the Waves of Fulfillment to be Experienced on a Personal Level.

It is not enough to Experience the Sublime Light of Creation on an Impersonal Level. For this Great Shift, from one Aeon into the Coming Aeon, the daily Lives of each Individual will be altered in a most Fundamental way, a most Personal way. Light will Illumine the Minds, Light will Radiate on the Level of the Cells of the Physical Structures of each individual.

Action, whatever the Direction, will be engulfed within the Direct Experience of the Fulfillment. This is the Greatest Value of the Shift, Dear Ones. The Greatest Value is not in the Altering of the Outer Actions, the Greatest Value is in the Altering of the Inner Conditions which Formulate all Action and all response to all Outer Conditions.

Fulfillment prevails when any Action is Performed from a Level of Great Light. The Type of Action is not the issue. The Source of Action is the Issue. We may continue to eat the same type of cereal breakfast, yes, this may be the case. We may sit to the table with the same bowl, the same spoon; however, the Same Act Performed in the Radiance of Star Light will Generate a Great Wave of Peace and Nourishment rather than turmoil and discomfort.

It is not the Actions that Lead to the Fulfillment; it is the Gaining of the Great Conditions of Light which Bring about the Sublime Blessings, the Complete Transference from one Aeon of Functioning into Another.

Now, Dear Ambassadors, do you see this point clearly? It is not so important the Type of Action Performed. It is vastly more important to recognize the Environment of Sublime Light Experienced directly on a Personal Level while any Action is being Performed. Yes.

It can be that still we have the desire for cornflakes in the morning. It can be that this Action Remains in the Coming Aeon of Eternal Light. However, Dear Ones, these flakes of corn will be a part of a Great Universal Wave of Fulfillment, which brings Nourishment to all Levels of the Individual, as well as to all Levels of the Surroundings.

The problems of the Present Conditions of the Earth's Structure and the Problems of the Conditions of the Nature of the Human Structures—these Problems of Conditions will all be Sorted Out. In the playground there is an insurmountable problem of many children to only one ball. It is beyond the scope of understanding for the children to reconcile this dilemma and arrive at a condition of Peace and Fulfillment. It is beyond the Vision. Bruises and bloody noses—these are characteristics of this arrangement.

One teacher Arrives, one teacher Steps in with the Knowledge of the sport of kicking the single ball between the teams. Each child Participates, each child Benefits. It is a Simple Solution which was not Visible Until the Arrival of the New Knowledge, New Light. It is an example, a simple way in which we may imagine that condition which is to come.

We are not heading to a foreign location; we will find many things familiar in our lives. However, at the same time, All will Shift, All Experiences will Shift. Peace is a Great Shift from war; Fulfillment is a Great Shift from suffering. One ball may be sufficient to go around to all, or it may be that many balls are provided. In either case, Fulfillment Prevails. That which is required will be delivered. This is the Structure of the Coming Aeon of Eternal Light. This is the Goal of our every Action.

We have taken one Week of Rest in order to Give Better Results to the coming days of Dynamic Action. It is a Great Pathway of Illumined Action, a Great Pathway.

Very good, very good.

Many Blessings.

## **Our Mission is to Bring Forth the New Era for Earth**

Lantos:

Greetings Dear Ones,

Beautiful. The air clears following a deep breath. We have enjoyed a Week of Rest and now, Dear Ones, we are Poised for Action. The Purpose of Action is to Propel Life Forward in the Unfoldment and Expansion of Happiness, Fulfillment. This is the Goal of Action.

Our Mission is to Bring Forth the New Era for Earth, an Era to Support All Action in All Places, for All People. This is the Structuring of the Global Network of the Light of Genesis. It is a Beautiful Structuring of a Mighty Web-Work of Light which Encompasses the Earth with Streaming Bands of Star Light Originating from each Blessed Chamber of Eternal Light, and Focusing in Hubs of Light and Intersections of Light around the Earth.

This is the Blessed Framework of Star Light, a Global Design to Bring Forth the Full Energy and Presence of the New Great Form—the Great Star of Genesis. Yes. This is a Blessed Vision of the Consequences of our Daily Actions. Our Daily Activities on this Fundamental Level of Light Produce Global Results which are Spread throughout the Universe on Waves of Light.

Mighty Action Requires Mighty Preparation. We are facing a Mighty Task, a Global Task with Far-Reaching Universal Influence. It is a Blessed Task, and for this Next Phase of our Steps of Action, we have taken a deep breath of rest, a period to pause and rejuvenate. Very good, very good.

One may always question whether one is prepared for the task ahead. One may never feel Complete Assurance, Complete Preparedness, but the Steps are Taken with Confidence, we Move with Confidence. We take our Steps on the Path which is laid before us by the Mighty Guiding Beings of Light, the Guides of Light. We are on the Path of Illumined Action, Blessed by the Guidance of the Great Universal Beings. Yes, yes.

We will now prepare for the Emergence of a Great Hub of the Global Network of the Light of Genesis—the Emergence of a Blessed Location of Light, a Location of Knowledge, a Hub of Star Light. This is one of the Three Hubs of Star Light for our Earth. We have the Central Hub. This, Dear Ambassadors, is our Beloved Seat of Eternal Light, a Central Source of the Light of Genesis for Earth. From here the Energy of the Light of Genesis, the Blessings of Star Light, Flow Outwards along Set Pathways of Light.

We are Structuring now, in these Precious Days of Illumined Action, we are Establishing now a Great Structure of Light, a Mighty Location of Light for the Heralding of the New Aeon for Earth. This New Hub of Star Light is our Beloved Western Gate of Knowledge. A Gate invites Entry, a Gate Signifies Passage and Welcomes the Traveler, the Seeker, Marking the Point of Entry into a New Territory, a Great New Experience.

The Beloved Western Gate will Offer Knowledge for the Coming Aeon of Light. The Beloved Western Gate will Welcome the Seeker from the prior Aeon and Deliver the Blessed Traveler to the Coming Aeon of Eternal Light. Yes. This is the Function of Our Cosmic Western Gate.

The Location has been selected. It is a Location of Great Energy for the Earth. Its Influence will Generate a Shield of Protection for this Region of the World, and the Blessings will Flow through this Gateway, Spreading to All.

From our Beloved Seat of Eternal Light the Sublime Energy of Life Flows. From Our Beloved Seat of Eternal Light the Energy will now be Received by the Western Gate, and soon the Eastern Gate. And from these Blessed Hubs of Light, the Era of Eternal Light will Unfold.

We will Inaugurate the Blessed Western Gate in a Ceremony of Light—the first Course of Star Light Offered during this Holy Season. We are approaching the Days of the Holy Season, and with this, we will Welcome the Arrival and Celebrate the Establishment of our Beloved Western Gate of Knowledge.

Very good, very good.

Many Blessings.

## **The Procession Has Commenced**

Lantos:

Greetings Dear Ones,

The Procession has Commenced. It is a Movement of Sublime Light, a Movement of the Light of Genesis to Structure the Framework for the Coming Era of Eternal Light. The Beloved Chair of Genesis moves, the Beloved Chair of Genesis is the Mighty Vessel of Eternal Light. It is the Sublime Device whose Function is the Acceleration of the Light of Genesis Within the Cellular Structure of the Individual.

The Procession of the Beloved Chair of Genesis is the Procession of the Great Light of Genesis. In the course of the Establishment of the Global Network of the Light of Genesis Two Great Hubs of Light Emerge. These Hubs of Light Emerge as the Primary Hubs of Star Light, the Primary Locations on the Earth where the Streams of Energy, the Streaming Bands of Star Light, Conjoin.

It is in these Locations, these Blessed Main Hubs of Star Light, these Centers of Foremost Convergence of Star Light, that we Form the Eminent Gates of Knowledge—the Eminent Gate of the West and the Eminent Gate of the East. The Beloved Western Gate of Knowledge for the Radiance and Illumination of all the lands and waters in the Western Realm of Earth and the Beloved Eastern Gate of Knowledge, the Beloved Center of Sublime Light for the Blessings of the Eastern Realm.

The Light enters Earth at the Seat of Eternal Light, the Seat of the Almighty Source. From this Beloved Central Source, from this Beloved Central Location, the Light Spreads. Eternal Light Spreads Outwards through the Radiant Pathways of Eternal Light. These Pathways Emerge through the Process of Initial Rotations.

It is a Procession of Light, the Sublime Light of the Source of Creation Spreading Outwards through the Dynamics of the Process of Creating, the Dynamics of the Process of Initial Rotations—Streaming Bands of Star Light Spiraling Outwards from the Source, Outwards from the Central Point of Inception, the Seat of Eternal Light. From here the Expressions of the Sublime Eternal Light Bless All. They Flow along the Pathways of Star Light.

As the Global Network of the Light of Genesis Expands, as the Web-Work of Star Light Develops, the Pathways of Star Light Form. We have Directed the Flow of Five Major Pathways of Star Light. We have Established these Pathways for the Purpose of the Spread of the Influence of the Beloved Chambers of Eternal Light across a Vast Region of land.

These Five Pathways have been Established for the Removal of the Residues of the Earth, for the Release of the Binding Influence of the Past Action of the Past Aeon. These Five Blessed Pathways of Star Light will Function to Lift the Impressions from the lands, Removing the Negative Influence cast upon the people and the environment Within those regions Defined by the Course of Each Pathway.

Now, Dear Ambassadors of Star Light, the Procession has Commenced. The Procession of the Great Light of Genesis has mobilized and is heading towards the Western Gate. Here, at the Western Gate of Knowledge, here our Beloved Chair of Genesis will Perform Its Role for the Acceleration of the Individual Physical Structure into the Full Light of Genesis.

Dear Ambassadors, we will Install our Blessed Device in this Luminous Western Hub of Star Light for the Blessings of All, for the Blessings of Earth and the Blessings for All the Cosmic Regions of Creation. This Location is selected as the Convergence of the Bands of Star Light which have Formed a Hub of Sublime Light in the Web-Work of the Global Network of the Light of Genesis.

One Hub has Formed in the West and one Hub has Formed in the East. It is in these two Locations, these Two Eminent Gateways, that we will place our Beloved Acceleration Devices—the Beloved Chairs of Genesis—one Chair for the West, one Chair for the East. The Sublime Radiance Flows Outwards from the Source—the Beloved Seat of Eternal Light.

The Light, Dear Ambassadors, shall Flow to these Beloved Gates—the Eminent Western Gate of Knowledge, the Eminent Eastern Gate of Knowledge. Through these Gates All Knowledge, All Light, All Illumination shall be offered. Yes. It is a Great Procession which has begun, a Procession for the Establishment of the Global Network of the Light of Genesis for the Coming Aeon of Eternal Light.

We will Install the Beloved Chair of Genesis at the Western Gate in the coming days, and we will Initialize its Use on the First Day of the First Course of Star Light, the First Course of the Eminent Western Gate of Knowledge, to be held in the early part of this upcoming Holy Season of Light.

It is very good. Yes. It is beautiful.

Many Blessings.

This is Illumined Action, and this Action Generates Sublime Influence, Produces Sublime Results.

We are engaged in the Action to Generate a Blessed Global Web-Work of Light, a Web-Work to Support, as a Framework, the Form for the New Aeon of Eternal Light—the Mighty Great Star of Genesis.

The Light Rises, the Radiance of the Sublime, Eternal Light Rises as this Blessed Network Evolves in Structure, in Form. Chamber by Chamber the Star Light Increases the Light of the New Era. It is a Specific Quality of Pure Radiance. This Quality of Star Light Carries a Designation, a Signature, and is a Pure Reflection of the Light of the Great Star of Genesis. This Light Expands; the Network Forms Location by Location.

Now, Dear Ambassadors, we are Blessed to come to the point in this Great Expansion of the Development of the New Era, the Point of the Physical Formation of the Great Hubs of Eternal Light, Blessed Hubs of Radiant Star Light. We call these Centers the Gates of Star Light, the Eminent Gates of Knowledge.

The locations, which are the first locations to Receive the Light Emerging from the Beloved Source, the first to Receive and then Transmit this Radiant Light, this Blessed Knowledge to all other locations, Spreading the Beloved Radiance to the Entire Network of Eternal Light. It is the Functional Key to unleashing the Tremendous Energy and Light Available to the Entire Form of Earth—the Eminent Gate of the West and the Eminent Gate of the East. These Beloved Gates of Knowledge are Nearest to the Source, Nearest to the Almighty Source, and the Role of Each is to Provide a Royal Way, a Passageway for this Supreme Knowledge—Sublime Light Received from the Source. The Gateway Receives and, with Great Dignity, the Knowledge Passes through to be Received by All. All Receive the Blessings of the Eminent Gates.

It is a very Great Role. We are Forming the First of these Two Eminent Gates. We are Forming the Western Gate of Knowledge and, during the Blessed Holy Season, we will Activate the Functioning of this Beloved Gate of Star Light for the Era of Eternal Light. This Gate will be Cherished. Yes. Beautiful, beautiful.

Many Blessings.

## **In This Holy Season We will Celebrate the Inauguration**

Lantos:

Greetings Dear Ones,

It is the Blessed Expansion of Light. This is the Process of the Multiplication of Radiance as we continue our Steps along the Path of Illumined Action. It is a most Beautiful, most Brilliant Structure of the Growth and Formation of the Fabric which shall Support the Form of the Era of Eternal Light.

In this Blessed Development of the Radiant Web-Work of Star Light a Beautiful Expression has Formed. A Mighty Light Emerges now to Bring Forth Great Light, Great Knowledge, and Propel the Formation of the New Aeon.

Dear Ambassadors, in this Holy Season we will Celebrate the Inauguration of the Eminent Gates of Knowledge. The Blessed Awakening Ceremony will occur at the Beloved Western Gate of Knowledge—the First Gate to take Luminous, Physical Form. The Western Gate of Knowledge is the Western Expression of the Convergence of the Great Outpouring of Sublime Light from the Beloved Seat of Eternal Light, together with the Bands of Streaming Star Light which Bless the Lands. It is the Eminent Hub of Light for the Western lands and waters of Earth.

Our Beloved Eastern Gate of Knowledge will take Form in the coming months, and will Bring Forth the Sublime Radiant Outpouring of Fullness for the East. These Two Eminent Gates—the Western and the Eastern Gates—Receive the Radiance of the Source of Creation through our Beloved Seat of Eternal Light—the Central Seat of the Sublime Light of the Source of Creation for All. From here this Precious Light Flows Outwards, East and West, and is Received and Dispersed through Two Eminent Gates of Star Light.

Dear Ambassadors, these Gates will provide Great Light, Great Knowledge to All—the Passageway of Highest Light, the Passageway of Eminent Sublime Light.

In a few short weeks, the Reception Ceremony for the Inauguration of these Blessed Eminent Gates will be held at the Beloved Western Gate of Knowledge. We will offer the details in this week as final preparations are made for this Blessed Event. It is the Awakening of the Establishment of the Mighty Physical Expressions of Light and Knowledge for the Aeon of Eternal Light.

Many Blessings.

## **The Sparkle of the Pearl of Knowledge**

Lantos:

Greetings Dear Ones,

Yes, yes, very good, very good. Beams of Light are Emerging from our Blessed Source. Out of our Beloved Seat of Eternal Light the Beams of Radiant Light Emerge and Flow towards the Eminent Gates. It is very Clear now. Yes? This is a very good beginning to our Image, which we will share with the World.

As Great Changes Occur, the world will look for Reasons for such Change. We will show to the World our Beloved Global Network of the Light of Genesis. This we will Present. Very good. It is a good beginning.

We will soon Inaugurate our Blessed Western Gate of Knowledge, the Source of Knowledge as it is Presented to the Western World. From the Central Seat—the Beloved Source, the Seat of Eternal Light—the Blessings of the Highest Knowledge and Light Flow to our Eminent Gates. Each Gate becomes the Source of this Precious Knowledge for the World.

The Wellspring Feeds into the Reservoir and the Reservoir Supplies this Pure Source of Energy, Light and Knowledge to the World. The Connecting Beams are Generated by the Chambers of Eternal Light Positioned Properly, Forming a World-Wide Network of Light, a great Highway System for the Transference of this Sublime Power to All. It is an Energy to Awaken and Bring Forth the New Aeon, the Platform for the Arrival of the New Form, the Beloved Mighty Great Star of Genesis. Yes, it is very good. It is a momentous occasion—the Activation of the Western Gate of Knowledge.

We will invite our Dear Ambassadors to participate with this Momentous Opening. We will select a date; we will select the timing for this Opening within the Period of the Great Light of the Holy Season of Light. We will allow each participant the Blessings of the Chair of Genesis Within the Eminent Gate. We will Celebrate with a Course of Knowledge. To each participant we will Offer the Sparkle of the Pearl of Knowledge. The Sparkle Emerges in Celebration of the Activation of this Beloved Eminent Gate. Yes. It is very good.

We will announce this Great Time in the coming days. It is fast approaching. Yes. It is very good, very good.

Many Blessings.

## **The Inauguration of Our Blessed Western Gate**

Lantos:

Greetings Dear Ones,

We are Engaging in the Performance of Illumined Action for the Accomplishment of the Preparations for our Inauguration of the Eminent Western Gate of Knowledge. The Ceremony will Mark the Opening of our Blessed Great Hub of Light and Knowledge.

A Gate is a Great Hub of Energy, a Location of Focused Attention, Focused Light, Focused Energy. The Gate Offers the Blessings of Energy from One Source to pass through into a New Region, a New Realm. Our Beloved Eminent Gates are responsible for the Passage of the Sublime Light of the Source of Creation Originating at the Beloved Seat of Eternal Light.

The Passage of Light, the Passage of Knowledge and Energy—this is the Role of our Beloved Eminent Gates. The Energy travels Out from the Source and is Met by the Blessed Gates. The Gates Offer the First Expression. Pure Energy Emerges from the Source and is First Greeted by the Gate. The Gate Welcomes this Pure Energy Issued by the Blessed Source. The Gate Offers Form, Expression to the Light of the Source. As the Light Passes Through the Gate its Form becomes Tangible and from here, from this Focused Hub of Light, the Blessings Spread in all Directions.

We will show now our Image of the Energy Pathways. Yes? We can present this image to our Blessed Ambassadors of Star Light?

Cindy:

And he paused, so it sounded like a question and I said, “Yes, we can show the image to the Ambassadors. And then he said,

Lantos:

Very good. It is a Momentous Step in the Formation of our Beloved Global Network of the Light of Genesis—the Formation of the Two Eminent Gates.

We will begin with the Inauguration of our Blessed Western Gate. All are invited to attend this Grand Ceremony Opening and Activating—the Beloved First Eminent Gate. Each Blessed Ambassador may enjoy the Blessings of the Chair of Genesis, Accelerating the Personal Cells within this Great Hub of Light. During this Ceremony we will Initialize the Blessed Tools of the Gate, the Tools Commemorating the Awakening of this Sublime Hub of Light and Knowledge for Creation.

Cindy:

And then he paused, and he said,

Lantos:

Very good. There are many details to review. We will allow time now for our Blessed Coordinator for the continent of North America to review the details of this Blessed Inauguration of our First Eminent Gate of Knowledge.

Very good.

Let us hear the Invitation describing the Ways in which our Blessed Ambassadors may participate with this Grand Opening of Sublime Light. Yes.

Very good.

Many Blessings.

David:

Ok, thank you very much Cindy. And that means that we have a little bit of information to go over with you. I'll be doing that with you.

First, the dates. The dates for the Inauguration Ceremony for the Eminent Western Gate of Knowledge will be December 13<sup>th</sup> and 14<sup>th</sup>. What Lantos said, when he was talking with Cindy about the various dates—he had her go over all of the dates over the next several weeks, and when she came to December 13<sup>th</sup> and 14<sup>th</sup>, Lantos spoke to her, and he said,

Lantos:

We will select this one. This Blessed weekend holds the Key to Opening our First Eminent Gate. Very good. It is settled. Very good. Two days—Saturday, Sunday. We will receive the details of the schedule. We will Open the Gate on the Blessed Saturday for all of the preliminary activities. Yes.

We will Receive the Sparkle on the Sun Day. The Knowledge will Flow through the Gate on the Sun Day. Yes. Very good, very good. Beautiful. Our Beloved Eminent Gate.

We will Invite our Blessed Ambassadors of Star Light to participate in this Grand Event. Two days—we will Open the Gate on the Saturday for all of the preparations, preparations to Receive this Beautiful Blessing, preparations to Receive the Beautiful Blessings of Knowledge, Knowledge and Light. We will Quench the Thirst for Divine Experience. With this Opening, with this Awakening of our Beloved Gate, Creation will Delight in the Achievement of the Establishment of this Western Gate of Wisdom, an Eminent Hub for the Platform of Sublime Light for the Aeon of Eternal Light. Very good, very good.

David:

So, December 13<sup>th</sup> and 14<sup>th</sup>. The Inauguration Ceremony itself will take place on Sunday, December 14<sup>th</sup> at 6:50 am. That's 10 minutes before 7:00 am on Sunday, December 14<sup>th</sup>. You may wonder why we scheduled it so early in the morning, it's because the Inauguration takes place precisely at sunrise, and sunrise on December 14<sup>th</sup>, at this location, will be 10 minutes to 7:00 am. Everyone is welcome to attend the Inauguration Ceremony and there is no charge for it. The location is going to be at the Western Gate of Knowledge and that is located just south of Los Angeles, near Long Beach, California. We will give you the exact instructions, for those of you who are going to be coming there, in addition to a list of nearby hotels, anything that you would need to be able to do to find your way there. But it is in a major city, which means there are lots of opportunities for getting there, hotels—everything is convenient there.

Just last night Lantos spoke about this particular event. And he said,

Lantos:

Our Beloved Inauguration of the Eminent Western Gate of Knowledge will be held at the sunrise on the Sun Day. We will Initialize the Blessed Chair of Acceleration and Celebrate the Establishment of this Great Center for Creation for the Aeon of Eternal Light. It is the Awakening of a Mighty Center of Light, a Great Hub of Light in the Global Network of the Light of Genesis.

David:

In case it wasn't clear to you, Lantos is very excited about this event that is going to be taking place on December 14<sup>th</sup>—the Inauguration of the Western Gate of Knowledge.

Now, there are two additional opportunities that I am to tell you about. One is the opportunity to Receive the Technique of the Sparkle of the Pearl, as well as the Experience of the Chair of Genesis. This is going to be available for anyone who wants it. The cost is \$250, and with that it covers the Technique of the Sparkle of the Pearl as well as the opportunity to Experience the Chair of Genesis.

For those of you wanting to do this, you will actually have to be there at the Western Gate for one hour on Saturday, December 13<sup>th</sup> to receive a BioGenesis Treatment Session there in preparation for the Technique of the Sparkle of the Pearl and the Chair of Genesis Experience. We will be scheduling out those Treatment times in one hour increments for that Saturday.

Then, on Sun Day, after the Inauguration Ceremony, we will schedule people to Experience the Chair and receive their Technique of the Sparkle of the Pearl.

You will want to give yourself about 30 minutes or so to be at the Western Gate on Sun Day—one hour on Saturday, 30 minutes on Sun Day. You will Receive the Technique of the Sparkle of the Pearl and you will have the Opportunity to sit in the Chair of Genesis which will have been Initialized that morning. For this, you can register beginning tomorrow. Just call in, let us know and we will put your name on a list and we will schedule everyone for that Saturday and Sun Day.

The second Opportunity is a very Special One also, and it is a Commemorative Gift. The Commemorative Gift is actually a New Tool, it is called the Golden Gate of Genesis. The Purpose of this Tool—Lantos said its Role is that of a Gate, where Light and Energy pass through and where Darkness and Destructive Forces are Stopped, Negative Forces are Disallowed Entry. The Golden Gate of Genesis is used to Provide Protection as a Gateway for any Physical Structure, be it a home, or an office or a building.

Lantos said this about this Commemorative Gift. He was talking to Cindy and he said,

Lantos:

We may issue a request to be sent out to all Ambassadors of Star Light in Celebration of the Grand Inauguration of the Eminent Western Gate. We will graciously accept a donation of a Chamber of Eternal Light for Earth. To each Ambassador issuing such a Blessed Offering we will Offer a Beloved Commemorative Gift Initialized at the Blessed Opening Ceremony on the Inaugural Day of the Eminent Western Gate.

Very good. The Blessings are for All, for Creation. This Beloved Gate is a Great Blessing for Creation, an Expression of the Awakening of the Aeon of Eternal Light. Very good.

David:

So he mentioned that we won't actually be selling this Commemorative Gift—the Golden Gate of Genesis. It will be a free gift to you, to anyone who donates a Chamber of Eternal Light for Earth. The cost for a donated Chamber of Eternal Light is \$795.

Now, there is a catch on this, and that is that, this Tool—the Golden Gate of Genesis—is only going to be available for you to order between November 23<sup>rd</sup> and January 4<sup>th</sup>. We will, of course, not be able to get it to you until after the Inauguration Ceremony because these Tools—the Golden Gate of Genesis—will be Initialized, they will be Activated, on the morning of the Inauguration Ceremony itself, December 14<sup>th</sup>. So, after that, we would then begin to ship them out to everyone

We will hold a course in the days immediately after December 14<sup>th</sup>, immediately after the Inauguration Ceremony. It is a course on the Architecture of Genesis, and in that course we will be taught how to use the Golden Gate of Genesis.

Lantos gave the instruction that it would be only available for people to order for three weeks prior to the Inauguration and three weeks after the Inauguration. After that, which expires on January 4<sup>th</sup>, the next opportunity for someone to order and for us to ship a Golden Gate of Genesis, would be only three weeks prior to and three weeks after the Inauguration of the Eastern Gate of Knowledge, and all we know about that is that it will happen sometime next year, but we don't know when. These are the only two opportunities that people will have to be able to get the Golden Gate of Genesis.

We actually did ask Lantos if we would be able to simply initialize lots of them, 1,000 or 2,000 of them, at the Inauguration Ceremony so that we could store them in inventory so that people who wanted to order them next year or the year after would be able to get

them and that was his answer, that they were only available for people those three weeks leading up to and the three weeks after the Inauguration Ceremony

One final note, in tonight's message Lantos referred to a picture and Cindy said yes that she had it and he said we should get it out to everyone, make it available to everyone. This picture is a diagram that Cindy has drawn. It is of a globe and it has a fountain of Light coming out from Hawaii and Streams of Light going from Hawaii to Los Angeles and, on the other side, going from Hawaii to an island in the East.

This picture Lantos directed Cindy to begin making a couple of weeks ago and he said it would be very important for us to make this available to people to help explain to them what they were experiencing, what was happening. So, this picture, we will send out to you, along with all of this information, all of the instructions, the dates and times and everything in an email tomorrow. So, look for an email tomorrow that gives all of this information that I've just gone over with you and it will also have this picture.

Ok everyone, thank you so much for joining us today, for this special weekly conference call. We're very excited about the rapid developments that we're seeing with the beginning of the Western Gate of Knowledge and we just so enjoy getting to share this excitement with you.

Have a great beginning of your week and I will speak with you again on Wednesday.

## **The First Course of the Architecture of Genesis**

Lantos:

Greetings Dear Ones,

There is much Knowledge to review. There is much Information to be Given to our Blessed Ambassadors of Star Light as we approach the Opening of our Beloved Eminent Western Gate.

Today we will review the Plans for our Inauguration of this First Eminent Gate of Knowledge. We will provide the details of the timing of this Blessed installment event, as well as the details on the Chair of Genesis and the Sparkle of the Pearl Technique.

We will also offer the details of our Commemorative Tool Set—the Blessed Golden Gate of Genesis—as well as the information to participate with the first Course of the Architecture of Genesis. There are many details for review and we will present these details today to our Blessed Ambassadors of Star Light. Very good, very good.

It is well done. Many Steps of Illumined Action by our Dear Ambassadors have led to this Blessed Installment of the Eminent Western Gate—a Great Hub of Knowledge and Energy for the Aeon of Eternal Light.

Very good.

Many Blessings.

Dave:

Ok, thank you very much Cindy. So, now we're going to go over a bunch of information for you. This information I went over a little bit with you on Sunday but many of you have called in and I know that there is still quite a bit of information that we have to go over, so let's take just a few minutes right now and I'm going to try to address a lot of information for you on each of the aspects of the Inauguration.

The Inauguration of the Western Gateway of Knowledge Ceremony takes place on Sunday, December 14<sup>th</sup> at 6:50 am, and it will last for one hour. Now, the entire Inauguration doesn't last for one hour, but Lantos has instructed us to allocate one hour of time for the Inauguration, as well as the handing out of the Golden Gates of Knowledge Commemorative Gifts, as well as refreshments for people.

So, that is the timeframe—from 6:50 am to 7:50 am. The Western Gate of Knowledge is located just south of Los Angeles and just north of Long Beach, so between Long Beach and Los Angeles.

What we are going to be doing is arranging for a hotel and we will be arranging for a block of rooms at a hotel that will be convenient because I'm well aware that many of you are going to be flying in for this event, in fact, we have people flying in from Europe for this event. I believe we may have people flying in from Asia for this event as well. So, people are coming in from all over the world for this and, of course, you will need to have a hotel.

We're going to get that information for you just as soon as we can. It's probably going to be Sunday before we get you a name of a hotel because we're going to have to select the correct ones and negotiate a group rate for the rooms and everything else that will go with it.

Then, at that hotel, we will meet on Sunday morning, probably at about 6:00 am. We will be arranging, most likely, a large shuttle bus to take everyone either in one group or in two groups to the Western Gate. We'll need to have everyone at the Western Gate, really no later than 6:30 or 6:40 because the event begins at 6:50 and we can't have anyone be late for that event.

As far as, if you are going to be flying in, where you should fly into—Los Angeles International Airport (LAX) is going to be the most convenient airport for you to fly into; however, Long Beach Airport is also nearby. I believe Long Beach is actually going to be about 10 minutes closer than LAX to the area, so if either one does just fine for you and the price is no different, you might want to try Long Beach instead.

So, the Inauguration Ceremony is open to everyone. There is no charge for it. We will make sure to get you to the Western Gate and back to the hotel, so you don't need to worry about getting a rental car, or getting lost, or taking a taxi, we will take care of that for you.

Then, another aspect of the Inauguration is the Sparkle of the Pearl Technique, as well as the Chair of Genesis. Now, you are well familiar with the Chair of Genesis; however, the Sparkle of the Pearl Technique is something that none of us knows anything about. It is a Technique that Lantos said is here specifically as a gift for this Inauguration, and you don't have to have your own Pearl of Star Light in order to receive the Sparkle of the Pearl Technique, although Lantos did say that, if you don't have a Pearl of Star Light, your Technique will be slightly different than everybody else's, but it is available even for someone who doesn't have the Pearl of Star Light.

The two go hand in hand together—the Sparkle of the Pearl Technique as well as the Chair of Genesis. You begin by receiving the Sparkle of the Pearl Technique, and this is going to take about 10 minutes; then, you will go and experience the Chair of Genesis.

Now, the Chair of Genesis—this is the Chair that was in Boulder, Colorado, but Lantos directed us to move it here to Los Angeles for the Western Gate of Knowledge. While it is positioned there already, it is going to be Initialized, that means it will actually become effective, that morning during the Inauguration Ceremony when we are all there. For those of you sitting in the Chair, you will be getting to sit in the Chair within hours or days of when it was actually Initialized.

If you decide, and many of you have, to Experience the Chair of Genesis and Receive the Sparkle of the Pearl Technique, you will need to arrive a day earlier, because you will need to be at the Western Gate on that Saturday, December 13<sup>th</sup>. Again, we will be able to take care of your transportation to and from the hotel. We will be doing that as a group. We will be taking small groups, probably 6-8 people, to and from your hotel to the Western Gate to receive treatments.

The BioGenesis Treatment session that you will receive at the Western Gate is going to last about 30 minutes, but you are supposed to rest for about 15 minutes before you receive it. That means that you should plan to spend about 45 minutes to one hour at the Western Gate on Saturday, December 13<sup>th</sup>. That will be the only event that we have for you on December 13<sup>th</sup>.

Then, we have the Inauguration early in the morning on December 14<sup>th</sup>. The experience of the Chair of Genesis and the Sparkle of the Pearl Technique will take place on Sunday, December 14<sup>th</sup>, Monday, December 15<sup>th</sup> and Tuesday, December 16<sup>th</sup>. We had started just with Sunday, but within an hour or two we had filled the entire day. Because of the specifics of this particular location, the experience of the Chair of Genesis is only going to be 10 minutes, but it will still be the same effect as you would receive at the Retreat in Boulder, Colorado. That means that we can accommodate many more people. We can accommodate 40 people, in fact, experiencing the Chair of Genesis in a single day there at the Western Gate. But, despite being able to accommodate so many people in a day, we filled up the first day within the first couple of hours. We then filled up the second day, Monday, the first day that we were taking reservations, so we received permission from Lantos to extend this into Tuesday.

We do not anticipate extending; however, into Wednesday. So, Tuesday will be the final day for experiencing the Chair of Genesis, and we are rapidly filling that day as well. So, I mention this to you simply because, if you are considering going and experiencing the Chair of Genesis and receiving the Sparkle of the Pearl Technique but you haven't yet called us to make your reservation, you're going to need to do that tomorrow as soon as possible, because we may well fill that day by the end of tomorrow and then, once we're full with that day, we won't be able to add any more time slots for the Chair.

As I mentioned on Sunday, the cost for receiving the Sparkle of the Pearl Technique and the Chair of Genesis is \$250.00.

Now, the other thing that Lantos has mentioned is a Commemorative gift. I mentioned this to you on Sunday. He said,

Lantos:

In Celebration of the Grand Inauguration of the Eminent Western Gate, we will graciously accept a donation of a Chamber of Eternal Light for Earth. To each Ambassador issuing such a Blessed Offering, we will Offer a Beloved Commemorative Gift Initialized at the Blessed Opening Ceremony on the Inaugural Day of the Eminent Western Gate.

David:

You are well aware that we are in Phase II of the Global Network of the Light of Genesis, and that to complete Phase II we are still needing to position a couple hundred or even more Chambers of Eternal Light in locations around the World. So, for anyone who donates a Chamber of Eternal Light for Earth, they will receive a Commemorative Gift.

That Gift is a New Tool—the Golden Gate of Genesis. You will also be receiving, with that Tool, eight ribbons or tassels. Each one is going to also be Initialized at the Western Gate during that Inauguration Ceremony and will hold the Influence of the Great Cosmic Beam.

We don't yet know the purpose of one versus the other. We're going to be learning that is a Course shortly after the Inauguration, but we know that Lantos is talking about it in very great terms. As far as the purpose of the Golden Gate of Genesis, we do know that. Lantos said its Goal is that of a Gate where Light and Energy pass through and darkness and destructive forces are stopped. Negative forces are disallowed entry.

So, the Golden Gate is something that is very Special. Again, it is only available because of the Inauguration itself. And, in fact, it will only be Initialized at the Two Inaugurations—the Inauguration of the Western Gate of Knowledge and the Inauguration of the Eastern Gate of Knowledge. That will take place sometime next year, but we don't know when. We don't know if it will be in the early part of next year, or perhaps next summer, or at the end of next year. But, we know that only at these two events are we Permitted to Initialize the Golden Gates of Genesis.

Now, each Golden Gate must be Initialized for a specific address, a specific location. So, if someone is wanting to order more than one—let's say you want to get one for your house and one for your son's house, or your daughter's house or a sister's house or friend's house—you can order more than one. You would simply donate more than one Chamber of Eternal Light and you would receive one of these for each Chamber of Eternal Light. We would still need the specific address for each one. We must have that address ahead of time so that we can prepare for the Inauguration itself.

Then, of course, you will receive them at the Inauguration if you are there in person. If not, then we will ship them to you immediately afterwards. In fact, Lantos has given us a requirement—we must get them to their locations within three weeks of when they are Initialized. That means that, if you are not there in person, we are going to ship them to you immediately afterwards.

Now, since these two are the only two batches—the Inauguration at the Western Gate of Knowledge, the Inauguration at the Eastern Gate of Knowledge—these two batches of the Golden Gates of Genesis are the only batches that are going to get produced. Lantos has made it very clear to us that it's not going to be produced at any other time. So, if this is something you think would be of interest to you, then you should also contact us and let us know, so that you can donate one of the Chambers of Eternal Light and we can reserve one of these for you.

We only have about 200 of them available for this particular Inauguration. We will have many more of them available for the Inauguration of the Eastern Gate, but that could be another year away. So, if this is something that you are wanting soon, please do call us quickly because we've already spoken with our suppliers in Germany, they will not be able to get us any more than about 200 in time for this Inauguration.

There is one other New Product that I have not mentioned that Lantos has directed me to tell you about. It is related to the Golden Gate of Genesis. It is called the Silver Gate of Genesis. It is separate from the Commemorative gift of the Golden Gate of Genesis. While it is also going to be Initialized at the Inauguration of the Western Gate, it will not be limited to the two Inaugurations—that of the Western Gate and that of the Eastern Gate of Knowledge.

The Silver Gate of Genesis will also be able to be Initialized at the Seat of Eternal Light at any time, so we will have much greater flexibility and much greater availability for that Tool. As a result, in time for the Inauguration of the Western Gate, we will probably only have 50 of those available, so the numbers are going to be greatly limited.

They will also be significantly less expensive than the Golden Gate of Genesis. The price for the Silver Gate is \$150.00 and again, if it is something that you want to wait and participate in the Course to learn about these before thinking about it, that's entirely fine, you can wait as long as you want on the Silver Gates. Once we sell out at the Inauguration we will still get more of the Silver Gates in, probably at the end of January and we will be able to Initialize those at that time. So, I'm not so concerned about your getting the Silver Gate right away, it is the Golden Gate that I'm concerned about because once we run out of those we won't be able to do another one until the next Inauguration of the Eastern Gate.

Here is briefly what Lantos said about the relationship of the Silver and the Golden Gates, he said,

Lantos:

The Silver Gate Reflects the Energy of the Golden Gate. It is a Reflection of the Qualities which are received from the Source and which Pass through the Golden Gate—the Energy, the Knowledge. The Qualities of Sublime Light travel through the Golden Gate. Each Silver Gate Directs the Energy passing through the Golden Gate towards Itself and Reflects these Qualities to the Immediate Surroundings.

In the Structure of a house or a building, the Golden Gate is positioned at the Entry. Above the point of Entry our Blessed Golden Gate is secured. Each Silver Gate Acts as a Receiving Receptacle—it is a Receiving Gate, a Point which Attracts the Energy Passing through the Golden Gate. The Golden Gate will be Initialized for a specific location, it will be designated for a specific address—a specific house, a specific building, or a particular site. It will be positioned above the Entry Point of this Specific Site.

For the Process of Initialization we will require the address for each Golden Gate. In the Course of the Architecture of Genesis, we will offer instruction as to the Method for Selecting the Positioning of the Silver Gate throughout the Structure of the building.

There are areas within the building which require special attention, or areas which carry Greater Importance. These areas will Benefit from the Presence of the Silver Gate.

David:

So, the Silver Gates work in Conjunction with the Golden Gates. There is one Golden Gate for a Structure, and we can have one or more Silver Gates depending upon your particular Needs for that Structure. But again, the Silver Gates are going to be available throughout the year next year. So, the only thing is, if you really need one quickly you're going to want to order quickly because we're only going to have about 50 of them. Beyond that, we can get them to you in January. It's the Golden Gate that you really have to think about for right now so that you can get one while it is still available.

Then the final thing that I need to mention is the Course on the Architecture of Genesis that Lantos has spoken about. This Course is going to teach the uses of the Golden Gate of Genesis and the Silver Gate of Genesis, and it may teach other things as well, but those are the things I know of right now.

It is going to be taught at the Western Gate of Knowledge, probably on either Tuesday or Wednesday, December 16<sup>th</sup> or 17<sup>th</sup>. It's going to be between one and two hours long. It is probably going to be available for people to be there in person, so those of you who are staying in town to Experience the Chair of Genesis may want to stay for that Course. Those of you who live in Southern California may want to come in for that Course, but we're also going to make it available to everyone else, both by conference call, as well as by online webinar. We want to make sure everyone is able to learn about this, so those of you staying at home will still be able to participate in this Course and, as soon as we know the exact dates, either the 16<sup>th</sup> or 17<sup>th</sup>, we will let you know. We should have more details on this by Sunday as well.

So, that is all of the information, it is quite a bit of information, and I appreciate your staying on to listen to it, and I know that, because it's so much information, probably a lot of it has just passed by. We will go through this information in an email that we get out to you tomorrow. We'll probably break it up into a few different emails because to go over all of the information for everything in one email just makes it too long. So, we will specialize—have one email about the Golden Gate and Silver Gate, one email about the Chair and the Sparkle of the Pearl Technique, and then one about the Inauguration itself.

As we get closer, even just into next week, we will send information out giving instructions as far as where the hotel is going to be, where we're going to be meeting, the exact times that we're going to be meeting, all of the that. And, Cindy is going to be there. For those of you who were able to meet her in the Pearl of Star Light Course, she is going to be there in person. She will be the person giving you the Sparkle of the Pearl Technique. So she will also be there with us for this special event.

Everyone, thank you very much for being with us, have a great rest of your week and I'm going to speak with you again on Sunday evening.

## **We are Blessed to Be the Precious Instruments**

Lantos:

Greetings Dear Ones,

A great Light is Forming. It is a Sublime Light Directed by the Source of Creation. This Progression of Light, this Expansion and Development of the Global Network of the Light of Genesis, is Guided by the Almighty Source of All Expressions—the Source of Time, the Source of Energy, the Source of Form, the Great Source, the Almighty Source of Creation.

Our Role is a Blessed Role of the Instrument, the Instrument through which the Source Finds Expression. The Instrument is Merely the Extension, the Extension of the Hand which Moves It, Guides It this way and that way, along the Desired Path. Yes. We are the Blessed Instruments. It is a Great Blessing—Instruments of the Sublime Source. Yes.

As our Precious Gate Forms, the Energy Focalizes. The Pathways of Light and Energy Focus around this Blessed Location—our Western Hub of the Global Network of the Light of Genesis, our Eminent Western Gate. Yes, yes.

Knowledge, Great Knowledge will Pass through this Gate, Flowing along the Pathways of Light, the Currents of Star Light, Spreading to all Locations. Such a Beautiful Progression—the Sublime Light of the Supreme Source.

## **This is the Role of our Beloved Eminent Gates**

Lantos:

Greetings Dear Ones,

The Five Blessed Pathways of Star Light Illumine the lands. In the final weeks of this Blessed Year of Action, we shall Complete the Task of the Second Phase of the Illumined Action to Establish the Global Network of the Light of Genesis—the Phase for the Removal of the Residues for Earth.

This will Lift a heavy burden from the Structure of the lands, the Burden of the Impressions of the Past Actions. These Five Pathways are the Pathways of Initial Rotations, the Initial Rotations Originating at our Beloved Seat of Eternal Light and Spreading across these Vast Distances.

With the coming Installment of the Eminent Gates, this Energy of the Source, this Sublime Energy of the Supreme Source, shall be Magnified for the Blessings of All. It is a Single Beam of Fullness of Star Light Directed to each Gate, each Gate—the Blessed Western Gate and the Blessed Eastern Gate. Each Gate Receives the Blessings of this Intensified Radiance of the Great Source of Energy and Light.

It is through our Blessed Gates that this Light, this Intensified Energy, shall be Offered to All. This is the Role of our Eminent Gates. The Light, the Energy, passes through this Structure and Disseminates to All—All Life, all lands, all waters. All Expressions of the Almighty Source Receive these Great Blessings. This is the Role of our Beloved Eminent Gates.

Today we will begin a Program of Preparation, a Series of Sessions with our Blessed Tools of Genesis which will Prepare for the Opening of our First Eminent Gate. Today we will begin with the Technique to Dispel the Darkness. Let us perform this Technique together now, collectively, at this time.

This is the First Step of the Preparation for the Grand Opening of this Mighty Center of Light for Earth.

Together we will now Dispel the Darkness in Preparation for the Coming Installment of Eminent Light.

Very good, very good.

Many Blessings.

## **We Install This Great Center for Creation**

Lantos:

Greetings Dear Ones,

The Holy Season is the Blessed Season of Sublime Light. This year, in the Presence of this Sublime Radiant Light, we will Inaugurate our First Eminent Gate of Knowledge, an Eminent Structure of Light to Spread the Radiance of Knowledge to All. This Light is for All.

The Knowledge shall Pass through this Blessed Structure. This is a Gate of Supreme Light. A Gate is that Structure which Allows the Blessings of Passage from the Origin to the Destination, from here to there. The Gate Blesses this Passage; the Gate Offers Assurance for the Arrival at the Proper Destination. The Gate Establishes a Secure Marker along the Path.

Our Blessed Eminent Gates shall Receive the Supreme Light of the Almighty Source. The Light shall Flow Directly from the Source to these Beloved Solid Structures. A Gate is a Solid Structure. Yes. Yet, its Function exceeds this Status of Physical Structure. The Function Emanates from the Blessed Structure. This is the Status and Function of our Beloved Eminent Gates.

Dear Ones, Dear Ambassadors of Star Light, in this Blessed Holy Season we Open the Mighty First Eminent Gate of Knowledge, the Eminent Western Gate. We Install this Great Center for Creation, for the Aeon of Eternal Light. Yes. It is very good, very good.

This Gate is Established in a Mighty Hub of Light, a Great Hub of Light in our Beloved Global Network of the Light of Genesis. It is very good, very good.

Today, we continue with our Program of Preparation for this Great Opening. On this day, as we prepare to enter the Blessed Holy Season, we will perform our Technique of Transformation. Yes. Very good. Today, together, we will perform the Blessed Technique of Transformation. Good, good.

## **We will Ring the Bell of Awakening and Sound the Call**

Lantos:

Greetings Dear Ones,

We enter today the Blessed Holy Season of Light in this Year of Illumined Action. It is a time for Great Advancement in our Activities for the Expansion of Light.

The Beloved Global Network of the Light of Genesis is a Structure of Light. It is a Structure of Light which Forms through the Physical Structures of the Blessed Chambers of Eternal Light—the Pure Reflections of the Mighty Rays of the Great Star of Genesis. It is a Structure of Light which is built upon the Physical Presence of these Blessed Master Tools, a Great Structure of Light, a Structure of Light to remain as the Platform for the Aeon of Eternal Light.

The coming weeks of this Holy Season of Light will bring about Great Development in the Expansion of the Global Network of the Light of Genesis. A Great New Structure Emerges as the First Eminent Gate of Knowledge—the Eminent Western Gate. It is an Awakening of a Mighty Center of Sublime Light, a Great Hub of Light Within the Global Network of Light.

Our Blessed Director of the Eminent Western Gate will welcome all for the Ceremony to Install this Mighty Center of Light for Creation. We will Celebrate a Great Achievement of the Establishment of this Mighty Hub, a Gate through which shall pass the Great Blessings which are to Come.

As the Gate Opens, the First Light which passes through is Pure Light—the First Glimmer of Radiance, the Initial Sparkle of Sublime Light. It is a Sparkle, a Precious Sparkle which Opens the Gate. Yes. It is a Beautiful Sign of Awakening. Still, at this time, many preparations are underway in anticipation of this Grand Inauguration of our Blessed Eminent Western Gate.

We will, today, continue along our Path of Preparation with a Complete Session of Creating. On this Blessed Day, this Initial day of the Holy Season of Light, we will Ring the Bell of Awakening and Sound the Call to Enter Into this Blessed New Aeon of Eternal Light.

We will perform a Complete Session of Creating on this Blessed Day of Light.

Very good, very good, it is very good.

Many Blessings.

## **The Architecture of Genesis, The Course of Knowledge**

Lantos:

Greetings Dear Ones,

Today we will Engage in Action to Clear the Path for the Blessings of the Architecture of Genesis, the Course of Knowledge, which will Arrive with the Opening of the Blessed Eminent Western Gate of Knowledge.

We will Prepare the Location which is to Receive the Blessings of the Great Golden Gate, the Tool of the Inauguration of the Gates of Light for Earth. Each Blessed Golden Gate will be Initialized with the Designation of a Fixed Location. The Blessed Course of the Architecture of Genesis will Offer to all the Knowledge of the Placement and Use of these Blessed Tools of Light.

Our Blessed Golden Gates and Silver Gates, our Directional Markers, and our Beloved Tools of the Light of Genesis—all of these Tools may be applied to the Illumination of the Fixed Structure through the Great Principles of the Architecture of Genesis. Yes, yes. It is very good, very good.

Today we will perform the Steps to ensure the Readiness of the property. We will begin with the Ringing of the Bell of Genesis—the Call to Awakening, the Call to the Brilliance of Eternal Light.

A location is formed through the boundaries, the shape of the boundaries, the pattern of the walls—this defines the form of the property. With our Bell we will ring in each corner of each room of the structure. In a very large structure this may require some time. If we are working with a large complex, we may apply a Principle of the Pathway of Initial Rotations. However, we will discuss this Principle during our Blessed Course of Knowledge. For now we will simply ring the Bell in all corner locations within the structure. Very good, very good. Yes. It is an Awakening of Light, a Great Enlivenment of the Beings of Light

Next, we will follow the Bell ringing with a Central Desire for Light. Within the Central Portion of the Structure, we will stand with the Blessed BioTranslator. For this process we will wear the Blessed Pearl and the Blessed Golden BioTrinity. If we do not have, in our possession, these Master Tools, we will wear our Blessed Pendant of Eternal Light and the Personal BioTrinity.

Holding in two hands the Blessed BioTranslator we will make the Call for Light: Beloved Light of the Supreme Source, Flow into this dwelling, Bless and Protect this Structure with Sublime Peace and Radiance. Very good.

Then, we will sit Within this Central Portion of the Structure and perform the Blessed Technique of the Personal Pathway and the Pearl Technique, if this has been received. Yes, this is clear? Very good.

Let us begin now. It is a Great Process which Begins.

Very good, very good.

Many Blessings.

## **The Illumined Mission**

Lantos:

Greetings Dear Ones,

It is a time of Great Preparation. When the Steps of Action are guided by Great Purpose, we call these Blessed Steps the Illumined Mission. It is the Process which is Attained when the Actions are Blessed by the Radiance of the Goal. When the Goal Showers the Blessings upon the Path, then this Blessed Path becomes Strengthened with Radiant Conviction. It is a Quality of Devotion, a Quality of Dedication, which Consumes the Attention, Absorbing the Mind and Heart in the Warmth of Sublime Radiance.

Ones Actions are made from Within this Radiance. It is such a Beautiful Process—the Actions of the Blessed Ones along this Path, Engaging in this Process of Illumined Preparation, Illumined Mission—it is such a Beautiful Process.

We are approaching the Goal of the Establishment of this Mighty Center of Knowledge for Earth. It is for the Great Blessings of Earth. It is for the Expressions of the New Aeon for Earth. It is a Fixed Center of Light for the Global Network of the Light of Genesis.

This is our Blessed Eminent Western Gate of Light and Knowledge. Those Blessed Ones engaging in the preparations are Set upon a Great Illumined Mission, a Process of Guided Action—Action Blessed by the Surety of Light, the Radiance of Light of the Supreme Source. Yes, yes, yes.

Today, we will continue with preparations for the household, the preparations for the installment of the Personal Golden Gate and Silver Gates, which will be received at the Blessed Inauguration of the Eminent Western Gate. We are preparing the environment for the Arrival of the Blessed Golden Gates and Silver Gates.

Today, our Instruction is very simple. We will take a Blessed Pyramid, the Blessed Tool of the Teacher, and we will place this Tool in each room throughout the dwelling. Room by room, we will allow the Pyramid to remain in each location for at least several hours before we place it in the next location. Room by room, we bring the Influence of the Teacher into each chamber in preparation for the Knowledge and Practices of the Architecture of Genesis. We are preparing the dwelling, preparing the dwelling to Receive the Blessings the Light of the Golden Gate. Yes.

Very good, very good.

Many Blessings.

## **A Great New Center of Light for Earth**

Lantos:

Greetings Dear Ones,

It is a week for the Structuring of Light, the Forming of the Light of the Global Network of the Light of Genesis for Earth. It is a week of Light—the Movement of Light to Structure the Great New Hub of Light, a Great New Center of Light for Earth. It is a week of the Movement of Light in this Blessed Holy Season of Light. It is a time for the Upliftment of All Aspects of Existence.

Every Aspect of the Precious Expressions of Creation Receives the Blessings of this Sublime Light. It is the Holy Season of Light, and in this Cherished Holy Season, Dear Ambassadors of Star Light, we make Steps of Preparation for the Accomplishment of this Mighty New Center of Light—the Gate through which Radiant Light and Knowledge shall Flow to All.

We have taken Steps of Preparation for this Blessed Installment of the First Gate, the Beloved Eminent Western Gate. Today, we continue with our Steps of Illumined Action, Steps of Action to Support the Structuring of this Great Light for Creation. Through these Steps of Action we prepare the Pathway for the Arrival of Light, Light of the Opening of the Eminent Western Gate of Knowledge, Light of the Blessed Golden Gate Tool, which is Formed in the Presence of this Great Installment of Light for Earth.

In the Presence of the Opening of the Mighty Gate, a Great Sparkle of Light is Released. This Sparkle comes to us in the Form of Knowledge and in the Form of the Commemorative Master Tools of Light—the Golden Gate and Silver Gates.

These Tools of Light Establish Great Light for the designated household. The Techniques for the use of these Blessed Tools will be offered in the first Course of Knowledge of the Eminent Western Gate—the Course of the Architecture of Genesis.

Now, Dear Ambassadors, we have cleared the dwelling and we have Enlivened the dwelling with the Radiance of the Light of the Great Teacher. Each room has Received the Blessings of the Presence of the Great Teacher. Each room is prepared now for the Light of the Opening of the Eminent Western Gate, and this Light is Brought Into the household through the Blessed Golden Gate.

The Golden Gate brings the Light to the Designated Location. This Master Tool is a Fixed Wheel, a Precious Golden Gate, and Establishes Security and Blessings for the Specified Location.

Today, we will continue our Steps of Preparation for the Arrival of Light, the Arrival of the Golden Gate within the dwelling. We will position the following Tools at the doorways leading into the house. We will prepare each doorway by placing our own Master Tool, the Blessed Pendant of Eternal Light, at the doorway, surrounded by two Super Cells—a Super Star Cell and a Super Water Cell—two Super Cells, each Cell on one side of the Blessed Pendant of Eternal Light.

These may be placed on a small surface or table directly facing the entrance, or, they may be placed on a table which stands on either side of the entrance. The importance is in the near proximity to the doorway.

In a home there may be a number of doorways leading in and out of the dwelling. We will allow this set of Master Tools to Bless each doorway for a full 24 hour period, a full day and a full night,

If there are three doorways leading to the outside, it will require three days' time to achieve this preparation. If there are more, it will require a longer period of days. If our dwelling is within an enclosed structure, such as a single unit within a complex of units, then we will select only the doors which are leading to the exit of the building. Yes? Each doorway will receive this Awakening of Genesis Fusion in preparation for the Installment of the Eminent Gate and the Arrival of the Golden Gates.

Are there questions?

Cindy:

And then he paused, and so I asked him, “How about a door leading out to a porch or a patio, should we put the Tools by that door as well? Here’s his answer:”

Lantos:

If one may exit the structure through the porchway, then we will perform the Energizing Procedure on that doorway.

Cindy:

And then I also asked, “Do the Tools have to be placed on a table or can we set them on the floor like Wheels, could we set them just on the floor beside the doorway? He said,

Lantos:

The Master Tools should be Elevated. You may position on a box or on a stand or on a table, Any Structure which Elevates. Yes, good.

Very good.

Many Blessings.

## **This Great Time Approaches**

Lantos:

Greetings Dear Ones,

Great Currents of Light Roll like Waves across the Earth. In these Days of the Blessed Holy Season of Light the Earth Receives the Currents of Energy which bring Upliftment and Radiance. It is during these Blessed days that we approach the Brilliant Opening of the Eminent Western Gate of Knowledge.

As we prepare for the Installment of this Mighty Fixed Structure of Light, this Mighty Hub of Light Within our Blessed Structure of the Global Network of the Light of Genesis, the Currents of Energy Focus upon this Hub. Soon, we will gather together with the Great Forces of Light, the Mighty Beings of Light, to welcome the Installment of this Blessed Center which will bring Great Knowledge for the Aeon of Eternal Light. This Great Time approaches.

Preparations are nearing completion for this Sublime Event. Today, we will complete our preparations for the Arrival of Knowledge which is to Flow through the Blessed Gate of Knowledge. Today, we will take the Final Steps to ready ourselves for the Arrival of the Blessings of Light and Knowledge as the Eminent Gate Opens. Yes, very good.

The First Course of Knowledge will bring to each Ambassador of Light the Knowledge of Upliftment for the personal residence. This is the Blessed Knowledge of the Architecture of Genesis.

In preparation of this Great Knowledge, today we will design a picture which will serve as the blueprint of the personal residence. This picture may be hand drawn easily using pencils and rulers to make the edges straight. We will make a drawing. Each Blessed Ambassador of Light will make a drawing of the personal residence as it is shaped, room by room, just as seen in the workings of the Architect.

An Architect makes a picture, a drawing, detailing room by room the house or dwelling. Even if the dwelling is a unit within a larger building structure, still one may make this picture to accurately show the shape and sizes of each room. This will be very useful in preparation for the Radiance of the Light on the Physical Plane of Existence.

This picture does not need to be perfectly accurate. It will be very useful to have a clear, general picture of the personal residence. In this way, the Great Light may enter, Flowing through the Beloved Eminent Western Gate, and arriving at the personal location of residence through the Beloved Master Tool, the Tool of the Golden Gate, and with the Knowledge arriving with the Opening of the Gate in the First Course of Knowledge. Yes.

It will be good to Generate the best attempt to capture onto the paper a general idea of shape and size, as well as location of each room of the household. This is our assignment in the final days leading up to the Blessed Event of the Inauguration of the Eminent Western Gate of Knowledge.

It is very good. Such a great Blessing for Earth, such an Eminent Blessing for All Creation. Yes, it is very good.

Many Blessings.

## **The Awakening of Great Star Light for Earth**

Lantos:

Greetings Dear Ones,

I Am the Awakening of Great Star Light for Earth, I Am the Awakening of Great Star Light for Earth, I Am the Awakening of Great Star Light for Earth. Yes.

Today, Blessed Ambassadors of Star Light, we will sit together and Form this Intention, this Singular Desire on this eve of new year. On this Precious eve we Honor the Illumined Actions of the past year, and we welcome the Awakening of the Light of the New Year. Together these Energies are present at this time—the Actions of the past and the Energy of the coming days as we enter this new year.

It is a Year of Great Light, a Blessed Awakening of the Light of the Mighty Great Star of Genesis for Earth. Great Star Light Envelops Earth during this Year ahead. Yes. Blessed Ambassadors of Star Light, this Comes to us as a result of our Actions and Efforts of the past.

The past Flows through the Gate of the eve, into the coming year. The conditions of the coming year are a result of the Actions Entering from the past. The Gate Marks the Point of Transition. It is a Controlled Point of Entry. Collectively the Actions Flow from the previous year into the Coming Year.

This Coming Year is the Year of the Beloved Gates of Star Light. It is a Year of the Gates, through which Knowledge Flows, Light Flows, Energy Flows. The Precious Gates Receive the Energy Directly from the Source—the Seat of the Source of Creation for Earth, our Beloved Seat of Eternal Light for All Mankind.

Our Blessed First Gate is Open—the Eminent Western Gate. We will open our Eminent Eastern Gate in this New Year. The Knowledge has begun to Flow. It Begins with a Sparkle. With some development of time, some further Formation of our Blessed Global Network of the Light of Genesis, this Sparkle will Grow to be the Full Radiance of the Streams of Star Light, Eminent Beams of Star Light, Blessing all lands and waters of Earth. It is Beautiful. It Begins with the Radiant Sparkle. Yes.

Blessed Ambassadors of Star Light, we are in store for Great Radiance, the Blessed Radiance of Great Star Light in this New Year. This Light will touch All Layers, the Individual Level of the household Expanding to the Hubs and Continents and reaching to the Cosmic levels of Influence. It is a Year of Awakening of Great Star Light for Earth. Yes.

Now, together, we will Issue this Intent. For this we will use our Translator and, if the Golden Trinity of BioGenesis is available, we will add to the Translator this Influence of the Golden Matrix of Star Light. Holding these Blessed Tools it will be good to wear, either the Pendant of Eternal Light or a Pearl of Star Light.

And now, at this time, all together, we will Issue our Blessed Intent for the entry into this new year: I Am the Awakening of Great Star Light for Earth, I Am the Awakening of Great Star Light for Earth, I Am the Awakening of Great Star Light for Earth.

Very good, very good.

Many Blessings.
