## **The Sparkling Dew**

Lantos:

Greetings Dear Ones,

The Sparkling Dew Illumines the Surface of the Objects in the early morning hours. This Precious Sparkling Dew Blesses the Awakening Days of this New Year, as well as the Opening Period of the Blessed Eminent Western Gate.

Today, Dear Ambassadors, we Receive the Final Blessings of the Sparkling Dew, and we Enter the New Period of Growth and Development. Yes. The time of the early Awakening is most Sublime, most Precious in its Nature. A Luminous Sparkle Radiates, a Pure Light Permeates, the Environment. From these days of the Blessed Sparkle we enter into the days of Growth and Development. These are the days for the Progress on all Layers of Existence, Progress Arising out of the early days of the Blessed Sparkle.

Today we begin the further Development of the Blessed Tree of Genesis. This System of Proper Placement of the Tools of Genesis is the system to Promote the Light of the Source for the Blessings of the Individual Household. Yes, yes.

When we say we are Structuring the Global Network of the Light of Genesis, this is Precisely the Meaning. We are Structuring—we are Building a Structure, a Framework, into which the Light of the Mighty Great Star of Genesis Enters. It is a Framework, a Structure to Support the Form of the Era of Eternal Light.

This Structure has meaning on Every Layer. The Nature of the Structure may be considered on vast Cosmic Scales—the Grand Scale of Universal Forces and Cosmic Energies, the Scale of the Mighty Great Star of Genesis, the Scale of Cosmic Directors. Yes. This is one Layer or Level of Consideration. Actions Influence All Layers, All Levels.

Another Layer of Consideration is the Global Layer, the Layer of Earth's continents and waters, the Layer of Earth's Total Populations existing on the lands, embraced and surrounded by the great World Ocean. This is a Layer of Consideration. We have given Responsibilities of this Layer to our Blessed Continental Directors, each Responsible for a Single Aspect of this Global Layer.

Next, we consider the Regional Layers and the Population Hubs within each continent. Throughout our Blessed Year of Illumined Action, we have performed Action to Influence each of these Realms of Focus, Layers of Focus.

With the Opening of the Blessed First Gate, the Knowledge came for the Blessings of the Individual Layer of the Grand Cosmic Structure of Light—the Individual Layer Within

the many Layers of the Formation of the Framework for the Light of Genesis, the Great Web-Work of Light for the Form of the New Aeon of Eternal Light.

With the Blessed Opening of the First Gate, we received the Precious Sparkle. We Received the Knowledge for the Individual Layer of the Formation of the Global Structure, the Cosmic Structure.

First, the Blessed Golden Gate—this Blessed Gate is the Individual Connection with the Light of the Source. It is the Connection Established for a Fixed Location, a Location to Receive the Currents of Energy Arising from the Source and Passing through the Blessed Gates.

This Blessed Golden Gate is to be positioned at the Location of the Principal Gate of the Household Structure. It is a Golden Gate for a Fixed Structure. From this Great Light, the Light of the Source, the Tree of Genesis is Formed. This is Knowledge for every Individual. Yes. The Tree of Genesis is for All. We will Grow the Tree of Genesis in many homes around the World. In this year, we will bring the Knowledge of the Tree to the Homes around the World.

We will begin with Training Seminars, seminars held in many locations, seminars to train experts in the Tree of Genesis Placement System. This Placement System may be accomplished in homes around the World. The Knowledge will Spread like this: first, we will train our Masters of the Tree of Genesis and the Knowledge will Spread from these Masters into the Households around the World.

We will offer a complete Training Course, a full day Course, Offering the Knowledge and practical Experience for the development of expertise within our new Masters. These Masters will then Spread the Knowledge of the Tree to many others. Our Blessed Masters will Need the Knowledge and the Tools, Knowledge Accompanied by the Tools. Yes.

All this will unfold in the coming days. The Knowledge of the Training Courses will come in detail. In these initial days of the Light of the New Year we will schedule our first full Training Programs at our Blessed Gates—the Blessed Eminent Western Gate, and our soon-to-be opened Eminent Gate of the East. Knowledge will Flow through these Two Blessed Gates. It is very good, it is very good.

Ambassadors wishing to become a Master of the Tree of Genesis, let us offer a special plan for these Precious Masters. Yes. Much Activity will be Structured in the coming days of First Light.

We will continue our discussions of this Blessed Formation, the Formation of the Tree of Genesis.

Very good, very good.

Many Blessings.

## **The Strength of the Tree of Genesis**

Lantos:

Greetings Dear Ones,

Yes. It is very good, very good. The roots nourish the trunk; the trunk finds joy in the Expression of the fruits and flowers. It is a Fully Connected System, from the roots through the growth and development of the trunk to the beautiful Expressions of Color and Nourishment in the fruits and flowers. Every Aspect is Precious to the Fullness of Life.

For this reason, our Blessed Global Network of the Light of Genesis Develops the Framework of Star Light which Spreads to every Layer of Life, every Layer from the Individual Level of the Household to the Central Hubs of Light, and to all the lands and waters. It is a System which brings Radiant Star Light to every Layer in a Connected manner. In the Development of the Strength of the Tree of Genesis we are, simultaneously, Strengthening the Individual Level of the Global Network—the Global Web-Work of Light.

While we maintain our Activities and Efforts in the Proper Placement of all Chambers of Eternal Light in order to Fulfill the Requirements on a Global Level, we may, simultaneously, place our attention onto the Upliftment of the Individual Level of the Blessed Network of Star Light. It is for the Upliftment of the Individual Level, the Level of the Household.

The immediate environment may be strengthened for the Blessings of our Dear Ambassadors of Star Light. This is the Role of the Tree of Genesis. The Role of the sturdy tree is to bring Blessings to those around. Fulfillment is offered through the Nature of the tree.

A Household consists of many Aspects. All Aspects, all Expressions of Activity Spring from this Base. The Household is the Central Formation—the Foundation in the Support of the lives and activities of its members. Rest is gained from Within its Structure, Nourishment is Gained, Happiness and Health are Formed, Prosperity in all Aspects of Life Blossom as the Expressions Arising from the Blessed Household. Through this Beautiful Knowledge, the Knowledge of the Tree of Genesis, we Uplift and Connect each Precious Value of the Household.

Each Expression of Life may be located in its Form of Pure Energy. It is the Energy which then Moves Forward into the Waves of Formation—Creation of Substance, the Creation of Substance Traces its Roots to its Source, a Source of Pure Energy. These Packets of Pure Energy Exist in a Systematic Form, arranged Systematically Within a Household Structure. This is the Structure of the Tree of Genesis. It is the Proper

Arrangement and Promotion of Energy to Support All Aspects of Life, All Expressions of Life.

Strengthening one Value Within the Structure of the household, strengthening a specific Energy Cell, may produce some Visible Benefits in that Aspect of Life; however, the Entire Tree, every Cell within this Tree, must be Well-Balanced and Strengthened in order for the Full Expressions of Blessings.

We are Receiving this Beautiful Knowledge of the Tree of Genesis. It is a Body of Knowledge for the Formation of the Tree of Genesis within the Individual Household. Yes.

This Precious Knowledge comes through our Blessed Open Gate. Very soon our Eminent Gate of the East will Open and the Full Expressions from the Source, the Beloved Seat of Eternal Light, will Flow to All.

We will begin our Training Program for these Dear Masters of the Tree of Genesis. We will train these Blessed Individuals in the Skill of the Development of the Tree of Genesis for any household, in any Location. These Masters will then assist others, Offering the Precious Application of this Luminous Knowledge. Yes.

This class will train the Masters. One day—the Knowledge may be delivered in a single day or it may be offered in two segments. You may select the most suitable format for the Masters. We will begin these Training Courses soon. Yes, it will be soon.

Very good. Yes.

Many Blessings.

## **It is a Personal Tree**

Lantos:

Greetings Dear Ones,

It is Good. Yes. The Progress is very Good—Progress in our Development of the Blessed Global Network for the Aeon of Eternal Light.

Our Blessed Continental Coordinators Focus the Light for the great lands of Earth, Establishing the Great Centers—the Hubs of Light for the Connecting Streaming Beams of Star Light, the Network of Star Light for Earth. The waters are Uplifted through the Placement of our Blessed Water Chambers. It is a Global Vision of the Development of a Beautiful Fabric of Light, a Fabric to Uphold the Arrival of the New Form for Earth.

From the grand Sweeping Scales of the vast continents to the population Centers of Light, the Cities of Light, to the Blessed Individual Units of Light, our Network is Forming. The Placement of the Blessed Chambers of Eternal Light within the household is of Immense Value for the Formation of the Global Network—the Grand Scale Structure of Light for Earth. The Presence, the Accumulation of the Presence of Chambers of Eternal Light, provides the Structure of Energy necessary for the Formation of the Fabric of the Global Web-Work of Light.

On an Individual Level, there Exists the Opportunity for a Grand Formation of Light, a Structure of Light, a Form to Uphold the Radiant Energy and Star Light. It is a Form. We may say it is a Concentrated Value of the Vast Global Network. On the Grand Scale, Energy Flows here and there, Weaving together a Luminous Gridwork of Streaming Bands of Star Light. On the Individual Level, this Gridwork may also be identified. There are Locations Within the Household which are Hubs to the Light and Energy of the Home. A Luminous Network may be Structured Within the Home. On an Individual Level a Great Light may be Structured, Increasing and Strengthening the Global Network of the Radiant Light of Genesis.

This Radiant Formation of Light is the Tree of Genesis, a tree formed of a system of roots and limbs and fruit. This Tree consists of Cell Divisions, each Cell Responsible for Fulfilling its Own Role Within the System of the Whole, each Cell working in a Coordinated manner with the other Cells to Fully Nourish the Formation of the Vital Luminous Tree—the Tree of the Radiant Light of Genesis.

We will offer the Training for the Skill of identification of each Cell Division Within the Structure of the Tree of Genesis, the Training for the Recognition of the Values of Life, the Expressions of Life Governed by each Cell, the Steps and Procedures, as well as Tools, to be applied to each location for the Formation and Nourishment of the Blessed Tree. It is a Personal Tree.

Throughout Time it is the Structure of a Great Tree which Showers the Blessings of Illumination onto the Individual seeking its refuge. Throughout the Times, the Individual Seeks the Elevated Aspects of Life in the umbrella of Protection and Strength Offered by a Great Tree.

Now we still find this Ancient Principle to hold True. On an Individual Level we are Forming a Mighty and Sturdy Tree for the Structure of the Household, that Precious Location for the Awakening of Fulfillment in Individual Life. Yes, yes. Always the Ancient Principles may be seen in the Light of the Present Times.

Now we will begin to offer the schedule for these Training Programs. Let us begin to structure the cities and locations for the Training of our Dear Masters.

The Light of Knowledge Passes Through our Blessed Gates. We have Celebrated the Opening of our First Eminent Gate and, soon, we will Celebrate the Installment and Opening of our Eminent Gate of the East.

The Sparkle will Grow into the Formation of Great Currents of Light and Energy for All Earth to enjoy. Yes.

Many Blessings.

## **The Great Cosmic Expressions**

Lantos:

Greetings Dear Ones,

We will spend some time today discussing the Qualities of the Wheels of Genesis. Each Wheel Generates a Specific Energy and each Wheel Corresponds to Specific Qualities: Qualities on a Physical Level, Qualities on an Emotional Layer, and Qualities on a Spiritual Plane of Existence.

The Blessed Wheels Govern and Influence these Designated Qualities. A Wheel is a Package of Expressions. The Cosmic Range of Influences are Vast and they are described through these 27 Expressions, 27 Cosmic Spheres.

An Individual Household is a Compact Unit of the Great Cosmic Expressions. Within each Household each Influence may be Located, each Quality, each Expression, may be Identified. The Great Cosmic Spheres contain the Energies of Creation. These same Creative Energies become the Beautiful Expressions of the Tree, the Great Majestic Tree.

The Roots are the Expressions of the Energies which draw in Strength, the Accumulation of Resources to Nourish and Support the Entire System. The Trunk offers the Stability of the Framework. The Leaves and Petals are the Radiant Displays of the Energies contained Within the System.

Our Blessed Tree of Genesis is Formed through the same Creative Forces of Energy Governing the Great Cosmic Regions. It is a Beautiful Knowledge—the Knowledge of the Expressions of the Mighty Forces of Creation mapped out on the Scale of an Individual Dwelling.

In the early part of this year, we will offer training for the Identification of the Cosmic Values within each Household and the Methods for Strengthening each of these Values to offer Greatest Support to the Individuals Within the Household. Very good. Very good.

We are structuring the schedule for the Training Courses for the early part of this year. Yes. It is very good, very good. Yes.

You may now discuss this with our Dear Ambassadors.

Very good.

Many Blessings.

## **Illumined Structure for the Glory of the Household**

Lantos:

Greetings Dear Ones,

It is a very Good Point, yes, a very Good Point. The discussion is to Determine the Structure of a Property. We are considering the Formation of the Blessed Tree of Genesis. Yes. We are considering this Blessed Illumined Structure for the Glory of the Household, for the Blessings of the Family, for the Structuring of each Aspect of the Expressions of Life which find their Roots in the Structure of the Tree of Genesis.

The Formation of this Blessed Structure Supports each Cell of Life. Each Aspect of Life finds Expression in the Tree of Genesis. The Vitality of the Roots give rise to the Strength of the Trunk, Supporting the Beauty of the Blossoming of the Fruits and Flowers. This is the Full Formation of the Structure of the Tree of Genesis. The Life of the Individuals Receive the Support of the Vitality of the Tree. Therefore, when we speak of the Identification of the Structure it is a Very Important Step we are Taking.

What do we mean when we say Structure of the Household? What do we include with this Consideration?

The Whole must be Considered. Each Part of the Whole Plays a Role. The Feet are Responsible for one Aspect of Life, the hands Play another Role, and the Eyes Perform a different Function in Support of the Individual Form. One Form, many Aspects, many Cells, each Governing a Different Expression of the Whole.

When we consider the Nature of the Structure of a Household, we are Considering many Aspects. We consider the rooms for the eating, the sleeping, and the entertainment. Yes, these areas we certainly include in our Consideration of the Household. However, we also include the features, such as the vehicle entry. If there is an entry building, a building Signaling the Entry into the Location, we will include this Aspect in our Consideration of the Structure as well.

The Gate becomes a Part of the Structure when Activities, for the Benefit of the Household Members, are Performed Within its Walls. Yes. This is the Qualification of the Term, "Structure", when Activities are Performed Within its Walls which Benefit and Support the Lives of the Members of the Household. Yes. Do you see? Yes. Yes. It is very good. Beautiful.

Each of our Blessed Ambassadors of Star Light may make a picture of the Household property, the Structure in which the Tree of Genesis will be Formed. This step must be completed before the Tree of Genesis may be Properly Formed. Yes. Very good.

We will offer the Assistance in this Step during the Tour of the Tree of Genesis Training Courses. Very good. We will offer Assistance to our Blessed Ambassadors of Star Light.

Very good.

Many Blessings.

## **This is the Knowledge of the Tree of Genesis**

Lantos:

Greetings Dear Ones,

A Tree is Formed of different Parts; a Household is Formed of different Parts. Together these Parts Form the Whole—Fullness Emerges out of the Parts. To Strengthen one Aspect will bring Benefit; to Strengthen All of the Parts will bring Radiance to all Areas.

It is said the Whole is Greater, Greater. Yes. The Whole is Greater than the Addition of the Parts. We look to the Parts in order to Clarify the Details. The Fine Details may be discovered when we examine each Cell. The Details are Revealed on the Level of each Cell. Yes.

This is the Purpose for the Examination of the Cells, the Parts. Through the Strengthening of each Part, the Whole System is Nourished, the Knowledge is Complete. The Physical Structure of a Household is Formed of Parts, and yet, that which is Formed is Fullness.

This Fullness Supports the lives of each Individual Within the Household. The Activities receive Support—Activities Within the Household, as well as the Actions performed Outside of the Household. The students will gain Greater Mental Clarity when the Household offers Full Support. The Relationships Blossom for each Individual member of the Household. The Income is earned more Steadily and in Increased Amounts. Greater Fulfillment comes with the profession. Health and Vitality are Increased. It is the Structure for the Support of Living.

The Great Tree has been the Symbol for Support of the Individual along the Pathway to Fullness, along the Pathway of Fulfillment. The Tree Blesses the Individual Blessings of Knowledge, Blessings of Structure, Blessings of Nourishment. The Great Tree is Formed through the Energy within the Cellular Divisions of the Household. This is the Knowledge of the Tree of Genesis. This is the Formation of the Blessed Tree of Genesis. Yes. It is very good, very good.

One by one we will Bless the Homes of our Dear Ambassadors of Star Light with this Knowledge, Knowledge of the Tree of Genesis.

Very good, very good.

Many Blessings.

## **Life is a Great Blessing**

Lantos:

Greetings Dear Ones,

Life is a Great Blessing, a Great Blessing. It is through this Sublime Blessing that the Expressions of Creation may be enjoyed. All Expressions Arising from the Source of Creation may be Experienced as Waves of Fulfillment. This is the Sublime Blessing of Life, a very Great Blessing. Life Offers the Experience of Fullness, Fulfillment. To Experience less is a Great Disservice to Life, a Disservice to the Almighty, Limitless Source.

It is like attending a grand banquet and only sampling the dumplings. There is so much to Enjoy, all Aspects, all Expressions, each Offering Great Waves of Fulfillment. Like this, we wish to Expand our Range of Experience to include Fullness. Life is the Precious Platform for the Appreciation of All Expressions of the Almighty Source. It is very good, very fortunate. Yes.

And how is this Level of Fullness Experienced? It is through the Blessings of Knowledge and Grace, that which is Earned and that which is Bestowed. Dear Ambassadors of Star Light, our Blessed Global Network of the Light of Genesis Expands the Platform of Light, Expands the Web-Work of Light for the Support of the coming Form of the New Era of Eternal Light—the Great, Mighty Star of Genesis.

The residues of the past actions are released and the Light of Knowledge Radiates in Greater Brilliance. We are Strengthening the Web-Work of Light on Every Layer, on Every Scale: on a Cosmic Scale, on a Worldly Scale, and on an Individual Scale.

In this year we will Continue to Expand the Light of the Global Network on Every Layer. We are preparing for the Course of Training for the Masters of the Tree of Genesis. This Knowledge offers Fullness of the 27 Cosmic Spheres on an Individual Scale. Yes. The Values of Expression are each Strengthened, and these Values are Positioned Properly around the Individual Household, Forming the Blessed Structure of the Tree of Genesis.

It is very good, yes, very good.

The Opening of the Eminent Western Gate has Established a Great Channel of Light through which Knowledge may be Offered to All. Soon we will be Celebrating the Awakening of the Eminent Eastern Gate, and this Precious Gate, too, will Offer Knowledge and Light to All.

It is very good, very good.

Many Blessings

## **The Awakening**

Lantos:

Greetings Dear Ones,

Very good, very good. The Awakening of the Blessed Gate of the East, the Awakening—it is a time of the Formation of the Totality. The Awakening is the Warming Up of Totality into the Specific Expressions, Expressions which will Emerge into Existence, into Creation.

It is the time of Warming Up of All Elements which will go to Form the Expression, a time of Warming Up. It is the time when the pot of water forms the first foamy bubbles before boiling; the First Expressions come as the water begins to Shake. The Shaking of the water is the Awakening. The Stirring of the water, the Churning of the water is the Expression of Awakening prior to the boiling.

The Stillness of the water is Transformed into the Direction of Expressing the boiling water. Yet, the water is not boiling. It is not yet boiling. It is Stirring in the Direction of the boil. The Totality of the water is Rising Up, Warming Up, Filling up in the Direction of the Expression of a Full Boil. It is the Moment of the Churning. All Expressions of boil trace their Roots to this Time of Churning.

The Awakening is that Blessed period of Transition. It is the Phase which Fills this Sequence between the Stillness and the Expression. It is the Phase of Churning.

Our Beloved Eminent Gate of the East is approaching this Awakening. We do not describe this as the time of opening. The Awakening is not the Opening. The Opening occurs when Existence is Formed.

In order for the Gate to be Opened, the Gate must first be Formed. It must First Exist. Awakening is the Initiation of Existence of Form. Yes, do you see? Very good, very good.

Knowledge Flows, Energy Flows, Light Flows in this Precious Phase of Awakening. Just as the water foams up with the churning before the expressions of the boils and bubbles arise.

We will Celebrate the Awakening of the Beloved Eminent Gate of the East on the first day of March. This Marks the Expression of the Connection of Light between the Beloved Source, our Beloved Seat of Eternal Light, and this Gate of Energy and Light for Earth.

We Celebrate the Awakening of the Major Streams of Light Currents of Energy Forming in our Beloved Global Network of the Light of Genesis. It will be a Center of Light, a Center of Star Light, a Great Hub of Light for the Coming Aeon of Eternal Light.

Our Beloved Eminent Gates of the West and the East Emerge as the Great Hubs of Light, bringing Knowledge, bringing Blessings to the lands and waters of Earth. It is very good, very good. We have set this date of Awakening.

The following Process is the Process of the Formation of the boiling bubbles, the Formation of the Expression of Existence, the Formation of the Gate. Upon this Formation, we will Celebrate the Blessed Opening of the Fully Formed Eminent Gate of the East.

During this Celebration of Awakening we will Initialize Golden Gates, Golden Gates for the Formation of the Blessed Tree of Genesis for the Building Structures, Golden Gates for the Individual Households and the Buildings of Activity.

We will Receive the Knowledge of the Training Course for Masters of the Tree of Genesis. We will visit the individual locations, households, and business locations. We will Form the Tree of Genesis within these locations. With the Forming of the Tree of Genesis, we will Issue the Blessed Universal Fruit. Yes. Very good, it is very good.

The Awakening Expresses Fullness in its Unexpressed Form. Yes, do you see? Very good. It is a time of Great Formation of the Currents of Energy to Structure the Coming Aeon of Eternal Light for Earth.

Very good.

Many Blessings.

## **The Great Channel of Light for Earth**

Lantos:

Greetings Dear Ones,

We proceed along the Path to Awakening. It is a Path of Energy, a Pathway of Sublime Light, a Pathway of Fulfillment. This Path, Dear Ones, is the Course to the Full Awakening for Earth, the Awakening for Earth. It is Marked by the Blessed Actions of our Dear Ambassadors of Star Light, our Dear Ambassadors Establishing the Hubs and Centers of Light in Locations around the World.

Designated Locations Receive the Blessed Beacons of Light—the Posts of Light, Chambers of Light. These Posts are the Hubs around which the Blessed Global Network of the Light of Genesis is Formed.

The Pathways of Star Light Sweep across the continents Forming Great Oceans of Star Light—Five Pathways of Star Light, Five Oceans of Star Light. The Mighty Oceans Remove the Residues; release the lands and waters from the remains of the past actions—the effects deposited by actions of the Past Aeon.

We are now on the Path to the Awakening of our Blessed Eminent Gate of the East. With this, with this, we will Establish the Great Channel of Light for Earth—the Beam of Light, which has its Origin in the Blessed Source, the Blessed Seat, the Beam of Light which Radiates Out, Offering the Great Blessings of this Sublime Source of Energy for All to Enjoy. The Origin is the Source, the Blessed Source Dear Ones. Very good, very good.

We will Receive the Knowledge for the Masters' Training Course, our Course of Knowledge for training the Masters of the Tree of Genesis. The Blessed Tree of Genesis is the Specific Formation of the Cosmic Forces, the Cosmic Energies Forming that Individual Structure of Support, Structure of Nourishment for the Individual Life, Household Life. Beautiful, yes?

Cosmic Forces, Cosmic Energies, yes, these are the Energies of Existence, the Expressions of Creation—these Large Scale Forces, Forces Governing the Swirling of the Galaxies, the Movements of the Great Cosmic Energies.

These Great Universal Forces are also Expressed on the Individual Scale of Life. These Expressions of Life on the Individual Level: the Expressions of: Relationship, the Expressions of Prosperity and Abundance, the Expressions of Success, the Expressions of Family. These are the Expressions of the Same Mighty Forces of Creation, the Same Qualities, the Same Forces. All Expressions of Creation Emerge from the Source of Creation.

The Blessed Tree of Genesis is that Formation of the Balance of the Great Forces surrounding the Support of Individual Life and the Fullest Expressions of All Aspects of Life. We will instruct the Masters, we will train the Masters—the Masters will assist the people with the Forming of the Tree of Genesis in the Household, Structuring the Tree of Genesis for the Blessings of the Family.

Each Master will be equipped with the Knowledge and Experience of Identifying the locations within any Structure, any building Structure, identifying the locations where the Great Cosmic Energies Apply their Influence—Energies promoting Health, Energies Promoting Success. These types of Energies Exist for the Support of All.

Let us now begin the Structuring of the Blessed Handbook of the Tree of Genesis. This will be our Training Manual—a complete Handbook of the Principles and Guidelines for the Structuring of the Complete Tree of Genesis for the Household. Yes. It is very good, very good. Let us begin.

Many Blessings to our Beloved Ambassadors of Star Light, Many Blessings.

## **A Great Tree of Light—The Tree of Genesis**

Lantos:

Greetings Dear Ones,

A tree sprouts from a Single Seed. The branches and limbs, the leaves and fruits Emerge out of this Precious Singular Structure. The Glory of the Great Tree is contained within the Simple Seed. And where do we find the Seed? The Seed may be Located Within the Precious Fruit. The Fruit Holds the Seed. Yes, the Fruit Holds the Seed.

The apple fruit gives rise to the apple seed; from the apple seed comes the great apple tree. The peach fruit holds the peach seed; from here we get the peach tree. A Specific Seed may be Located Within that Specific Fruit. It is like this. Yes. The Designated Tree Emerges from the Specific Seed which is housed within the Structure of the Blessed Fruit.

We are speaking now of our Blessed Tree of Genesis. Yes. We are Forming, in the Homes of our dear Masters of the Light, a Great Tree of Light—the Tree of Genesis. It is a Beautiful Structure, a Structure of Great Light on an Individual Layer of Existence.

As the Tree of Genesis Forms, the Blessed Fullness is Structured, Fullness Blossoms. With this Blossoming of Fullness, we may offer the Precious fruit. It is the Universal Fruit, the Universal Fruit. Out of this Universal Fruit, the Radiance of the Sublime Universal Light Emerges.

In the same way that the apple tree is seen coming out of the apple seed, the Beloved Universal Radiance Emerges out of the Universal Fruit. Out of the Universal Fruit the Great Abundance of Universal Light and Energy Emerge. It is the Fruit of Fulfillment.

Dear Ambassadors, as the Training Course approaches—Training in the Knowledge of the Development of the Tree of Genesis—as we approach this Course, we will discuss the Influence and Benefits of this Precious Knowledge. It is Knowledge which is to be Applied to the Physical Dwelling, the Dwelling Residence.

## **The Natural Course of Life**

Lantos:

Greetings Dear Ones,

It is the course of the river to Flow towards the Great Mighty Ocean. It is the Natural Course. Life Flows Naturally towards the Great Ocean of Fulfillment. This is the Natural Course of Life. Along this Path we Experience many Events, many Encounters which Offer Assistance or Resistance along our Path.

The Great Tree is that Natural Formation which offers Solace, Comfort, Nourishment. Its great limbs create a Canopy of Protection to guard from the rains, to guard from the sun, to Guard from the Elemental Forces. Its blossoms offer a sweet aroma for the Enjoyment of the Senses. Its fruit brings Nourishment to the Physical Form. The sturdy roots guide Life's Development with Strength and Stability, and Signify the Hidden Source of All Creation Existence.

The Tree of Genesis is that Great Structure of Light Within Form. The Tree of Genesis is Structured for the Blessings of the Members of the Household, Offering Protection, Pleasure and Nourishment to the Individuals Blessed by its Radiant root, branches and fruits. The Sublime result is the Structuring of Fulfillment. Just as the Goal of the river is Achieved in the Arrival at the Ocean, the Goal of Life's Journey is Achieved in the Arrival of Fullness, Fullness. Fullness is Fulfillment, the Great State of Fulfillment.

The Great Tree Signifies the Cultivation of Wisdom, the Development of Fullness, the Blossoming of Fulfillment. Yes. This is our Beloved Tree of Genesis.

Let us discuss the Format, the Structure for the Masters' Course of Training so that our Dear Ambassadors may Gain some Concept of this Knowledge which will be Offered. The Masters' Training Course for the Tree of Genesis will be organized in such a way that the Precious Knowledge will be easily gained by our Dear Masters.

We will Deliver this Knowledge in Four Segments of Development. Fullness will arrive in Four Segments. These Four Segments will, together, provide the Master in Training with the Ability to Structure the Precious Tree of Genesis Within a Household. Together these Segments Generate Fullness. The Four Segments are: Evaluation, Qualification, Cultivation, and Formation.

The Initial Segment is Evaluation. In this Segment, the Full Picture is Seen. In this Segment, Understanding is gained about the Process of Evaluation of the Household—which areas of the Property should be Considered Structure, and which should not. We will understand the methods for Proper Assessment of Direction and Measurements, and, we will Identify the Location of the Principal Gate. We will acquire all of this Knowledge in our First Segment of Evaluation. Greatest accuracy will bring greatest

results, so we will devote the First Segment of our Training Course to Acquiring Accurate Details about the Household, Fullness for the Household. This is Evaluation.

Our Second Segment is Qualification. In this Segment we will Construct the Cellular Gridwork of Energy which Exists Within Form. The Same Energies, the Same Qualities, which Structure the Mighty Cosmic Regions, these Same Qualities are Expressed on the Layer of the Household. We will identify the Locations for each of these Qualities which Influence the lives of the Members of the Household.

Our Third Segment is Cultivation. Yes. In this Segment we will Establish the Guidelines for the Cultivation of the Mighty Tree of Genesis. The Final Segment of Knowledge deals with the Expressions of the Results of the Full Blossoming of the Effects of the Tree of Genesis in the lives of the Precious Members of the Household.

This, Dear Ambassadors, this, is our Masters' Training Course for the Tree of Genesis.

Many Blessings.

## **The Desire Sets the Direction and Sends the Energy**

Lantos:

Creation Flows forth into Expression. From the Source, through the Pathways—the Channels for Expression—the Light, the Energy, Moves into Expression. This is the Great Knowledge of Creating; it is the Knowledge of the Creation of Form. The Creation of Substance out of the Formless, out of the Source Form is Generated. All Forms, All Expressions come to be as a Result of the Intention of the Source.

The Source takes a Direction. We call this the Desire. This Desire provides the Direction for the Outcome. The Expression is determined by the Desire. The Desire Sets the Direction and Sends the Energy along the Proper Pathways of Expression.

All Expressions of Fullness contain Fullness. All Expressions of the Source contain the Source, just as the apple tree contains the apple seed. There is an Endless Variety of Expressions, an Endless Variety of Forms. But Within each Form the Source Exists. This is a Great Knowledge of Creating.

Dear Masters of the Art of Creating, it will be good to, now, Expand the Knowledge to include Knowledge of the Form. This is the Knowledge of Expression of the Source, the Expression which Arises out of the Process of Creating, Arises out of the Source of Creation. Knowledge of Form, it is very good, very good.

Our Blessed Course of the Tree of Genesis provides Knowledge of Form, Structure. The Great Tree of Genesis is that Structure to Support the Existence of Life, of the Members within each Household. It is the Structure for the Support of all Expressions of Life.

As we Develop the Great Tree of Genesis within Households, in many lands around the Earth, we are Strengthening the Single Unit for the Support of the Great Structure of the Global Network of the Light of Genesis, the Unit of the Great Web-Work of Light for All to Enjoy.

Our Blessed Gates of Knowledge will Offer the Pathways for the Great Flow of Knowledge, the Flow of Light, the Flow of Energy to Spread to All Parts. The Courses will be offered first, in these Blessed Eminent Gates of Knowledge, and from these Gates—our Blessed Western Gate and our Eminent Eastern Gate—we will train our first Masters of the Tree of Genesis. It is a Great Art of the Cultivation of the Mighty Structure of Energy to Support Life's Activities—the daily Activities of every Member of the Household. Yes, it is very good.

To our Homes, which Establish the First Development of the Great Tree of Genesis, we will Offer the Blessed Universal Fruit. This is the Blessing of Nourishment. The Fruit provides Nourishment. Contained within each Fruit is the Seed, the Blessed Seed.

Contained within the apple fruit is the apple seed, the seed containing the Knowledge, the Resources, the Energy for the Development of the apple tree.

Contained within the Great Universal Fruit is the Universal Seed—the Seed for the Development of the Universe. It is a Great Gift of Light—Universal Energy, Sublime Energy—of the very Source.

We will visit the Households and will offer this Fruit as a Blessing from the Source. Yes, it is very good. It is a Beautiful Knowledge, Beautiful.

Very good.

Many Blessings.

## **Masters' Training Course**

Lantos:

Greetings Dear Ones,

When we speak about Proper Placement we are speaking of the Structure of Form. Energy generates form. Form arises out of the seed which is a specific alignment of energy. It is a Specific Arrangement of Energy. It is like the Structuring of Sound. Words Emerge out of the Pure Energy of Vibration. Words are Structured through the Proper Arrangement of the small Seeds of Sound. It is a Proper Arrangement of the Vibrations which goes to Structuring the Desired Word.

The Seeds of Vibration Determine the Outcome of the Sound Generated. The Knowledge is Contained in the Seed. The Direction for the Expression is Contained in the Seed. Knowledge provides the Structure of the Proper Placement according to the Desired Outcome.

The Master planter may catch a glimpse of a Seed and be able to determine yes: this Seed will take the Form of this Type of Tree; this Seed will take the Form of the sweet apple Type of Tree. The other Individuals may wonder what is this, what will this become, into what Form will this simple Structure become. This is the Knowledge of the Proper Identification, the Knowledge of the Identification based on the Arrangement, the Proper Arrangement, of the Seed Structure.

If the shape is different, the Master planter knows. Oh, this is not the sweet apple tree; this is the bitter lemon tree. According to the Structure of the Energy, a Different Form Emerges. A Specific Form Emerges. We speak the sounds in a different order and a different word Emerges. It has a Whole New Meaning. It is the Proper Arrangement which Determines the Structure of the Form.

First we must carefully select the Tools. It is like the careful selection of the individual sounds. Then, once we have these sounds, Knowledge of the Arrangement comes along to tell us: yes, put this sound here and this sound there, and there you have it. The desired word is formed, the desired structure is achieved. First it is the Knowledge of the Selection of the Individual Sounds, and then it is the Arrangement, or the Alignment, of these Sounds which Generate the Desired Outcome.

Dear Masters of the Light, we will learn, in our Masters' Training Course, we will learn these Steps of the Proper Selection of the Individual Tools as well as the Proper Alignment of these Tools in order to Generate the Desired Outcome. The Desired Outcome is the Formation of the Great Tree of Genesis for the Household.

In Order to Structure this Desired Form, the Knowledge must be Gained for the careful Selection of the Proper Tools as well as the Proper Placement, the Aignment of these

Tools. You see? It is this. The Knowledge is this Aspect of the training of Identification and Placement. It is a Complete Knowledge for the Structuring of the Desired Form.. It is a Complete Knowledge for the Cultivation of the Great Tree of Genesis. Yes. Very good, it is very good.

Let us make the schedule for the Training Courses to be offered to our Dear Masters of Light. We will begin with Offering this Knowledge at our Radiant Gates—the Gate of the East and the Gate of the West.

It is very good, very good.

Many Blessings.

## **Life Contains a Galaxy of Expressions**

Lantos:

Greetings Dear Ones,

Life contains a Galaxy of Expressions, a Galaxy of the Variety of Experiences and Events which occur throughout the Course of the Expression of Life. Yes. The Vast Array of Cosmic Expressions Reflect in the Dynamics of the Expressions of Life on the Individual Level. There are many Levels of Existence, many Layers of Creation. The Dynamics are Universal; the Dynamics of Creation are Universal. To Gain Mastery of the Dynamics of the Universal Principles is to gain Mastery of the Dynamics of living on All Layers of Creation.

The Art of Creating is the Art of Mastering the Principles Guiding the Expressions of the Process of Creating. This is the same Process on All Layers of Existence. The Process is the same for the Life on the Individual Level and for the Expressions of Creation on the Great Cosmic Levels. Yes. The Process is the Same. It is the Same Fundamental Principles Guiding the Expressions of Creation on All Layers of Life.

As we Progress in our Establishment of the Global Network of the Light of Genesis, we apply these Beautiful Principles of Existence to All Layers of our Activities. We Establish the Luminous Network for the Great Scale of Earth. We, likewise, Apply the Principles of Establishing a Network Within each continent and Within each Hub of Light.

Each Great City of Light will Develop a Luminous Network, Connected with the Whole. The Parts are never Separate from the Development of the Whole. However, as we Progress we Develop each Layer, each Level, Piece by Piece. Yet, at the same time, we are Structuring the Whole. Yes.

Now we are Bringing Forth the Great Knowledge of the Blessed Tree of Genesis. It is the same Universal Principles of Fullness, the same Principles of Structuring Fullness. The Layer of Attention is Focused upon the Individual Household. Yes. In this way we may Bring Forth Fullness Within the Individual Household as we continue the Development of Establishing Fullness for All. Yes.

We will train the Blessed Masters to Bring Forth this Knowledge, and offer this Knowledge to many others. We will Establish the Great Tree in many Households on every continent. The Strengthening of One Layer provides Great Strength to All Layers. Strengthening the Layer of the Individual Household Offers Great Advancement in our Establishment of the Global Network of the Light of Genesis, that Precious Structure to Bring Forth the Form of the New Aeon of Light.

It is very good, very good Dear Ones. It is Beautiful Knowledge.

Many Blessings.

## **We Enjoy the Rising Wave of Awakening**

Lantos:

Greetings Dear Ones,

We enjoy the Rising Wave of Awakening. It is the Sublime Process of the Awakening of the Eminent Eastern Gate. We will Celebrate the Awakening, the First Enlivenment of this Precious Channel of Light. It is a Great Pathway of Light; a Pathway of Light to Carry the Blessings of the Rays of Eternal Light Originating at our Beloved Source. It is a Great Accomplishment for Earth, a Great Blessing for All.

We are structuring the Radiant Global Network. We are Establishing the Highways of Light, the Great Centers of Light to carry Forward the Life on every continent into the Coming Aeon of Eternal Light. It is the Structure for the Enfoldment of the Brilliant Rays of Eternal Light. The Form, the Blessed Form for the Coming Aeon of Light is our Blessed Great Star of Genesis. This Form will Govern the Expressions of Action in the Aeon of Eternal Light.

We are Establishing a World-Wide Platform for the Support of the Mighty Great Star of Genesis. We are Establishing the Great Web-Work of Light which will Uphold the Energy and Structure of this Great Universal Form of Light—the Blessed Mighty Great Star of Genesis. It is beautiful.

The Period of Structuring the Light is Filled with Bustling Activity, Tremendous Activity for our Dear Ambassadors of the Light. It is a Blessing to Perform the Actions. The Actions bring Great Blessings to the hands of those Responsible for Performing the Actions. The Performance of Great Action brings Results, not only for the Environment, but also for the Individual Performing this Great Action. Beautiful.

Now, we will make our Masters of the Tree of Genesis. Our Masters will Establish the Radiant Structure of Light for the Blessings of the Household. This is a very Great Knowledge, a very Radiant Activity. This Knowledge will Spread to many, Establishing many Individual Great Lights. Individual Lights increase in Strength when many are gathered.

The Establishment of our Initial Individual Points of Light, the Establishment of the Tree of Genesis for the Household, will be Blessed by a Sublime Gift of Light, a Radiant Gift of Universal Form. This is our Universal Fruit. The Universal Fruit is a Precious Gift containing the Seed of the Universal Currents, Universal Pathways of Creation.

The Blessed Fruit is Bestowed upon the Formation of the Tree of Genesis. The Fruit Arrives once the Tree is Fully Formed. The Great Tree may continue to Grow and Develop. The Structure of the roots, the branches and leaves must be Formed for the

Continued Growth of the Blessed Tree. The Universal Fruit brings Nourishment, Nourishment to the Household. The Forces which are lively with the Structuring of the Vast Universe are Awake Within the Structure of the Precious Universal Fruit.

This Blessing will be given to the Initial Awakenings, the Initial Formations of the Blessed Tree of Genesis. We will begin with the locations surrounding our Blessed Eminent Gates—the Eminent Gate of the East and the Blessed Gate of the West—our two Blessed Centers of Great Knowledge, Great Light. Very good. We are preparing for the Blessed Awakening of the Eastern Gate of Knowledge. Beautiful, very beautiful.

Very good.

Many Blessings.

## **The Universal Grace Dawns for the Blessings of All**

Lantos:

Greetings Dear Ones,

The Awakening Ignites the Thrill of Energy in the Physical Creation. It is the First Glimpse of Light, the period of the First Rays, the Time when Energy is Newly Formed and has Filled the Casement of the Seed. It is the Fully Expanded Form of the Seed as it Signals the First Sprouting.

Great Energy comes with this Moment of Awakening. This is the reason that there is Great Energy Associated with the Blessed First Rays Wheels.

Dear Ambassadors of the Light of Genesis, we will place our Tools onto the Map for this Awakening of the Eminent Eastern Gate of Knowledge. Our Beloved Eminent Eastern Gate of Knowledge.

We will position a BioTranslator and a First Rays Progress Wheel. In addition, we will surround these Tools with a Super Water Cell and a Super Star Cell. These Tools will be positioned on the Map, on the location of our Blessed Eastern Gate of Knowledge. This will Ignite the Spark of Light, the Spark of Energy for this Blessed Celebration of Awakening. It is a Call to Awakening.

During the scheduled Time of Awakening we will Sound the Bells of Genesis. Together we will Ring in this Blessed Moment of Awakening of our Eastern Gate. We will indicate to our Dear Masters the timing for this Blessed Awakening. Then, we Invite the Ringing of the Bells at this Blessed time. Yes. It is a Call to the Great Beings of Light.

The Awakening is Blessed by Great Beings of Light, Directors of the Pathways of Expressions of Creation. The Role of these Blessed Beings is one of Light. It is a Role of the Increase in the Value of Light from a Soft Glow into the Fullness of the Seed, and then, into the First Rays of Expression. It is this Role which is Governed by our Blessed Beings of Light.

The Ringing of the Bells is our Call for this Celebration to be felt by All and the Influence carried around the World. It is a Blessed Global Network which is Forming.

We are Making Great Steps of Advancement in this Blessed Event of Awakening. Yes? Yes. It will be a Celebration.

In this Time the Grace Dawns, the Universal Grace Dawns for the Blessings of All. Beautiful, beautiful.

Very good.

Many Blessings.

## **The Awakening of the Blessed Gate of the East**

Lantos:

Greetings Dear Ones,

David:

Hello everyone and welcome to this week's Sunday message from Lantos. This is David and I am speaking to you from Taipei, Taiwan. And, now we will have a unique type of Conference Call.

Lantos gave Cindy the instruction that I was to tell you what happened yesterday at the Awakening of the Eastern Gate of Knowledge. So, let me take a few minutes; I'm going to describe what happened. I will also read two messages from Lantos: one that Cindy read at the Awakening Ceremony yesterday, and one that I read at the Awakening Ceremony. These will be a little bit familiar to you because they are similar to some of the messages we have heard in the last few weeks. However, Lantos made some changes to them in the moments before the Awakening Ceremony.

So, let me describe first the setting of the Eastern Gate of Knowledge. For the country of Taiwan, that is a relatively small island, Taipei City is on the northern tip of the island, and then right in the center of the island, about four hours away from Taipei, there are mountains, a beautiful mountainous region, and this is the center of the island. And, at the top of one of the tall mountains there, there is a large amount of property, and the Director of the Eastern Gate of Knowledge owns that property and has provided some of it for the use of the Eastern Gate of Knowledge. It has breath-taking views and it is a beautiful location.

You may recall that for the Western Gate of Knowledge we had what was the Inauguration of the Western Gate. In this case we had the Awakening of the Eastern Gate because the Inauguration was broken up into two separate parts: the Awakening and the Opening. The Awakening is bringing the Light from the Seat of Eternal Light of all Mankind in Hawaii to Taiwan, to the Eastern Gate. The Opening is going to happen in a couple of months, and that will be when everything finally gets established here at the Eastern Gate.

The Eastern Gate involves two separate buildings. The foundations have been built but the buildings have not yet been built. There were tents set up and we had about 60 to 70 people there for the Awakening Ceremony. This took place at sunrise, so everyone was there by about 5:45 in the morning, yesterday morning. Now yesterday morning here is still Sunday morning for you.

We sat and we were waiting for just a little bit. Cindy was at the back. She was watching what was going on and then she came to the front. About a minute or two

before we started there were lots of birds in the trees that had been completely silent that all of a sudden started singing and making quite a bit of noise.

Cindy explained to me that what had happened was that there was a Great Being of Light in the shape of a bird, a very large bird, that came in and started flying around the Eastern Gate of Knowledge. As soon as that Great Being came, that was when all of the birds started to sing.

We sat down in front and, after just a minute or two, all of the birds quieted down again. Cindy explained that it was at that moment that this Great Being, in the shape of a bird, landed on top of one of the two structures that will be used as the Eastern Gate.

Lantos then showed up and was standing behind Cindy, and six other Great Beings of Light were standing next to Lantos, three on each side of him. At that point Lantos gave Cindy step-by-step instructions for what we were to say, what we were to do. Here are the messages that Lantos wanted to be read for the Awakening Ceremony.

Cindy read this message,

Lantos:

Greetings Dear Ones,

Very good, very good. The Awakening of the Blessed Gate of the East—the Awakening. It is a Time of the Formation of the Totality. The Awakening is the Warming Up of Totality into the Specific Expressions, Expressions which Emerge into Existence, into Creation. It is the Time of Warming Up of all Elements which will Go to Form the Expression, the Time of the Warming Up.

It is the Time when the pot of water forms the first foamy bubbles before boiling—the First Expressions. As the water begins to shake, the shaking of the water is the Awakening. The churning of the water is the Expression of Awakening prior to the boiling. The Stillness of the water is Transformed into the Direction of Expressing the boiling water, yet the water is not boiling, it is not yet boiling, it is Stirring in the Direction of the boil. The Totality of the water is Rising Up, Warming Up, Filling Up in the Direction of the Expression of a full boil. It is the Moment of the Churning. All Expressions of boil may Trace their Roots to this Time of Churning.

The Awakening is the Blessed Period of Transition. It is the Phase which Fills the Sequence between the stillness and the Expressions. It is the Phase of Churning.

Knowledge Flows, Energy Flows, Light Flows, in this Precious Phase of Awakening, just as the water foams up with the Churning before the Expressions of the boils and the bubbles arise. Our Awakening Marks the Expression of the Connection of Light between the Beloved Source, our Beloved Seat of Eternal Light, and this Blessed Gate of Energy and Light for Earth.

We Celebrate the Awakening of the Major Streams of Light, Currents of Energy, Forming in our Beloved Global Network of the Light of Genesis. This will be a Center of Great Light, a Hub of Great Star Light in the Coming Aeon of Eternal Light.

Our Beloved Eminent Gates of the East and West Emerge as the Great Hubs of Light, Bringing Knowledge, Bringing Blessings to the lands and waters of Earth.

It is very good, very good.

David:

Now, as Cindy was talking about this, as she was reading this message, something that started happening. The Eastern Gate is at the top of a very tall mountain overlooking a gorge, and then on the other side of the gorge there is another tall mountain. And, filling the gorge was a River of Light that flowed in as Cindy was reading this message.

When this happened, a Great Being of Light that actually was the other mountain, the mountain on the other side of the gorge, woke up and started paying attention to the ceremony itself. And, that river of Light remained there flowing in, into that ravine, into that gorge, between the two mountains throughout the Awakening Ceremony and even afterwards.

After Cindy finished Lantos had me read this:

Lantos:

Greetings, Dear Ones,

The Awakening Ignites the Thrill of Energy in the Physical Creation. It is the First Glimpse of Light, the Period of the First Rays, the time when the Energy is Newly Formed and has Filled the Casement of the Seed. It is the Fully Expanded Form of the Seed as it Signals the First Sprouting. Great energy comes with this Moment of Awakening. This is the reason that there is Great Energy Associated with the Blessed First Rays Wheels.

At this time our Dear Ambassadors of the Light of Genesis around the world are placing Tools onto the Map of this Location for this Awakening of the Eminent Eastern Gate of Knowledge—a BioTranslator and a First Rays Progress Wheel. In addition, surrounding these Tools is a Super Water Cell and a Super Star Cell. This will Ignite the Spark of Light, the Spark of Energy for this Blessed Celebration of Awakening. It is a Call to Awakening.

During the scheduled Time of Awakening our Dear Ambassadors around the world will Sound the Bells of Genesis, together Ringing in this Blessed Moment of Awakening of our Eminent Eastern Gate. Yes, it is a Call to the Great Beings of Light.

The Awakening is Blessed by Great Beings of Light—Directors of the Pathways of Expressions of Creation. The Role of these Blessed Beings of Light is one of Light. It is

a Role of the Increase in the Value of Light from a Soft Glow into the Fullness of the Seed and then into the First Rays of Expression. It is this Role which is Governed by our Blessed Beings of Light.

The ringing of the Bells is our Call for this Celebration to be felt by all and the Influence carried around the World. It is a Blessed Global Network which is Forming. We are taking a Great Step of Advancement in this Blessed Event of Awakening. Yes, yes. It will be a Blessed Celebration. In this time the Grace Dawns, the Universal Grace Dawns for the Blessings of All.

David:

At this time, that Great Being of Light in the Shape of a Bird then took off from the rooftop of the Eastern Gate. We Rang the Bell of Genesis and the Awakening was Completed.

You've heard Lantos talk quite a bit in the last few months about the Western Gate of Knowledge and the Eastern Gate of Knowledge—the Western Gate of Knowledge located just south of Los Angeles and the Eastern Gate of Knowledge located in the center of Taiwan. These two Gates of Knowledge Receive the Light that Comes into Earth at the Seat of Eternal Light for all Mankind.

The Light Enters the Earth there in Hawaii and from Hawaii one Beam of Light goes to the Western Gate and One Beam of Light goes to the Eastern Gate. It is from these two Gates of Knowledge that the Light will Spread through all of the Planet.

The Establishment of these two Gates of Knowledge provides a Great Step Forward, a Great Blessing for the World, and for the Light, and for the Global Network of the Light of Genesis. So I want to thank each of you for working on your maps yesterday, Ringing the Bell, Placing the Tools, Assisting in the Awakening of the Eastern Gate of Knowledge.

The Opening of the Eastern Gate of Knowledge will take place somewhere around the end of April or sometime during May. We will know more in about a month as far as the exact schedule for the Opening Ceremony. But, this is a momentous event for the Earth and I thank you very much for taking part in it with us.

Everyone, have a great evening and a great beginning of your week. I may speak with you on Wednesday or it may be John. We don't yet know, but have a great beginning of your week.

## **We Will Welcome All to the Ceremony of Opening**

Lantos:

Greetings Dear Ones,

The Tree of Genesis is Forming around our Blessed Eminent Gate of the East. It is Forming with Grace and Stability. Our Dear Ambassadors of the Light of Genesis have begun to Receive the Blessings of the Structuring of the Tree of Genesis. Our Procession Arrives at the doorstep of the Blessed Location—a household, a location of business—the Delegation of the Light of Genesis arrives and the Process begins.

What is this Process? The Process is the Process of Light. The Steps are the Steps of Creation, the Steps of Creating. The Tree of Genesis Emerges in just the same manner as the Creation Emerges, the same manner.

It is a Process of Initial Rotations, a Process of Dynamic, Spiraling Streams of Light. This Process Occurs in every Case. Within each household location this Process Occurs, and, and, the Blessed Result Emerges—the Result of the Desire, the Result of the Intent.

The Intent is Set in the beginning; at the doorstep the Intent is Expressed. The Process begins through the Dynamics of the Blessed Intent. Then, we Experience the Process of Structuring, the Process of the Steps of Formation, the Process of the Steps of Creating.

These Steps are Accomplished through Dynamic Motion, the Motion of Initial Rotations. The Tools are each Positioned Properly, the Direction is Established—the roots, the trunk, the leaves and fruit form as the Structure Expands. The Process is complete when the Blessed Tree of Genesis is Fully Formed, Formed for the Protection and Support in all areas of the lives of the members of the household. This is the Precious Tree.

The Great Trees have been Forming day by day around the Blessed Eminent Gate of the East. Great Light has been Achieved in this early Celebration of Awakening. It is the Arrival of a Great Light, a Beloved Great Light.

We will welcome all to the Ceremony of Opening of our Blessed Gate of the East. The Blessings of the Grace of Genesis Shower upon the Formation of this Mighty Gate. It is a Great Hub for the Global Network of the Light of Genesis, and a Great Light Forms for the Blessings of All upon the Earth.

It is a Blessed Period, a Blessed Structuring of the Light which will Radiate for thousands of years to come, a Gate through which Great Knowledge shall pass for the Establishment of the Blessed Aeon of Eternal Light.

It is very beautiful, very beautiful.

Many Blessings.

## **The New Form for Earth**

Lantos:

Greetings Dear Ones,

It is a time of the Formation of Structure, the Formation of the Structure to Support the Arrival of the New Form of Light. We are Forming the Structure for the Movement of Light—Pathways of Light, our Blessed Gates of Knowledge, Gates of Light, Gates. Our Blessed Gate of the West is Open. The Light passes through this Structure and Spreads, the Light Extends to Connect with Every Center of Light, Every Point of Light. It is beautiful.

We will structure courses for our Blessed Eminent Western Gate, courses to Bring Forth the Radiance of the Aeon of Eternal Light. We will now prepare the schedule for classes. Establishing the Light on a Global Scale comes through the Arrival of Light in a Manner which is Designed to Support the lands and waters of All Earth. We are Forming this Structure of Light. All Action is Directed for this Achievement.

We will offer the courses for the Creation of the Masters of the Tree of Genesis. The Radiant Web-Work of Star Light Forms on All Levels of Expression, from the Broadest Cosmic Level to the Localized, Individual Level of the Household. All Aspects are Significant to the Structuring of the Platform Capable of Supporting the New Form for Earth.

We will offer a course of training at our Beloved Eastern Gate and at our Blessed Western Gate. We will offer the Blessed Home Tour for the areas surrounding our Precious Gates.

Let us hear now the reports from our Dear Coordinator of North America Expressing the Experiences of the Home Tour. The Tree of Genesis has been Formed within many Households through the Home Tour. We will continue to offer the Home Tour of the Tree of Genesis for Households surrounding each of our Blessed Gates.

We will also offer the training courses in other Cities and Hubs of Light. We will Introduce the Light of Genesis to these cities. It is a Great Spreading of Light, a time for the Spreading of Light. Yes, yes.

We will now hear from our Blessed Coordinator.

Many Blessings.

## **Pathways and Channels of Light**

Lantos:

Greetings Dear Ones,

It is the Light of the Central Space which Illumines all Surrounding Elements. Surrounding Elements are Expressions of the Source, Reflections of the Source. The Light travels along Pathways as Creation Emerges.

We are Structuring the Blessed Pathways and Channels of Light. It is this—our Goal is this—the Global Network of the Light of Genesis. Luminous Pathways of Light to Uphold Life and All Expressions in the New Aeon of Eternal Light. It is a Beautiful Path—the Structuring of the Channels of Light—a Beautiful Path, a Beautiful Goal. Yes.

Dear Ambassadors, Great Knowledge will Flow along these Luminous Pathways. We will bring Great Light to the population centers and to the lands of every continent. Yes, very good.

It is a beautiful time of Opening and Awakening. Awakening is the Transition between Silence and the Energy of Activity. Silence Expands, Stillness Expands, and this Awakening Brings about All Expressions.

We have Established an Open Pathway to the West and we have recently Awakened the Pathway of the East. This means that Opening will soon follow. The First Rays are followed closely by the Arrival of the Multitude of Expressions, a Multitude of Activity.

The Awakening Phase is brief. It soon Develops into the Full Expression of Opening. The glow of sunrise is brief, followed by many hours of full sun. The time of the Fullness of this Sun is an Aeon, an Aeon of Light for Earth. The Blessed Glow of Awakening is quickly Transformed.

We have enjoyed the Glow, the Luminous Glow of First Rays. This is Awakening. Beautiful. We are Blessed to Experience the Opening and the Awakening of the Great Channels of Light. The Light Extends from our Great Hubs Outwards, reaching first the near surroundings. The Light Expands rapidly, reaching across all Regions. Yes.

First the Light comes to the Surrounding Areas, then this Light Bursts Forth in All Directions. Our Gate of the West and our Gate of the East will Bring Forth the Blessings of the Source to All. Yes. We are Receiving the Blessings of the Opening and Awakening of the Principal Channels of Light for Earth. Beautiful.

Many Blessings.

## **Each May Participate Fully With This Great Task**

Lantos:

Greetings Dear Ones,

The Early Rays of the Blessed Great Star of Genesis are Arriving. These Early Rays are the Announcement of the Coming Luminous Presence of the Blessed Star. The period of Awakening Signals the First Rays of the Fullness which is to Come. These are the Early Rays which Announce the Coming Arrival of Radiant Fullness.

We are preparing for this Arrival on Every Layer of Existence. Every Layer has the Responsibility for the Required Preparations. We have Established the early Frameworks for the Level of the Continents. These are the Blessed Five Pathways of Star Light for the removal of residues. We have Established Cities of Light, population centers of the Light of Genesis, housing the required numbers of Chambers of Eternal Light. These are our Blessed Hubs of Light, Centers of Light. Yes.

We also attend to the Individual Household Level of Expression of Life—the Foundation Stone of the Building Structure of Each Nation. The Nourishment of the Household is the most Basic Element of the Foundation of the Structure. These Layers are the Layers of the Beloved Global Network of the Light of Genesis. Yes. The Aeon of Eternal Light is Formed through the Development of this Mighty Framework of Star Light. Yes.

Dear Ambassadors, each may Participate Fully with this Great Task. We Participate on Many Levels. We Participate with the Structuring of the Tree of Genesis Within the Household. We Participate with the learning of the Great Knowledge of the Formation of the Tree, whereby we may be of Assistance to Others. We perform the Actions of the Techniques of the Light of Genesis, as well as the Treatment Sessions within the areas Designated by the Governing Cosmic Spheres Within the Household or Business.

The Great Blessings Arrive through the Process of the Formation of these Blessed Structures. These are the Structures of Creation. The Blessed Cosmic Spheres give Rise to the Formation of the Totality of Cosmic Expressions on the Individual Level of Existence. When the Blessed Tree of Genesis is Formed Within the Individual Household or Business, the Enlivenment of each Aspect of Cosmic Expression Occurs for the Blessings of the members of the Household.

Life Receives the Support from the Great Tree of Genesis: the Nourishment of the Sturdiness and Stability of the root and trunk system, the Protection of the branches, and the Blessings of the fruit. It is very good, very good. This is the Illumined Path of Action leading to the Achievement of the Goal.

Very good.

Many Blessings.

## **The Value of the Diversity of Life**

Lantos:

Is there Great Value to the Small, Clear Object? Is there Value in the Precise Shape and Design and Quality of a Small, Clear Object? We will present a Small, Clear Object to the man in the developing lands where food is scarce, medicine is unavailable and shelter is weak. That man will look at that Small, Clear Object and toss it aside; it has No Value. Even the thought enters the mind: 'it could cause harm to my foot if I should step on it by accident.' Yes, this much is the level of disinterest in this object.

Next, we present this Same Small, Clear Object to the business executive on Wall Street and there is sudden Celebration. Excitement and joy and gratitude fill the heart of the executive because there is a Comprehension of the Value of this Object. The same object—a clear diamond—which is discarded by a man in great need, this same object is appreciated with Fullness of Heart and Mind by the individual who recognizes the Value to his Life.

It is the same thing: there is a value to the same object seen and experienced by one individual, yet unseen and rejected by another. It is very true, yes? One has no interest in the same object which is cherished by another.

It is the same with Knowledge. The Principles believed by one individual are not always the same as those which are Upheld by another. These Principles are not only different from person to person, but these Principles Change with the Changing times. The Knowledge of one age Changes with time. The view that the World is a flat plateau is a Belief which has Changed for most individuals, yet not for all.

No Knowledge, no Viewpoint is held to be certain, held to be True for All. To say to one, 'you must believe that this clear object has the ability to change your life'—this is not the way. It is not for one to determine for another the Path of Life's Existence. One may be encouraged or given Knowledge Expressing the Value seen by others in that object, but it does not make it so for all. It is the Value of the Diversity of Life—Greater Diversity, Greater Happiness, Greater Aspects of Expression. Yes?

We do not judge these Values as they come up—if one says, 'No, I do not see the Value,' we say, 'Fine, yes, you do not see the Value.' It is very simple. For those who see clearly the Value, one cannot place an amount on the same object which is discarded by another. Yes. This is the Process of Life. We will continue to Offer the Priceless Objects to those who see the Value. To others we do not mind. Yes?

Cindy:

And then I asked him a question, and then, after his response, he said,

Lantos:

Good, good. We will continue, though many will toss aside the objects seeing no Value.  
It is the case with all Knowledge.

Many Blessings.

## **The Story of the Path of Action**

Lantos:

Greetings Dear Ones,

The Path of Action is the Path which is chosen by the Individual to be the most Direct Path leading to the Desired Goal. This is true for all. The Goal is Set, the Intent is Established. This is the First Step. Next, it is simple, that which follows the Establishment of the Goal is simply the Course of Life, the Course of Action.

Actions taken are taken to achieve most fully, most immediately, the Goal. This is the Course of Action, the Path of Action. What can we do to Strengthen the Results of our Action? We may take Steps to Clear the Pathway from the unwanted obstacles, the circumstances which may appear to be Blocking our Smooth Progress.

This does not mean that we should focus much on the obstacles, however. We do not give much attention to the details of the obstacles. We acknowledge, 'yes, there is an obstacle'. From our side it is enough to Perform the Right Action. Right Action Carries with it Great Strength of Purification, Great Ability to blow away from the Path the unwanted materials which are situated along the route, and yet, even with the Performance of Right Action, some obstacles remain.

Some objects are deposited so deeply along the route that the winds are not enough to carry them away. For this we take extra measures—some extra care is given, some added attention is supplied to the planning of the route. When we encounter the Immovable Object, an obstacle which appears to not be moving from our Path, we may select either to Spend the Energy and Attention to Remove the Object, or we may select to Reroute the Action around this Location of the Path. Both of these options require some added attention, some added time. We should not be concerned if the progress at these times appears slow. It takes some time.

Our Actions, our performance of Illumined Action, has Cleared the Pathways of most Objects. We may not recognize how Clear the Path has become at the times when we encounter the deeply rooted object which is interfering with our smooth Progress. But, the winds have been blowing away the objects steadily; the Pathways are Already quite Cleared of the Unwanted Blockages. Only a few immovable objects appear here and there.

At these times, we do not allow the feelings to be troubled; the Heart is a strong Source of Energy and can see the Path through to the Completion of the Journey. We do not Allow the Heart to be deeply Troubled by the Appearance of the Object.

We may take these Steps, Dear Ambassadors—we may First attempt to Remove the Obstacle by Providing additional Attention and Energy. This means we may perform the

necessary Steps of Action to Remove the Obstacle on Every Layer of Expression. We perform the Steps of Action necessary on the Outer Material Layer of Existence, and we also Perform the Techniques for the Removal of the Obstacles. Yes.

Now we have our Super-Charged Super Star Cells—Super Star and Super Water Cells. These, together with our Translator and Pendant of Eternal Light, may be Utilized to Rid the larger Objects, Clear the larger Blockages. It is a very good Technique.

We clear the Obstacles with the use of the BioOscillator, and then, we make our Clear Intent with the Blessed Translator. We may position around the Translator our Super Cells. This provides the additional Burst of Energy, Strengthening the Overall Energy.

In the case of some disturbances, it will be very good to Utilize the Pendant of Eternal Light. Depending on the Source of the Disturbance, we may hang the Blessed Pendant in the Direction of the Difficulty, or we may position it accordingly. It may be Positioned on a Map, or on a more Detailed Expression, such as a name of the Source of the Obstacle. This may be done to Achieve the Desired Results, to achieve the removal of the larger obstacles.

However, it may be that some Obstacles have been positioned in the Pathway and may be very Difficult to Remove. In these cases, it will be better to Recognize that the Path may be regained more quickly by simply taking a Detour. This may also be done in order to Accomplish the Goal. All Action is for the Achievement of the Goal. Yes.

We do not worry about the exact Route. We are well Satisfied that the Goal is Approaching and we continue. Yes. This is the story of the Path of Action. Good.

Many Blessings.

## **This is the Story of a Tree**

Lantos:

A tree is a Structure which Supports Life, Supports the Life Within and around its Realm of Influence. It has a Range of Influence. A Grand Tree Issues Great Influence on the Environment. It may Influence a Broad Area. This is the Story of a Tree.

We are Structuring the Grand Tree Within our Personal Household, Within the Household and Within the Business Property. In these areas we are Establishing the Tree of Genesis. The Purpose of the Tree is to Nourish Life. Yes. We are Structuring the Tree of Genesis to Nourish the Life—to Support the Existence Within its Realm of Influence, to Support all Individual Lives Within its Structure.

Every member of the household has a Direction, a Path of Action. And yet, all Receive the Nourishment from the Source, the same Root Structure. The Roots Support all Expressions of the Tree: the branches, the limbs, the fruit. It is very good to Establish the Beautiful Structure Within the Household. This will provide Great Support for All Activities. It will Strengthen the results of All Actions performed by each member of the Household.

There are different Cellular Divisions Within the Great Tree, Different Expressions are found Arising within these different Cellular Divisions. The Tree Functions as a Whole, and yet, each Location of the Tree is Responsible for carrying out a particular Function. Together they bring about a Coordinated System, supporting the Totality of Expressions of Life.

It is of Great Value to Life to learn of the Qualities Associated with each of these Divisions. The Life may Receive the Benefits more Fully by Utilizing the Knowledge of the Cellular Qualities. This is the Value of the Understanding of the Tree of Genesis. It is very Good to Establish the Great Tree, it is very good. Yes.

The Tree Will Perform its Beautiful Function: Protecting, Nourishing, Aiding the Growth and Development of the Family Members. Yet, there is more that Can be Accomplished through the Level of Knowledge. Just through the Understanding of the Structure of the Tree one May Benefit more from all the Tree has to offer. With Knowledge Comes even Greater Benefits.

It is for this reason, Dear Ones, for the Reason of the Expansion of the Results and Blessings, that the Knowledge of, is Offered to our Dear Ambassadors. The Knowledge of the Tree is a Great Knowledge of the Unfoldment of the Pathways of Creation, the Unfoldment of Creation through the Blessed Process of Creating.

The Elements Arise from the Source. With the Process of Creation, All Expressions Arise out of the Blessed Source. These Elements follow Certain Pathways of Expression. These are the Pathways for the Flow of Creation. The Pathways of Creation exist on every Layer of Existence, from the Great Cosmic Scale to the Individual Scale of Expression. Creation Emerges through the Process of Creating. Yes.

Dear Masters of the Art of Creating, you are familiar with the Blessed Process of Creating. Very good, very good. Knowledge is very good. With Knowledge the Benefits are Maximized. With Knowledge Enjoyment is Maximized. Both have Great Value.

The Establishment of the Tree of Genesis and the Knowledge of the Structuring of the Tree of Genesis—there is Great Value in both of these Components. Knowledge of the Tree without the Establishment of the Tree is of little Value. However, Knowledge of the Tree, along with the Tree's Presence in the Household, is of Tremendous Benefit to all members of the Household. Together the Benefits are Maximized.

We are structuring now classes for the Instruction of the Tree of Genesis. Yes. These classes will Offer the Knowledge of the Great Tree.

Let us proceed with the Formation of the Tree of Genesis in all areas. We have Introduced the Tree at our locations of the Beloved Gates of Knowledge—the Blessed Eastern Gate and the Blessed Western Gate. And now, we will begin Offering the Knowledge and Placement of the Tree of Genesis at all Locations.

Very good.

## **Our Actions Create Far-Reaching Effects**

Lantos:

Greetings Dear Ones,

Yes, it is very good. We are Structuring a Beautiful Network of Light. It is an Immense Field of Light which Alters the Expressions of Life. The Expressions of Life seen in the Desert are Different from the Expressions of Life seen in the Tropical Rain Forest. The Expressions are Supported by the Quality of the Environment, the Nature of the Environment.

We are Structuring an Environment of the Light of Genesis for All. It is a Global Network of Light. This Network of Light Generates New Forms of Expressions. This Network of Light supports greater Aspects of Expressions Emerging for all Life. It is a Global Network.

Though we call it by the term Global, we are only Highlighting this Localized View of the Impact our Efforts are Generating. Our Actions Create Far-Reaching Effects. The Influence Spreads far beyond the Global Realm. But it is good for us to Focus on this Global Aspect. It is a tangible Aspect, and we may Witness the Development of a Changing Framework of Existence on this Level.

Our Actions, Dear Ambassadors, our Actions have Far-Reaching Influence. But, it is good for us to consider, at times, the more Localized Aspects of Influence. We will consider the Impacts of the Light of Genesis on Many Levels.

When we consider the Formation of the Tree of Genesis, we are considering the Structuring of a Great Light in a Localized Form. It is the Expression of a Great Universal Light in the Form of a Localized Expression.

With this Great Light the Environment, the Localized Environment, the Household Environment, is Capable of Supporting a New Range of Possibilities, a New Range of Expressions. It is like establishing a sprinkler system within the desert. By Establishing the Sprinkler System, a New Range of Expressions may Flourish.

The Tree of Genesis is a Great Establishment of Universal Light for the Household. This Offers the Support for a Vast Increase of Expressions of Life, All Life. Yes.

It is very good, very good.

Many Blessings.

## **The Source Remains Always the Source**

Lantos:

Greetings Dear Ones,

The Source Remains Always the Source. It is the Source of Light, the Source of Energy, and the Source of All Creation Expressions. The Value of the Source is in Its Nature of Fullness. Out of this Fullness All Expressions Emerge. Out of this Fullness All Activities are Structured. These Expressions Emerge in the Sequence of the Process of Creating. It is an ongoing Sequence of Creation. Out of the Source the Expressions Emerge.

Dear Ambassadors, we are Structuring, for Earth, a Beautiful Framework to Support the Energies of the coming Aeon of Eternal Light. It is a New Set of Expressions, for Life to be Enjoyed in Greater Values of Fullness, Greater Degrees of Happiness, Great Radiance of the Light of Genesis. These are the coming Values to Structure Life. This is the Goal of the Structuring of the Global Network of the Light of Genesis. We are Developing the Structure, the Framework, for the New Aspects of Energy and Light.

We use the word, 'New', because these Values of Light and Energy are New to the Surface Levels of Physical Existence. Light Exists in Abundance on the Finer Layers of Creation. This Light, as it begins to Move into the more Expressed Physical Layers of Creation, requires a Proper Framework, a Network to Support its Existence. This, Dear Ones, is our Global Network of the Light of Genesis.

We are Blessed to have Achieved a Great Advancement in this Development of the Global Network. This Advancement is the Opening of our First Gate of Knowledge—the Western Gate, the Beloved Eminent Western Gate of Knowledge. This Opening has Established a Great Beam of the Framework of the Global Network. This is a Great Master Beam on which the Entire Structure may be Supported, may be Upheld.

We are Blessed with this Opening of One of our Two Eminent Gates. Each Gate will serve as the Major Beam of Light, Major Beam of Knowledge, Structuring the Expressions of Light for Earth. It is like the development of a great building structure. The Master Beams are Positioned, and following this Stage, the entire Structure may Emerge with Greater Ease and Efficiency. It is the Establishment of the Master Beams which hold the Key to the Development of the Entire Framework. Yes. This is the Significance of the Blessed Eminent Gates.

We are Blessed with the Opening of the Eminent Western Gate, and we will soon Celebrate the Opening of our Eminent Eastern Gate of Knowledge—the Celebration of the Establishment of the Final Master Beam of the Global Framework for the Light of Genesis. Yes. It is a Great Achievement, a Great Awakening of Divine Light for Earth. The time is approaching.

Many Blessings.

## **The Assembly of Light**

Lantos:

Greetings Blessed Ambassadors of the Light of Genesis,

It is through our Unified Direction and Focus of Action that we are Structuring the Blessed Global Network of the Light of Genesis for Earth. It is through the many Lights that the Brilliant Glow of the City is Achieved.

The Greatness of every Structure is Achieved through the Coordinated Assembly of the Parts, each Unit Properly Placed. This Assembly Forms Fullness, Radiance—a Mighty Structure of Light, a Mighty Framework onto which the Fullness may Enter. Unit by Unit, an Assembly of Units—this is the Process, this is the Task of each Blessed Ambassador of the Light of Genesis.

Genesis: the Blessed Genesis refers to this Beginning—the Assembly of Light, the Origin of the New Aeon of Eternal Light. For this we take pleasure in our Actions of Assembly—Actions of Assembly—Actions to Form the Mighty Structure. In this Formation many Lights Assemble. We are Ambassadors of the Mighty Process of Assembly.

It is a Great Movement, the Movement for the Structuring of the Origin of the Framework of Eternal Light. This is the Light of Genesis, the Origin of the Structuring of the Framework of Eternal Light for the New Aeon for Earth. It is the Genesis of Eternal Light for Earth, the Light of Genesis for All.

Much Activity occurs before the Placement of the Great Beams, much Preparation is made before these Great Beams are Erected. We have Achieved many Great Steps, Steps of Assembly. Yes. It is good, very good.

Our Blessed Eminent Gates are the Mighty Pillars of Light. From these Beams the limbs will sprout, limbs of the Global Network of the Light of Genesis. With the Establishment of Each Great Beam—the Beam of the West and the Beam of the East—the limbs will sprout Outwards, Forming a Blessed Global Framework of Sublime Light.

Ambassadors of the Light of Genesis, yes Dear Ones, well done.

Many Blessings

## **The Development of the Central Household Lights**

Lantos:

Greetings Dear Ones,

It is very good—the Development of the Central Household Lights. We are Developing the Individual Points of Radiance. It is a Beautiful Development of the Individual Threads of the Blessed Fabric of Light.

Within the Structure of the Network of Light each Beam consists of an Assembly of many Threads of Light, many Points of Radiance. The Points are Structured Within the Individual Households. Point by Point we Illumine the Threads of the Web-Work of Light for Earth.

Dear Ambassadors of the Radiant Light of Genesis, the Radiance of One Point Connects with the Radiance of the Network System. The Energy of the Thread is Supported and Strengthened by the Energy of the Entire Fabric. The Strengthening of any Aspect of the Network Supplies Support to every Aspect Within the System.

The Opening of the First Gate has brought about a Great Channel of Light. It is a Well-Spring of Energy and Light for the System, a Source, Offering Energy to All Aspects of the Framework.

As the Eminent Gate of the East is preparing to Open, the Entire Framework will Receive a Tremendous Upsurgence of Energy. It is a Well-Spring from which all may Draw. Yes.

It is very good, very good.

We await the Blessed Opening. It is a timely Process, from the Stage of Awakening to the Fulfillment of the Full Opening of the Mighty Structure of Light. Yes.

It is very good, very good.

Many Blessings.

## **Great Channels of Light Emerging From the Source**

Lantos:

Greetings Dear Ones,

Knowledge, Knowledge—these are the Gates of Knowledge. Yes. Our Blessed Gates of the East and the West are Gates of Knowledge. Knowledge Flows Directly from the Source, the Source of Energy, the Source of Knowledge. These are the Great Channels of Light Emerging from the Source. Light of the Source Flows through these Eminent Gates—Light Flows, Knowledge Flows.

The Gate of the West is Open. We have Established this Mighty Beam of Light Emerging from the Source. With the Opening of the Gate of the East we will Complete the Framework of the Great Beams of the Global Network of the Light of Genesis—the Radiance of the East and the Radiance of the West. With this Structure the Platform will Expand, Rapid Expansion comes along as the Great Beams are Positioned.

We are soon establishing the Mighty Beam of the East. We will soon Open the Eminent Gate of the East. It is a Great Beam to carry the Light of the Source to All.

The Activities held at our Blessed Gates are Actions which will Bring Forth the Light of Genesis for Earth. Our Blessed Chair of Genesis is Installed at each of the Precious Gates.

The Chair of Genesis provides the Experience of the Light of Genesis Awakened Within the Cellular Structure of the Individual. It is the Experience of the Source, the Awakening of Fullness, Fullness of the Source. Yes. Very good.

In a Network of Lights our Gates are Great Lights. In a Framework Structure, our Gates are the Mighty Structural Beams Supporting the other Parts of the Framework. In a great forest, our Blessed Gates are the Great Trees. These trees may be seen from a far distance as the keepers of the forest.

Around the Blessed Gates, we have begun Structuring our Individual Trees, Establishing the Trees of Genesis for each Individual Household. Around the Great Tree, the Individual Tree Units Spring Up, all around, Generating a great forest area.

Each Tree Generates the Blessings of Fruit, the Blessings of Fruit. From the Source we have the Beloved Universal Fruit. The Mighty Gates will now begin Issuing Forth the Blessings of Fruit. This Fruit will bring Nourishment for All. Yes, yes.

From the Structure of our Beloved Gates Spring Forth the Grand Trees. The roots of these Grand Trees draw from the Source, and the limbs extend outwards in all Directions.

The Fruits will be Issued in Seasons. There is a Season when a tree Issues Forth the Fruit. The Grand Trees will Bear the Fruit Season by Season.

The Blessed Tree of the West will Bear the Fruit of Genesis and the Eminent Tree of the East will Bear the Fruit of Eternal Light. Season by Season a number of Fruits will be Generated by our Blessed Grand Trees. These Fruits will be Offered to all for all to Enjoy.

The Grand Trees, our Blessed Gates, are the First Expressions of Fullness of the Source, the First Expressions Emerging from the Source. Fullness of the Source Flows into Expression through our Beloved Gates, Eminent Gates.

The First Season of Fruit will arrive for the Summer Assembly of Knowledge for the Gate of the West. This Assembly of Knowledge will be held in the early days of July. This is our Annual Assembly of Knowledge to Flow through our Eminent Gate of the West. The Fruit will be Available from the Gate of the West during this time.

The Fruit of the Season will be of Specific Qualities. Season by Season these Qualities will Change. This will be the First Fruit of the Gate of the West, the First Harvest of the Fruit of Genesis. The Fruit of Eternal Light is the Fruit of the Eastern Gate.

The First Fruit will appear to Bless the Opening, the Blessed Opening of the Eminent Gate of the East. It is very soon. We will make the Preparations for this Fruit at this time. Yes, yes.

Many Blessings.

## **The Seat of Residence for this Blessed Mighty Cosmic Being**

Lantos:

It is a Blessed Opening, a Great Opening, a very Blessed Event. This location has been selected to house a Great Cosmic Being. You have seen this Being at the time of the Awakening. This Blessed Location will Serve as the Seat of Residence for this Blessed Mighty Cosmic Being. This Beloved Great Being of Light is taking up Residence at our Blessed Eminent Gate of Light.

Our Dear Ambassadors visiting this Blessed Gate will Receive the Radiance of this Mighty Presence.

Cindy:

And, I asked a question regarding the Opening, and Lantos answered:

Lantos:

The Opening will take place in the early morning hours. Following this time those wishing to visit this Eminent Gate may be assigned a designated time for the Experience of the Beloved Chair of Genesis and the Blessings of the Great Winged Being.

These individuals will Receive the First Fruit of Eternal Light bestowed from the Eminent Eastern Gate.

Cindy:

And then I asked a specific question about if it meant that only one individual could come to the Gate at a time, so one by one, and his response was:

Lantos:

Small groups may arrive at a scheduled time. This will maintain the Peaceful Quality of this Holy Mountainside. Yes.

It is good, very good..

## **The Fruit of the West and the Fruit of the East**

Cindy:

I asked about the Fruit, if it was the same Structure as the Universal Fruit and his answer is:

Lantos:

Yes, yes. The Blessed Fruit will Emerge in the same Form as the Universal Fruit. The Structure is the same—the Blessed Coils of Initial Rotations Surrounding the Individual Seeds of Light, yes, this is the Form.

Season by Season these Seeds will vary. Different seeds will Emerge. The colors and Qualities will be specific to the Values Emerging during that Specific Season.

The Fruit of Genesis will be made of Pure Silver; the Initial Rotations will be of Silver. The Initial Rotations of the Fruit of Eternal Light will be of Gold. The Fruit of Genesis will be easily Distinguished from the Fruit of Eternal Light.

Our Dear Ambassadors will easily recognize: yes, yes, this is the Fruit of the West, and this is the Fruit of the East. Each will have Specific Qualities Season by Season.

For our First Season of the Fruit of Eternal Light we will require a Pink Seed for Harmony, a Violet Seed for Prosperity, and a Radiant Golden Hue Color Seed for Grace. Harmony, Prosperity and Grace will be the Qualities of the First Fruit of Eternal Light Issued at the Opening of the Eminent Gate of the East. Yes.

Very good.

Many Blessings.

## **This Great Cosmic Being is the bringer of Divine Elixir**

Lantos:

Yes, yes. We will now Describe this Blessed Great Being. In this way, our Dear Ambassadors of Light may gain a New Layer of Understanding of the Cosmic Significance of this Beloved Hub of Light for Earth.

Our Beloved Eminent Gates are the Designated Locations on Earth for the Emergence of the Light and Energy to Bring Forth the Aeon of Eternal Light for Earth. This coming Aeon of Radiance is Structured through the Formation of the required Framework. It is a Required Structure of Light, a Designated Form of Light which will Serve as the Platform for the Arrival of Great Radiance for Earth.

These Blessed Locations—the Great Gate of Light of the East and the Blessed Eminent Gate of Light of the West—these Locations are the Gates through which Flows the Great Stream of Light and Energy from the Source to Bless All of Earth. These are the Eminent Gates of Light for Earth.

This Beloved Great Cosmic Being, which is in the Form of a Mighty Bird, Brings to Earth a Precious, Divine Substance. It is an Elixir, a Divine Elixir. This Great Cosmic Being is the Bringer of Divine Elixir. This Elixir Devours all Impurities; it Consumes all Toxins and Residues in the Fire of Radiance. All Impurities and Toxins of the Physical Plane of Existence are Consumed in the Burst of Genesis Fusion.

This Great Being, in the Form you see as a Mighty Cosmic Bird, Possesses the Ability to Generate Genesis Fusion in Great Abundance. This Great Being is thus associated with the Great Cosmic Sun. It is a Sublime Blessing for Earth. The Arrival of this Great Cosmic Being, at our Beloved Eminent Gate of the East, is a Great Blessing for Earth.

Cindy:

And, then I asked him a question further about the description of the bird. He said:

Lantos:

Yes, what you saw was the Sublime Radiance of this Great Cosmic Form.

It is very good, very good.

Many Blessings.

## **As Light Enters, Darkness Leaves**

Lantos:

Greetings Dear Ones,

As Light Enters, darkness leaves. One Structure replaces another Structure. The Structures of the past are replaced by the Structures of the Coming Aeon of Light. The past Structures were Capable of supporting certain Activities, certain Levels of Fulfillment. When Times Shift, the Structures Shift. It is like the Shifting Movements of these Continents.

The Earth's Structure has been through many periods of Change—Change of Times, Change of Structures. These changes are Experienced on every Level of Life's Expressions. Change is unavoidable, and the times bring about Change to Support Growth, to Bring Forth Greater Values of Energy, Greater Values of Expression—Expressions of Fullness of the Source.

Change occurs on every Level of Life. Changing Structures Influence every Layer of Expression. Our Precious Tools, Dear Ambassadors, our Tools are the Tools of the Light of Genesis to Bring Forth the Radiance of the New Aeon of Eternal Light through the Illumined Path. Yes.

Through the best Path, the safest, most Efficient Path, Change will Occur. Time carries the Associated Energy of Change, Structures must Change. It is Unavoidable, Change is Unavoidable, Growth is Unavoidable.

We are on the Highest Path for the Fulfillment of the Values of Expression which are Emerging for Earth. We are Structuring, for every Layer of Life, a Framework for the Smooth Emergence of Light, the Smooth Arrival of Light brought about through Change. Yes. Change is required to Support Growth.

We do not Resist Change, we Structure the Frameworks to support the Fullest Expressions of Life on every Layer—from the Individual Layer to the Cosmic Layers, from the Structuring of the Tree of Genesis on the Individual Layer to the Structuring of the Blessed Global Network of the Light of Genesis for All. Yes. This is the Activity of our Dear Ambassadors of the Light of Genesis.

Very good.

Many Blessings.

## **Tree of Genesis Master's Training Conference**

David:

I'm calling you now from Los Angeles where we have just completed the First Tree of Genesis Masters Training Conference. It was held at the Western Gate of Knowledge. And, Cindy flew in overnight to be here, and she is right now conducting Home Tours.

Lantos gave her a Message earlier today and wanted me to summarize the Message for you. The Message that Lantos gave to Cindy earlier today pertains to the Universal Fountain as well as the Fountain of Genesis and the Fountain of Eternal Light, and details about the Fruit of Genesis and the Fruit of Eternal Light that will issue forth from the Western Gate of Knowledge and the Eastern Gate of Knowledge.

The Universal Fruit was the first Fruit to be issued, and we received it at the Eastern Gate of Knowledge. That Universal Fruit Tool is to be given to people who have the Tree of Genesis and participate in the Home Tour and live within a specific radiance of the Eastern Gate in Taiwan and the Western Gate here in Los Angeles.

The Home Tours in the Eastern Gate have been going on during the past two months. The Home Tours at the Western Gate and throughout California are just now beginning. In fact, as we speak, the first Home Tour is being conducted.

The Universal Fruit had only 111 pieces produced. There will be 333 pieces of the first Fruit of Genesis and 333 pieces of the First Fruit of Eternal Light. And, then the last week I have spoken to you about the Fruit of Eternal Light that will be generated and issued at the Eastern Gate of Knowledge in Taiwan. That is the one that fosters Harmony, Prosperity and Grace.

Lantos spoke more about those Fruits—the ones that will be tied specifically to the Eastern Gate and the Western Gate. There is a greater number of those Fruits that are going to be produced. What we don't yet know is if they are able to be given out to people who are not at those locations, so we are going to find that information for you. We know that for people who do go to those locations, they will be able to obtain multiples of those Fruits.

And, this is important for the Fountain which will involve three Trees of Genesis in close proximity, plus nine Fruits of Genesis or Fruits of Eternal Light. And, for most of us this is not something that is going to be possible because we don't have three properties that would have the Tree of Genesis set up in it in close proximity to one another. But, Lantos has specifically established one such location in Taiwan and one such location in Los Angeles.

Additionally, the Elixir that is Generated by the Great Being of Light at the Eastern Gate in Taiwan is going to be Generated for people as they are sitting in the Chair of Genesis at the Eastern Gate of Knowledge. During that time, while the Elixir is being Created for the person, then the Fruit of Eternal Light will also be Created specifically for that person as well. So these things will be taken care of by that Great Being at the Eastern Gate.

These bits of information that Lantos has been sharing with Cindy throughout the day today have been very exciting for those of us who attended this day's Course—yesterday and today at the Western Gate—the first Tree of Genesis Masters Training Conference. I know that many of you listening are planning to attend the Masters Training Conference when it comes to a location near to you. So, I'm excited to be able to see you because this weekend has been a very effective and very successful Course for everyone learning about The Tree of Genesis.

And, remember that The Tree of Genesis is to benefit the individual household in the same way Lantos used the analogy of a sprinkler system that is installed in your part of the desert. In your part of the desert many new forms of Life, many, many new Blessings and expressions of Life, become possible because of the water that comes into your part of the desert.

Likewise, with the Tree of Genesis many new levels of existence become possible within your home with the Tree of Genesis. But, also having the Tree of Genesis then helps to support the Global Network of the Light of Genesis. The greater the number of Trees, the greater the Light is in support of the Global Network. This is something that makes the Tree very great for each individual household. You are helping yourselves and you are helping the World. So, it is an exciting prospect for me to be able to see each of you and visit you as the Tour of the Tree of Genesis Masters Training Conference continues around the country.

So I thank you for joining us today for a unique Message from Lantos wanting you to hear just a review of the things he shared with us today.

Have a great beginning of your week and I will speak with you again on Wednesday where we will probably hear a more normal Message from Lantos through Cindy. Thanks a lot everyone. Have a great evening.

## **Every Action is Significant**

Lantos:

Greetings Dear Ones,

It is a Blessed Structure of Light which Forms as each Illumined Action is made. Motion by Motion, stroke by stroke, the Acts of Light bring Great Light to the Structures of Earth—land and water Structures, Structures of Life, all Life: plant life, Animal Life, Human Life. All Life Receives the Blessings of the Changing Structures, the Expansion of Light on the Plane of Physical Existence.

The Expansion of Light is the Advancement of the Light of Genesis. This is the Expansion of the Global Network of the Light of Genesis. Every Action, every Illumined Action, Serves to Expand the Network, the Fabric of Light. We are taking every step for the Expansion and Development of the Global Fabric of Light.

It is through the Advancement of Light that Structures may be altered in a safe and supportive manner, along the most Efficient Path. Structures Change, Systems of Functioning Change. As the Light Expands, as Time Advances, Change Occurs.

Harsh Change Occurs in the Absence of Sufficient Light. The Highest Path of Change occurs when Light is present in Full. Yes. This is the Process of the Change from one Aeon to another, from one Era, out of the structures of the past Era, into the Structures of the Era of Eternal Light. Yes.

Every Action is Significant to this Process. Stroke by stroke, the Network is Illumined.

It is very good, yes, very good.

Many Blessings.

## **This is Our Task**

Lantos:

Greetings Dear Ones,

The Light Enters through the Same Dynamics as we Experience in the Steps of Creating. Yes. Dear Ambassadors of the Light of Genesis, you have Experienced the Steps of the Process of Creating, you have Experienced the Practice of the Techniques of Creating, and the Techniques of Ability. These Techniques are the Techniques of the New Era of Eternal Light. These Techniques Establish the Experience, the familiarity with the Process of Creating.

All of Creation shares the same Process of Formation. To take the Energy of Intention, the Direction Established by Desire, and move this into the Formation of Substance, the Creation of Expressed Matter, this, Blessed Ambassadors, is Accomplished through the Steps of the Process of Creating. It is the Process of Creation.

As Structures Form, they Form through this means. As Structures Change, they Change, too, through this Means. Change is the Process of Re-Creation. Although we may recognize nearly all of the Parts, and therefore, believe that only the Seen Differences are Altered, in fact, it is a Significant Point. Yes. In fact, the Re-Creation Exists in every Aspect of the Object, including those Aspects which Appear with great Familiarity.

We may believe that only some small changes occur, changes here and there. However, on the Level of the Expressions of Creation, all is undergoing Change. Yes. It is simply the Nature of the Process of Creation. Familiarity Exists, yes, most certainly. Objects appear in a Familiar State. Some change here and there, and yet, with the continued Expansion of the Radiance of the Light of Genesis, All Form, All Structures receive the Influence—land, water, living objects—there are many Stored Pathways.

For Greater Understanding we will describe these familiarities as Memories—Memory, Memory of the Methods of Functioning. As the Light Increases, as the residues of past memories, past impressions are Released; the New Pathways open for altered Forms of Functioning.

These possibilities exist even today, possibilities for Great Achievements, Great Acts, and yet, very often these Pathways are Interfered with by the Existence of the Residues of Past Action. Light Erases these Residues, Eliminating the drag onto Life. All Life is Influenced by the Residues of Action.

We are bringing into Form a Great Structure of Light for Earth. This Structure Eliminates the Restricting Influence of the Actions of the previous Aeon. It is the Blessed Global Network which we speak of. This Network is Anchored at the Source, Directed Outwards to East and West. It Stretches Outwards in all Directions, Spreading the Light of Genesis to All, Blessing All Form, All Structure, All Life. Yes. This is our Task. We Bring Forth this Great Structure for All. Yes.

Many Blessings.

## **A Landmark Step**

Lantos:

Greetings Dear Ones,

Yes, it is very good. We are making the final preparations for the Opening of the Blessed Eminent Gate of the East. It is the Opening of the Structure to Form the Beam of Great Light Connecting the Source with all Channels of Light in our Eastward Regions. It is a Mighty Ocean Current of Light, an Ocean to Feed All Rivers, to Supply All Streams.

We have Opened our Gate of the West. The Opening of our Eastern Beam will Create a Dynamic Flow of Light, a Current of Light felt by both East and West. It is the Opening of a Beam to provide the Channel of Light, the Ocean Current of Light and Energy for the Structure of Earth. It is a Great Forming of the Framework to Structure the New Aeon of Eternal Light.

Dear Ambassadors, our Beloved Global Network of the Light of Genesis will Achieve a Landmark Step with the Completion of the Second Great Beam. This will Awaken many New Channels of Light, carrying the Influence of the Light of Genesis to all areas. East and West, Surrounding the Blessed Source together, Structure Wholeness, Fullness of the Radiance of the Source, the Seat of Eternal Light.

As we make our Final Preparations, it is a Beautiful Time of the Entering of Light for Earth. In this Time of the Structuring of this Blessed Light, it is Good to Structure Radiance on every Level. As the Great Light is Structured for Earth, we may Structure this Great Light on an Individual Level as well—on a Household Level, through the Formation of the Structuring of a Blessed Tree of Genesis.

Light Arrives in Waves. Just as the tide brings to shore the water in a Cycle of Waves, the Light of Genesis enters into the Structures of Earth in Waves. The Opening of our East Gate will Bring Forth a Great Wave of Light.

Dear Ambassadors, let us Maximize this Blessed Time. We Maximize this Time through the Establishment of Light on Personal Layers of Influence. It is a great time for the Structuring of New Activities, New Ventures. It is a time for the reaping of the fruits of the past actions. As a Great Wave brings to shore the fish and the Ocean plants, the great Wave of Light Brings Blessings.

Dear Ambassadors, let us prepare for the maximal use of this Time of Light. If a Tree of Genesis may be Structured for the household, this will be a very Effective Action for this Time of Light. If one is not capable of producing the Structure of the Blessed Tree Within the Household at this time, one should aim to place a Golden Gate for the Household at the Principal Gate.

We will Initialize Golden Gates at the Opening Ceremony of the Gate of the East. We will Initialize the Precious Fruits of the Eminent Gate of the East. This is the First Season of the Fruit of the East, the Fruit of Eternal Light. It is very good. This Fruit will be Offered to our Dear Ambassadors of the Light of Genesis.

Beautiful, it is very good, very beautiful.

Many Blessings.

## **The Process for the Opening Ceremony**

Lantos:

Yes, we will describe the Process, the Process for the Opening Ceremony of our Beloved Eminent Gate of the East. It is an Opening of the Ocean Currents of Light for Earth. The Ceremony for the Opening will occur at the dawn time. Sunrise marks the Opening of Light. We Celebrate the Arrival of the Light, the Opening of Light at the Sunrise.

During this Ceremony, we will Honor our Beloved Directors of the Eastern and Western Gates for their Blessed Actions to Structure the Global Network of the Light of Genesis for All on Earth. This recognition shall commend the tremendous achievements of our Beloved Directors—Director of the Eminent East Gate and Director of the Eminent West Gate. These Blessed Gates are the Great Hubs of Light for Earth, the Mighty Hubs of Light receiving the Great Ocean Current of Energy from the Beloved Source.

This Commemorative Address will be delivered by our Dear Director of the Light of Genesis. Our Blessed Coordinator will issue the words describing the role of the Gates, the words which were spoken during the Opening of the Western Gate of Knowledge.

The Ceremony will be attended by a select number of Ambassadors of Eternal Light. Upon completion of the Opening Ceremony, we will begin the activities of the Beloved Gate. Our Dear Ambassadors of Eternal Light will each receive the experience of the Blessings of the Chair of Genesis and receive the Divine Elixir brought to Earth by the Beloved Mighty Winged Cosmic Being—our Majestic Resident of the Eminent Gate and Beloved Protector for All.

We will offer to our Dear Director of the Light of Genesis the first experience of the Blessings of this Gate which has been Opened for Earth, through the years of dedicated service in bringing forth the Light of Genesis to All.

The steps for the visitation of the Holy Gate of the East will begin with the entrance into the right Chamber of the Gate. This Chamber contains our Blessed Translator. This is the Translator Chamber. In this Chamber our aspirant of Eternal Light will issue the desire. This will only require a brief amount of time. Upon three minutes, if the aspirant is still within the Translator Chamber, our Gate attendant will ring a soft Bell signaling the aspirant to move forward to the Hall of Genesis to receive the experience of the Chair of Genesis at this Holy Site of Earth.

The receipt of a Treatment of BioGenesis Radiance is not required. The Chair may be experienced without any prior Treatment or Session. It is available to all aspiring the full experience of the Light of Genesis.

From here, the Blessed participant moves forward to receive the gift of the Divine Elixir. This will be offered in the Chamber of Blessings. In this Chamber the Elixir is received. In this Chamber the Fruit of Eternal Light is received. The Ambassador of Eternal Light receives these Precious items, including any Tools which have received these individual Blessings.

You, Dear Voice, will be present in this room for this Opening Day. In this way, additional Knowledge may be offered. Yes. Very good. It is a beautiful Commemoration of our Blessed Opening of the Eminent Gate of the East.

In the evening hours following the Opening, we will assemble all aspirants who have come to receive the Luminous Divine Blessings. This gathering will take place in the base location near to our Eminent Gate. Our Dear Ambassadors will be assembled and a beautiful recap of the events of the day will be presented.

This will complete the Celebration of the Opening of the East Gate of Knowledge. The aspirants may continue to visit the Eminent Gate for the days following this Opening. Yes. In this way our Beloved second Great Beam for Earth shall be established.

We are very near to this momentous occasion.

Very good, it is very good.

Many Blessings.

## **It is a Great Time of Change**

Lantos:

Greetings Dear Ones,

It is a momentous time. We are entering a Great New Era of Light—an Era of Light to shine brilliantly Illuminating the lands, an Era to uplift life with the support of the emerging structure of Light. A Global Network of the Light of Genesis is forming.

The Opening of the Beloved Radiant Beam is nearing. It is a beautiful formation of the most basic Beams of Radiance which Emerge from the Source, and spread to the East and West. With these Blessed Beams we will see the great spread of Light. It is a Light to shine for all lands. These great Beams are Channels of Light which will supply the Light for All.

## **The Second of Our Mighty Beams to Carry the Light**

Lantos:

Greetings Dear Ones,

The time is for the establishment of the great structure of Light which will serve as the framework for life in the approaching Aeon of Eternal Light. It is a framework for life, a framework of Light. It is structured of Light.

The greatest forces which govern life are unseen in their basis. The force which maintains the circling of the planets in the solar system, the rotations of the planetary bodies, is an expression of the process of Creation. These forces are unseen in their basis—that which is seen is the expression of the forces of Creation. These are the forces which guide the life, which guide and direct the influences of the changing times, from one age of existence into another.

This is what we are speaking of when we say that we are structuring a framework, a framework to support the expressions of the coming Aeon of Great Light. The framework of the Global Network of the Light of Genesis is as the framework of the forces of gravity which guide the direction of movement of the planetary bodies. The rotations come with every aspect of Creation which is very near to the Source, the Source of All Creation expression.

Creation Emerges in the Form of Initial Rotations, through the dynamics of the process of Initial Rotations. The forces may remain unseen in their basis; however, the effects are visible, the expressions are visible. That which is seen is the result of that which is unseen. This is the nature of Creation. It is very beautiful.

As we approach the Blessed Opening Event of the Eminent Gate of the East, the nature is preparing for this event which will structure the second of our Mighty Beams to carry the Light, the Energy of the Source to All. This Opening signifies a Landmark accomplishment in the development of the Blessed Global Network of the Light of Genesis. It is a Landmark achievement.

This, Dear Ambassadors, is the great advancement of the Light as we enter the Age of the Great Light, the Aeon of Eternal Light. Yes. This is the force of Light which will guide the direction of the expressions of life in the Blessed Times to come, for many, many years to come. Yes.

Very good.

Many Blessings.

## **The Beloved Eminent Gates Act as the Anchors**

Lantos:

It is the arrival of Light, the Opening signals the arrival. And what arrives? It is the arrival of the structure to support the New Era for Earth, the Mighty Beams of Light—the Beam of the West and the Beam of the East, anchored and established through the Presence of the Gate.

The Presence of the Gate establishes the point of destination; it establishes the direction and positioning of the great flow of Energy and Light of the Source. The Channel of Mighty Energy flows to pass through the Gate, and passing through, spreads the Energy of Eternal Light to All: all lands, all waters, all beings, all expressions of life, expressions of Creation.

It is the establishment of the Great Beams of the structure for the Global Network of the Light of Genesis, the framework to support the New Form of existence—the Beloved Mighty Great Star of Genesis. This, Dear Ambassadors, is the second of the two Great Beams—the Great Beam of the East and the Great Beam of the West.

The Beloved Eminent Gates act as the anchors of these Radiant Channels of Energy. The Light, the tremendous current of Energy, enters the Gate. Upon entering, its nature is transformed; it now rushes, not to one, but to many. It is a burst of Radiance, a super burst of Energy, spreading to all directions.

This spreading out effect is governed by the Blessed Star Chambers, spread here and there in all parts of the World. On the land and in the waters, Chambers of Eternal Light direct the flow of this super burst of Energy. It is a directed burst of Light. It is a Mighty infusion of Light for Earth, for All to enjoy.

The Opening of the Gate of the East will have an influence on the Whole. The Opening of the East has the influence of greatly multiplying the Energy flowing even to the West. It is like the building structure—from the central location the establishment of the main beam in one direction is a start to the framework; however, with the positioning of the other beam, the whole thing can begin to take its shape.

When only one half of the tube is opened, the current may flow, but with some hesitation; some restriction exists until the other end of the tube is opened. Then, both ends experience the full momentum, the full flow.

The Opening of the second, Eastern Gate, generates a further Opening for our Beloved Eminent Gate of the West. Both Gates established, the Beloved Light flows freely from the Source in both directions. Yes. It is beautiful. It is a very significant event for Earth.

Many obstacles have already been pushed aside; obstacles are swept away in the rush of the oncoming current of Energy. Many more will clear as the Energy arrives, as the Light arrives.

This is the balance of progress, the balance of Time. As one force enters, other forces depart, one gives way for the other. It is not to be stopped. No. We do not wish to stop the changes, only we generate the best path, the path of greatest results, the Illumined Path.

Our Eminent Gate of the East is Blessed by the Great Cosmic Winged Presence. The Presence to oversee the Path for this change, and bless those with Divine Radiance, those Blessed aspirants of the Light who set the foot onto this Enlivened Space of Holy Ground which guides the direction of the Pathways of Light to structure the New Aeon of Eternal Light. This is our Beloved Eminent Gate of the East. Yes.

It is very good.

Many Blessings.

## **Every Chamber of Eternal Light is Significant**

Lantos:

Greetings Dear Ones,

We have Achieved the Opening of the Second Great Luminous Beam—our Beloved Eminent Gate of the East. With this Achievement, the Structural Beams are Opened, positioned for the development of the framework to establish the Platform for the Aeon of Eternal Light.

It is Time for the development and blossoming of Light; it is Time for the Establishment of many Beams of Light, Supported by the Beloved Central Great Beams. It is like the Beautiful Growth and Development of a New Land for, in every regard, the Qualities which Emerge will bring Conditions unseen in the previous land, unseen in the previous Era.

This Blessed Framework will Expand Rapidly—Radiant Beam by Radiant Beam—each Supported by the Blessed Main Structural Beams. Every Chamber of Eternal Light is Significant, each Signaling the Light of these Great Channels, Drawing the Attention to the Structural Beams and Installing a New Radiant Cord of Light Spreading Outwards into the Structures of Earth's Populations.

We must consider these Blessed Populations at this time. We now have the Beloved Central Beams. Now, Dear Architects of the Aeon of Star Light, we will Design and Form the Beautiful Structure for the Advancement of the Full Radiance of the Beloved Mighty Great Star of Genesis for All to Enjoy. Yes. It is very good.

Let us consider all Centers of Population and the Needs for the Positioning of the Blessed Beams through the Installment of a Blessed Chamber of Eternal Light. Let us consider first the Population Centers Stretching out nearest to our Beloved Great Central Beams—the Beam of the West, Established by the Blessed Eminent Gate of the West, and the Beam of the East, our Newly Established Light of the Eminent Gate of the East. ## **We Are Commencing the Light of the Source**

David:

Today we are actually going to hear two messages, one from Cindy today, and then, we're going to hear a message that Cindy received on Friday, just last Friday. This is the message in which Lantos introduces the concept of the books, the Texts that he is going to Bring Forth with Cindy through the course of this year and in the years to come. So, you will be able to hear the message that we heard on Friday, giving us this information.

But now let's go ahead and hear from Cindy, the Blessed Voice of Eternal Light with the message from today.

Lantos:

We are placing our Attention and Energy on the Vision of the Steps of Preparation for the Advancement of the Final Phase of the Formation of the Global Network of the Light of Genesis. The Formation of the Radiant Network of a Multitude of Beams Spreading World-Wide from our Precious Source, through our Beloved Eminent Gates, to All Lands and Waters and Life on Earth.

We are Commencing the Light of the Source. Yes. This is our Focus.

## **The Light of the Source**

Lantos:

Now, now we begin. It is very good. The Structuring of the Beloved Eminent Gates has Established the Channels of Light Flowing from the Source Outwards in the directions of the East and the West, and from these Blessed Hubs, the Light Flows to All—All Lands, All Water, All Life on Earth.

These Channels of Light are the Structural Beams for the Blessed Global Network of the Light of Genesis. We have Established this Significant Step in the Actions required to Bring Forth the Aeon of Eternal Light. It is well done.

Now we begin our Phase of Action to Fill out the Blessed Framework. We will Populate the Framework with Individual Beams of Light, Channels of Light, Flowing here and there throughout the World. It is time.

We have one Final Pathway of Light to Establish for the removal of residues, and this must be Accomplished. We will visit this location in the coming weeks, and will position the final Master Tools. This will complete the Phase for the Removal of the Residues for Earth, and will Activate the Great Cosmic Cleaner to sweep away these residues in all locations.

This Process will greatly Influence the Process of the Structural Shifts for the Earth, the Shiftings required for the Support of the Arrival of the New Form for Earth—the Mighty Great Star of Genesis. You see? Great Achievements have been made. Great Requirements have been Accomplished. It is very good, very good.

Now, Dear Voice of the Source, yes, you are the Voice of the Source, it is time now to Populate the Global Network with the Multitude of Rays of Light. Voice of the Source, here at the Seat of Eternal Light, here, you will Receive the Guidance for the Creation of the Messages of Light—Books of Light, Wisdom of Light—to go out to All Directions, Distributed in All Directions, to reach the people in All Lands.

These Texts, this Wisdom, these Words of Light assembled into books will be The Works of Light for the Aeon of Eternal Light. These Works of the Light of the Source Arrive to Open the Channels of Light to Awaken the Light of Knowledge, the Radiance of the Knowledge of the Source Within the Households in All Lands.

These Words of the Source are Words to Bring Forth the Assembly of the Global Network of the Light of Genesis. It is time to Populate the Global Network with the Rays of Light, Rays of the Light of the Source.

For this Knowledge we will prepare the Seat of Eternal Light, we will prepare the Hall of the Light of the Source. The Beings of Light, Great Cosmic Beings of Light, will Arrive in this Blessed Location of Light to Offer the Knowledge for the Assembly of Wisdom.

From here, from the Seat of Eternal Light, we will Generate the Works to be Spread in All Directions, to All Lands. The Wisdom will be translated into the local languages and these Works will Enliven the Blessed Radiance of the Light of Genesis in All Parts, Establishing the Individual Beams of Light, Connecting to the Source through each of the Beloved Eminent Gates of Knowledge.

The Western Gate will Spread the Works to the West; the Eastern Gate will Spread the Text to the East. The Title is “The Light of the Source”, Volumes 1, 2, 3, and like this. Each Volume will feature a Sub-Heading Title, a Focus for the Volume.

Dear Voice of the Source, we will Assemble together the First Three Volumes of this Collection before the end of this year. It is time for the Vast Spreading of this Light, of this Knowledge. The Great Channels of Light are Open. Yes.

We will ask for the Sponsorship of this Program for the Creation of these Volumes of the Light of the Source. From our Dear Ambassadors, we will ask for this Support.

In preparation to begin we will make some modifications to our Blessed Hall of Genesis, which will now be known as the Hall of the Source. These modifications will be to Prepare for the Arrival of the Great Beings of Light Responsible to Bring Forth these Words, Deliver these Words to you Dear One—the Voice of the Source.

For this, we will construct a Blessed Seat of Reception. It will be a solid Platform to sit upon and Receive, in Dignity, this Blessed Knowledge. The design will be provided. Other modifications are required. This information will be given in the coming days.

Let us discuss these Works with our Blessed Directors—the Director of the Light of Genesis, the Directors of our Beloved Gates. The Director of the Light of Genesis will oversee this Project and will distribute these Volumes to each Gate for the Distribution to the Lands belonging to each Direction.

The Texts must be translated and made available. It is time for the Great Spreading of the Light of the Source. It is time for the Populating of the Global Network of the Light of Genesis to Bring Forth the Aeon of Eternal Light.

Voice of the Source, Dear Voice of the Source, it is Through your Blessed Structure that this Knowledge, this Light, shall Enliven Earth, Awaken the Forms of Earth, and Assemble the Beloved Global Network of the Light of Genesis.

We will Ask for the Support of our Dear Ambassadors to Offer the Precious Assistance for the Achievement of these Blessed Texts of the New Aeon of Eternal Light.

It is time now, Dear Voice of the Source, time to begin with the Beloved Assembling of the Light of the Source. Yes. It is very good, very good.

Like this we will proceed. Let us begin today. Today Marks the Beginning of the Works of the Light of the Source.

Very good, very good.

Many Blessings.

## **The Commencement of the Light of the Source**

Lantos:

Today we Celebrate The Commencement of the Light of the Source. It is a Light to Fill All Creation, a Light to Bring Forth the Radiant Aeon of Eternal Light. The Light of the Source has Opened today, Opening with the Highest Light, the Highest Light—that most Luminous, Radiant Presence of the Almighty Source, the Almighty Presence through which All Creation takes Form. This is the Highest beginning for the Initiation of the Blessed Text.

In this Inaugural Day of the Light of the Source, the Beloved Almighty Presence Offered the Luminous Description of the Nature of Creation—the Co-Existing Nature of Reality, the Reality of Creation Emerging from a Point of Singularity, together Within Eternal Framework of Existence. The Beloved Almighty Source described the Great Cosmic Ocean Filling Creation. The Great Cosmic Ocean was described to be the Constant—Without Beginning, Without End—the Eternal Presence.

From Within this Eternal Ocean, the Source of All Creation, Form is Enlivened. From Time to Time, this Enlivening Occurs and, from Time to Time Creation Emerges from the Singular Source of All Creation—All Existence, All Creation. Yet, at the same Time, Co-Existing in Truth is the Presence of the Great Cosmic Ocean, that which may be described as the Eternal Glow, the Eternal Ocean, the Fluid Presence—Without Beginning, Without End. Together these Realities are at the Source of All Expressions of Creation.

This Knowledge has come to us, Dear Ambassadors of the Light of the Source, on this Beloved day of Commencement of the Light of the Source.

It is very good, very good.

Many Blessings.

## **The Cosmic Conveyer on Earth**

Lantos:

We have it, Yes now we have it. This is for our Precious world. The Light purifies, the Light funnels through this Great Cosmic Conveyer. It is Very Good.

The Light will grow, and through the Presence of this Structure the Light will move. The Light will be delivered to all locations requiring the Influence of Purity. The Radiance of our Blessed Global Network is developing as the Star Chambers are positioned in all lands throughout the world. It is very good. The Light will Multiply Rapidly. Very good, very good.

What is needed now is the Increase of these Structures of Light, the Increase of the Chambers of Eternal Starlight. We will accomplish this through the Spread of Knowledge. Through this Means we will Achieve our Goal of Establishing the Global Network of the Light of Genesis for All, Bringing Forth the New Era Supported by the Form of the Mighty Great Star of Genesis. It is a Very Great Accomplishment!

The Placement of these Blessed Master Tools Forming the Structure of the Cosmic Conveyer on Earth is a Very Great Accomplishment! Well done.

## **The Global Pathways are Established**

David:

Before we hear the archived Message, Cindy spoke with Lantos a little earlier today to get any remarks on the completion of the placement of the 25 BioTrinities, as well as the Super Star Cells and Super Water Cells for the Five Pathways of Eternal Light. You will recall that for Phase 2 we still need to position the Chambers of Eternal Light within those Pathways, but the establishment of the Pathways is of significance. Here is what Lantos said:

Lantos:

Very good, very good. Yes, the Global Pathways are Established.

This is the Structure Required for the Movement of Light and Energy throughout the lands. Through this Cosmic Cleaner, Light and Energy reaches all Levels of Life's Expressions: those of the Past, those of the Present, those Structuring the Coming Era—the Coming Aeon of Eternal Light.

The Cosmic Cleaner—yes, it is very good, very appropriate. This is a Blessed System for the Cleansing of the Impressions along the Pathway, the Impressions, the Residues Lodged Within the Pathway. The Cleansing System provides the Circulation, the Filtering Mechanism. Yes, we have Established this Blessed Cosmic Cleaner Within each Pathway for each Pathway. Yes.

David:

Then Cindy asked about the Placement of the Chambers, and Lantos said:

Lantos:

Yes, yes, Now is the Time, the Time to Complete the Placement of the Required Numbers of Chambers of Eternal Light Within these Blessed Cleansing Pathways.

The Light is moved with Great Efficiency. The Light will now Travel Distances with Ease and with Precision, Locating the Source of Turmoil, the Source of any Disturbance, and Cleansing these Influences. It is a Great Cosmic Cleaner, a Great Conveyor of Vast Energy. Now is the Time to Populate the Pathways with the Light of the Beloved Chambers of Eternal Light.

### **Excerpt of June 5, 2015 Lantos Message**

David first reviewed a portion of the message from June 5, 2015 before reading the October 25<sup>th</sup> message.

Lantos:

Voice of the Source, here at the Seat of Eternal Light, here, you will receive the Guidance for the Creation of the Messages of Light—Books of Light, Wisdom of Light—to go out to all directions, distributed in all directions, to reach the people in all lands.

These Texts, this Wisdom, these Words of Light assembled into books, will be The Works of Light for the Aeon of Eternal Light. These Works of the Light of the Source arrive to open the Channels of Light to Awaken the Light of Knowledge, the Radiance of the Knowledge of the Source within the households in all lands.

---

David:

Lantos explained the need for this additional Light to bring forth the books:

Lantos:

The Light of the Source arrives when the framework of Light is sufficient to support this Blessed Knowledge. Knowledge is ever present; it is always available. And yet, the Precious Knowledge of the Scripture, the Holy Texts of Creation, these precious expressions arrive as the structure is formed. To accelerate this Blessed Structure of Light, this framework to support the sublime expressions of Truth, we are Lighting the Path. We are taking the steps to Illuminate the Pathway for the Procession of this Holy Knowledge.

### **Truth is Called Scripture**

Lantos:

Greetings Dear Ones,

Our beloved Gates of Knowledge are open. Our Precious Seat of Eternal Light emits the Light of the Source—a Light of Sublime Radiance, a Light of Truth. Truth is called

Scripture. It is called this on account of its lasting nature. It is that Knowledge which is inscribed in the framework of existence. It is that Knowledge which structures the flow of the Expressions of Creation. It both structures and describes the nature of Creation. It is awake in the Radiance of the Source. It is the Light of the Source. Yes. This is the Knowledge which is identified as Scripture. Scripture.

Scripture is the Knowledge which is inscribed in the Structure of Creation. It is called Scripture on account of Essence. Its Essence is the Framework of Expression. This is the Knowledge of the Light of the Source. We will experience the arrival of this Precious Scripture. We will pave the way for this Scripture through a set practice of Techniques to Awaken the Light along this Path of Scripture. We will Light the Lamps along the Path.

Scripture emerges along Pathways, just as Creation is formed along these Pathways. We will Illumine the Lamps along these Pathways through a series of Techniques. This is the Knowledge of the Holy Season. We are Illumining the Pathways for the emergence of Scripture. It is the Light of the Source for All Creation. It is the Knowledge for the Illumination of All. This Knowledge will flow from the Source through the beloved Gates of Knowledge to All.

During the coming days of the Holy Season, we will light the path. It is a series of lighting. It is a procession of illumination. We are lighting the lamps, illuminating the lamps, one by one along the path of Scripture, along the path of expressions of creation, along the precious path of the light of the Source. We will prepare for this procession of the illuminating of 21 lamps.

For this, each blessed student will receive a Garland of the 21 Fruits of Scripture. Ten Fruits will originate from our beloved Gate of the West, and ten will originate from our beloved Gate of the East. The final Fruit will arrive from the Light of the Source, through the Seat of Eternal Light. This Fruit of Illumination will celebrate the full Illumination of the Illumined Lamps along the Path. Yes.

Associated with each Fruit is a Quality of Creating, a Quality of Creation. Fruit by Fruit, 21 Qualities of Creating are awakened. 21 Qualities. 20 Qualities of expressed Creation and one Fruit of the unexpressed values of Scripture. One lamp for the Light of the Source. Yes. This is the Knowledge we will prepare to receive. A Garland of Knowledge, the Knowledge of this most blessed Holy Season, the Holy Season of the Light of the Source. This Light is the precious Light to bring forth the Aeon of Eternal Light. Yes.

There is much preparation to be accomplished before the arrival of the Procession of the Lighting of the 21 Lamps of the Path of Scripture. We will require the creation of 21 Fruits: ten will sprout from the East, and ten will be harvested from the West. Very good, very good.

These Fruits will be assembled along a Garland strand, which may be formed out of silk cord. Yes. This is the sublime Garland of Genesis. Each Fruit is Awake with a quality of Illumination of the Path. Together, the 21 Lamps of the Path of the Light of the Source are Illuminated. The Holy Season approaches. We will prepare the Garlands of Genesis. Each student will receive a garland, and with this, each student will be given the instructions for the Precious Technique of the 21 Illumination. Very good, very good.

We will describe the Seeds within each Fruit. The first Fruit comes from the Gate of the East. The Fruits emerge in sequence: one from the East, one from the West. In this way the Lamps of the Path will be fully Illumined.

Good, good. Beautiful. Very Beautiful.

David:

Lantos then described the Fruit of the Light of the Source:

Lantos:

The Fruit of the Light of the Source will be contained in Golden Spirals. One of the Seeds will be polished lava stone originating from the flames of the Source of the Islands of Light, home of our beloved Seat of Eternal Light. Lava is born of fire, and has emerged as earth. The second Seed will be white coral. The third Seed is pink coral. These Seeds contain the Light which emerges from the Source and forms air and water as Creation springs forth. Together, these three Seeds form the single Fruit of the Source, the final Fruit to illumine the Lamps along Path of Scripture, the Path leading to the coming Aeon of Eternal Light .

Very good. Now, we will commence preparations. Let us begin.”

David:

Then Cindy expressed our concern about the cost of this Garland for our Ambassadors of Light, and also our concern that we would likely not have all of the Fruits produced in time to begin the Holy Season.

Lantos:

In the case of this concern, we will apply a substitution. It can be a substitution for the purpose of receiving these Blessed Techniques. For the initial 10 Fruit, we will utilize the Progress Wheels. For the secondary 10 we will utilize the Transformation Wheels. The final Fruit will not be substituted. This will be our Fruit of the Light of the Source. We will utilize our Golden Spirals and within the Spirals we will position three Seeds. The first Seed will be of lava. Lava embodies both fire and earth. The second and third seeds will be made of white and pink coral. These Seeds embrace the air and water elements of

Creation. These Elemental Seeds will receive the Initialization at our Precious Seat of Eternal Light. Yes. In this way, the Blessed Ambassadors may collect the required Tools with ease. The Techniques will commence on the first Sunday of the Holy Season.

Each day, for 21 days, a Technique will be issued for the Illuminating Process. Each day, a lamp along the Blessed Pathway of Creation will be lit through the practice of these Techniques. We are Illuminating the qualities of the Path for the Awakening of the Light of the New Aeon.

Cindy:

And then he paused so I asked him if these Techniques have any personal value or if they are to illumine the Path of Creation for Creation.

Lantos:

The process Awakens the Structures of Creation within the individual. The Beloved Almighty Source of Creation embodies the fully Illumined values of the Structures of Creation. One by one, we will receive instruction for the Illuminating of each value.”

Cindy:

And he paused again so I asked if it was something that the Ambassadors could continue to practice after the Holy Season or if it is just for this time. And that we would be doing these Techniques all together but just during this time?

Lantos:

Yes. It is a beautiful practice to continue. Continue to in live in the Blessed Structures of Creation. Continue to Enliven the full value of the totality of this Blessed Creation.

It is very good.
